FOREWORD

The Year Book of Christian Churches (Disciples of Christ) is published by the International Convention of Christian Churches (Disciples of Christ) under authority granted by the convention's 1958 assembly.

A profile of the brotherhood of Christian Churches is presented in the Year Book. Statistical data about congregations, reports from agencies, resolutions brought before the International Convention's annual assembly, a directory of ministers and summaries that reflect the corporate health of the brotherhood—these are the contents that make the Year Book the most complete single source for facts about the Disciples of Christ.

The 1961 edition contains new reports and incorporates changes that are expected to improve its usefulness. Among the additions to the Statistical Reports are lists of contributions by Christian Churches to local and state councils of churches and to many of the city organizations of the brotherhood. Another addition is a directory of students from Christian Churches preparing for church vocations. An important change in the Ministers' Directory is the application of a comprehensive set of classification symbols to designate the field of service of each person listed.

Production of the Year Book actually is a cooperative enterprise of congregations, brotherhood organizations and schools and the International Convention office. The International Convention is particularly indebted to the state, area and provincial organizations that assist in the compiling of data for various directories as well as the Statistical Reports. Significant credit, therefore, is given to many who participate in this production task.

Resolution No. 31 of the International Convention's 1958 assembly specifies that the policy guiding the Year Book should be "open and inviting" to enable "responsible congregations and ministers to enter its pages and difficult for their places to be vacated." The resolution stresses, however, that this policy must "be matched by a sense of responsibility on the part of ministers and congregations."

The agencies and organizations that report through the Year Book participate in underwriting the cost of its publication. The price of the volume is kept low to encourage its use.

Reports and data in this edition are, for the most part, based on the fiscal year, July 1, 1960 to June 30, 1961. Information available on December 1, 1961, was used in bringing the Ministers' Directory up-to-date.

Year Book Publication Committee

The Year Book Publication Committee is a 15-member committee representative of the interests of congregations, state and national agencies and other groups reporting to the Christian Churches (Disciples of Christ) through the Year Book. Elected by the Board of Directors of the International Convention of Christian Churches (Disciples of Christ), the committee formulates and recommends policies to the Board of Directors and gives guidance to the editor of the Year Book.

Resolution No. 31 of the 1958 assembly of the International Convention, which makes the convention responsible for publication of the Year Book, stipulates the size, composition and duties of the Year Book Publication Committee. It also specifies that major policy changes will be subject to the action of the annual assembly.

Committee members and their alternates, one-third elected annually, serve three-year terms.

The following persons served during the year in which the 1961 edition of the Year Book was compiled:

HISTORY AND PURPOSE

The International Convention of Christian Churches (Disciples of Christ) is the outgrowth of our first General Convention held in Cincinnati, Ohio, October, 1849. The present organization of the International Convention (serving churches in United States and Canada) dates to 1917. The Convention office with a full-time staff was opened on October 1, 1946. The incorporation of the Convention was approved at the Cincinnati Assembly in October, 1949.

The Convention office coordinates the commissions and committees appointed each year at the International Convention Assembly and compiles the annual Year Book of Disciples of Christ. Its major task is to efficiently organize and present the annual International Convention Assembly. The office regularly contacts all railroads, airlines and bus companies concerning the transportation problems of our Brotherhood.

The Convention, through its Office of Interpretation, attempts to provide a united front for the Disciples of Christ to the secular news services. Regular news releases regarding the activities of our various national agencies go out to the major newspapers, radio and television stations. The Department is also developing a training program in public relations for our churches. Press service is provided at each Annual Assembly to report the program and business actions taken.

The Preamble to the present Constitution states clearly the purposes of the International Convention and its relationship to the local churches and to member service agencies.

> "Whereas, There is a widespread feeling among Disciples of Christ that a closer cooperation among their various missionary, educational, benevolent and other agencies, and a more general fellowship in their common efforts for the extension of the Kingdom of God in the world would result in greater efficiency;
>
> "Therefore, We, members of Churches of Disciples of Christ in convention assembled, reaffirming our steadfast adherence to the independence and autonomy of the local churches and disavowing any control over our congregations or missionary, educational, and benevolent agencies other than that which is advisory, and inviting the fellowship of all brethren in the accomplishment of these ends, do hereby adopt the following: . . ."

REPORT OF THE EXECUTIVE SECRETARY

July 1, 1960, to June 30, 1961

The Board of Directors held its annual meeting in Indianapolis, February 7-8, 1961, with President Perry E. Gresham presiding. The Board gave attention to the continuing program of the Convention, reviewed the service and financial activities of the staff; confirmed committee appointments and received reports from committees, both standing and special. Appointment was made of the 18 member Central Committee of the Commission on Brotherhood Restructure with Granville T. Walker as Chairman. Following the directive of the Louisville Assembly, various categories of membership on the Commission were approved and plans were initiated for activating the Commission on Brotherhood Restructure. The first meeting of the Central Committee was held in Indianapolis, June 27-28, 1961.

An operating budget for the year 1961-1962 totaling $118,147.80 was approved by the Finance Committee and submitted to the Board of Directors. This budget excludes the publication of the Year Book, which is now handled as an accommodation account, underwritten by agencies and the International Convention.

Financial Support

Receipts from Unified Promotion for the year closing June 30, 1961, totaled $108,869.27. Total receipts from all sources were $117,475.39. This was our first year as a participating member of Unified Promotion. Relationships established in Unified Promotion have been most satisfactory. The Commission on Brotherhood Finance has allocated $123,075.00 for the year beginning July 1, 1961.

The Louisville Assembly

The 111th Annual Assembly of the International Convention of Christian Churches (Disciples of Christ) was held in Louisville, Kentucky, October 21-26, 1960. Registrations totaled 10,191. Loren E. Lair, who served as President, gave sacrificial leadership during the months preparatory to the Assembly at Louisville. Significant actions taken in the Business Sessions are reported in the 1960 Year Book. The Disciples of Christ in the Louisville area and Kentucky are to be commended for their complete cooperation in the holding of this Assembly. Special recognition goes to Lively M. Wilson and Kent McElwain, co-chairmen, and the many committees who worked under their direction. Leslie R. Smith served as Chairman of the Program Committee with efficiency and distinction. One of the outstanding features at Louisville was the 40th Anniversary of The United Christian Missionary Society, with a luncheon attended by more than 5,000. Due to the illness of our President, Robert E. Jarman of Richmond, Virginia, First Vice-President, presided over sessions.

Personal Services

The Executive Secretary serves as administrator for activities authorized by the Assembly and the Board of Directors. He is assisted by a competent staff. Your Secretary serves as secretary to the Commission on Budgets and Promotional Relationships, the Committee on Recommendations, the Program Committee of the Annual Assembly and to all other special and standing committees. He works closely with various Board

committees and commissions of the Brotherhood. He serves on the General Board of the National Council of Churches of Christ in the USA, and in many other ecumenical capacities.

Local Churches Visited

Indianapolis, Indiana, Arlington Heights; Liberal, Kansas; Wooster, Ohio; Worcester, Massachusetts; New York, Park Avenue; Sidney, Ohio; Stillwater, Oklahoma; Palo Alto, California; Jefferson, Iowa; Springfield, Missouri, South Street; Indianapolis, Indiana, Central; Marion, Indiana, First; Lakewood, Ohio; Columbus, Ohio, First Community Church; Columbus, Ohio, Chicago Avenue; Flora, Indiana; Richmond, Virginia, Battery Park; Eureka, Illinois.

The Convention Office

The Convention office is located at 221 Ohmer Avenue, using the address, P. O. Box 19136, Indianapolis 19, Indiana. The entire first floor of the new wing of Missions Building provides adequate space for the many activities carried on a year-round basis. These include preparation for the Annual Assembly, keeping the archives for Convention records, publication of the Year Book, an Office of Interpretation, transportation service, the holding of conferences and committees related to Convention activities.

One of the rewarding features in our new location is that we receive many visitors throughout the year whose interest in our Brotherhood work is expressed through pilgrimages to Missions Building. We are glad to be included among the offices visited.

During the year three new members have been added to the staff: Howard E. Dentler, Assistant to the Executive Secretary; Jimmy Suggs, Director of the Office of Interpretation; Stella M. Brown, Director of Radio-Television.

Convention Relationships

The total life of the Christian Churches (Disciples of Christ) comes to focus in the International Convention. 8,000 congregations with nearly 2 million members are free to express themselves through fellowship, deliberation and action. The Convention is larger and more inclusive than any individual or theological point of view. The Convention seeks to demonstrate both fellowship and responsibility. The Constitution and By-Laws disavows any control over congregations, missionary, educational and benevolent agencies other than that which is advisory. The fellowship of all of our brethren in the accomplishment of greater efficiency and more general fellowship is invited.

The Assembly is composed of those members of the Christian Churches who register and attend. Reports from 16 national member agencies are received and resolutions thereon are adopted. One of these, Brazil Christian Mission, withdrew membership during the year.

CERTIFICATE OF AUDITORS

July 26, 1961

Board of Directors,
International Convention of Christian Churches
(Disciples of Christ),
Indianapolis, Indiana.

Gentlemen:

We have examined the cash records of International Convention of Christian Churches (Disciples of Christ) for the year ended June 30, 1961. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements present fairly the assets and liabilities of International Convention of Christian Churches (Disciples of Christ) at June 30, 1961, arising from cash transactions, and income collected and expenses disbursed by it for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The deficit in the year book fund represents only a temporary deficit which will be included as part of the costs of the 1961 year book when its net cost is assessed to the participating organizations after issuance.

Yours very truly,

Geo. S. Olive & Co.
Certified Public Accountants

ACTIONS TAKEN DURING BUSINESS SESSIONS OF THE ASSEMBLY OF THE INTERNATIONAL CONVENTION OF CHRISTIAN CHURCHES (DISCIPLES OF CHRIST) HELD IN KANSAS CITY, MISSOURI, SEPTEMBER 29-OCTOBER 4, 1961

The 112th Annual Assembly of the International Convention of Christian Churches (Disciples of Christ) was called to order Friday evening, September 29, 1961, at the Municipal Auditorium, Kansas City, Missouri, by President Perry Epler Gresham.

Executive Secretary, Gaines M. Cook, presented reports and resolutions for consideration by the Convention Assembly which had been filed prior to August 29, 1961.

Professor and Mrs. William Arthur from Glasgow, Scotland, were presented as Fraternal Delegates from the Churches of Christ in Great Britain and Ireland.

Vice President Robert G. Storey presented Dr. Perry Epler Gresham, President, who delivered the annual presidential address using the subject, "Spire and Tower."

Harry V. Atkins of Dufur, Oregon, was recognized as the rural minister of the year. Walter F. MacGowan recognized retiring chaplains through the presentation of plaques.

On Saturday, September 30, the 75th anniversary luncheon of the National Benevolent Association was held. The evening session on Monday, October 2, featured a 75th anniversary processional and historical statement, together with an address by the Hon. Matthew E. Welsh, Governor of Indiana, in recognition of the 75th anniversary of NBA. 1961 also marked the 20th anniversary of the founding of the Disciples of Christ Historical Society.

A Memorial Dinner was held at the Independence Boulevard Christian Church, Kansas City, Saturday night, September 30, honoring the late R. A. Long, member of this congregation, former President of the International Convention, and benefactor to many missionary, educational and institutional causes of the Disciples of Christ. A

plaque honoring Mr. Long was presented to his daughters, who in turn authorized its installation in the Independence Boulevard Church sanctuary.

Fraternal greetings were received from Australian Churches through a communication from Stanton H. Wilson, General Secretary; also from the Mayor of St. John, New Brunswick, Canada.

Prominent personalities appearing on the program in addition to Governor Welsh, were the Hon. Evlis Stahr, Secretary of the Army (Disciple), J. Irwin Miller, President of the National Council of the Churches of Christ in the USA (Disciple), the Hon. R. S. Garfield Todd, former Prime Minister of South Rhodesia (Disciple), Robert G. Storey, former president of the American Bar Association (Disciple).

REPORT OF THE TIME AND PLACE COMMITTEE

The Committee on Time and Place met Monday morning, October 2. An invitation to hold the 1966 Assembly in Pittsburgh was received.

After due consideration the Committee recommends that the 1961 Assembly receive the invitation from Pittsburgh for consideration and postpone a final decision on the time and place for the 1966 Assembly until this Committee meets in Los Angeles, October, 1962.

Meanwhile the Committee recommends that this Assembly convey our appreciation to our churches in Pittsburgh for their invitation, and that we explain our delay because it might seem advisable to go to some more central location immediately following Detroit in 1964. However, we assure our interest in Pittsburgh, and hope that a decision can be made in Los Angeles which will not postpone a meeting in Pittsburgh indefinitely.

VOTED approval by the Kansas City Convention Assembly of the above recommendation.

Note: Future scheduled Convention dates and places are as follows:

Los Angeles	September 30—October 4, 1962
Miami Beach	October 11-16, 1963
Detroit	October 2-7, 1964

Report No. 30

Concerning Brotherhood Restructure

A Report of the Board of Directors of the International Convention

Pursuant to action by the Louisville Assembly of the International Convention approving the report of the Committee on Brotherhood Structure, the Board of Directors at their meeting February 7-8, 1961, appointed a Central Committee with the following membership: Granville T. Walker, Spencer P. Austin, W. B. Blakemore, A. Dale Fiers, Clarence E. Lemmon, James A. Moak, Waymon Parsons, Mrs. Russell C. Putnam, Mrs. Forrest L. Richeson, Lester B. Rickman, John Rogers, Harlie L. Smith, Joseph M. Smith, Orville M. Wake, W. A. Welsh, Willard M. Wickizer, John McGinty, Earl H. Van Doren.

This committee under the chairmanship of Granville T. Walker, met in Indianapolis, June 27-28, 1961. Following the instructions of the Board of Directors, the Central Committee has been organized and is in process of preparing nominations for election by the Board of Directors for the 120 member Commission which will probably meet in the fall of 1962.

In the meantime, the Central Committee has scheduled at least two meetings (January and June, 1962) at which time consideration will be given to the following:

1—Preparation of a statement outlining the present structure of our Brotherhood life, local, state and national.
2—An evaluation of the present structure.
3—A study of areas where our present structure might be improved or better coordinated.
4—A re-study of the nature of the church.
5—Proposals for new structure in light of the above factors.

The Central Committee, after two days of discussion, became increasingly aware of the magnitude of the task and expressed themselves as ready to move with both dispatch and thoroughness.

One of the major tasks before the Central Committee and Board of Directors is the selection of representative members of the total Commission. Each state has been asked to submit the names of four persons (two ministers, one lay man and one lay woman) from whom the Central Committee will nominate at least one person at the earliest possible time to be elected by the Board of Directors. Other members of the Commission will be selected from persons having unusual competence in the fields of theology, administration, churchmanship and a wide knowledge of the Brotherhood.

Dr. Granville T. Walker of Fort Worth, Texas, has been elected chairman of both the Commission and Central Committee; lacking funds to employ a full-time administrative secretary, Dr. George Earle Owen has been appointed for the time being as administrative secretary. The Commission will be financed by the International Convention with funds secured through a special allocation from Unified Promotion, appropriations from non-Unified Promotion causes and foundations.

The Central Committee in its preliminary appraisal of its task agreed that our present situation reveals an encouraging trend with respect to the success of our institutional life. The Committee is encouraged by our structural growth and spirit of cooperation. Problems faced are those of success rather than failure.

We have grown with our present structure into a truly significant Brotherhood. What is needed now is to recognize this development and to help our formal structure to match the spirit of progress which has already been made and which could be made through more definitive patterns of structure.

Board of Directors
International Convention of Christian Churches
(Disciples of Christ)

The Committee on Recommendations recommended approval of Report No. 30 with the following amendments:

1. Substitute the name of Edward S. Moreland for Waymon Parsons in paragraph 1.
2. Revise the second sentence in paragraph 6 to read as follows:
"The Commission will be financed by the International Convention *through regular budget procedure and with an asking to the Commission on Brotherhood Finance. It is hoped that the Commission on Brotherhood Finance would be as generous as the need requires in the light of the funds available.*"

Action—VOTED acceptance of the report as amended.

Report No. 31

Commission on Cooperative Policy and Practice

Resolution No. 52, URGING COOPERATIVE STRATEGY, was approved by the Denver Assembly in 1959. The President of the Convention appointed a committee of 15 to implement this resolution and a report was made at the Louisville Assembly in 1960 recommending the appointment of a standing Commission titled A COMMISSION ON COOPERATIVE POLICY AND PRACTICE to be appointed by the Board of Directors. The Commission was duly appointed consisting of the following: George Earle Owen, Spencer P. Austin, George G. Beazley, Jr., A. T. DeGroot, Velva Dreese, Albert M. Pennybacker, Morris H. Pullin, Lester B. Rickman, Hugh M. Riley, Harlie L. Smith, J. Clinton Bradshaw, Willis R. Jones, Jo M. Riley, Mark Rutherford. This Commission met in Indianapolis on June 2, 1961, and gave careful consideration to the Denver Resolution, the text of which follows:

"WHEREAS, we are now planning for the Decade of Decision in many areas of our Brotherhood life, and

WHEREAS, there is an increasingly complete separation between the independent and cooperative programs, and

WHEREAS, there is a recognized need to strengthen the cooperative life of our churches, and

WHEREAS, local churches have not had the resources of a Brotherhood Program of guidance and counsel when faced with internal controversies, and

WHEREAS, there is an imperative for a perspective on this issue broader than any single group within the Brotherhood can provide;

THEREFORE BE IT RESOLVED, that the Board of Directors of the International Convention appoint a temporary study commission of fifteen members, composed of laymen and ministers, which will collaborate with the work now under way in this same field by the Home and State Missions Planning Council, the Year Book Committee, and other groups dealing with the various facets of the independent-cooperative issue as it affects Brotherhood life.

BE IT FURTHER RESOLVED, that this study Commission concern itself especially with the following areas of Brotherhood life:

1—The Year Book of Christian Churches (Disciples of Christ) and the Directory of Christian Churches of Christ, wherein there is confusion created in ministerial selection and placement through double listings by both churches and ministers.

2—The establishing of new congregations through state and national channels so that some assurance can be given to those churches supporting the establishment of new congregations that these new congregations will remain a part of the group that initiates their establishment.

3—A continuing program of education and information for our lay people and ministers regarding the independent-cooperative issue.

4—The possibilities for effective local action and support by neighboring congregations when any one local church becomes involved in an internal controversy over this issue.

5—The role of the State Society, and the possibilities for effective action by it, in relation to this issue.

6—The possibility of designating to the appropriate national agency and/or one of its departments the administrative responsibilities in relationship to a national program of guidance, counsel and strategy in dealing with this issue.

BE IT ALSO FURTHER RESOLVED, that the temporary study commission report its proposals to the 1960 International Convention, including a recommendation concerning the possible need for a permanent commission in the area of this issue.''

The Commission in its preliminary study has lifted up and identified many facets of the total problem, appointed task committees for future study, and has given special attention to areas of Brotherhood life, appearing in the original resolution, No. 1-6 above. The Commission believes that all of these are vital areas of Brotherhood relationships toward which our cooperative life is focused and proposes further investigation and study.

The Commission recognizes that there are underlying theological, sociological and philosophical bases which account for tensions, misunderstandings and divergent loyalties. All of these factors will be carefully studied and considered constructively.

The Commission is aware of differences in points of view as related to historical background, theological, Biblical and sociological factors. It also recognizes spiritual values which hold us together.

The Commission seeks to be entirely objective in dealing with the issues before it. Furthermore, it recognizes that confrontation of ideas and opinions may be a constructive process. The primary concern is neither compromise nor rigid adherence to any particular point of view.

We believe that cooperation is necessary and desirable, and that we need to discover both the nature of the church and the best ways and means of working together. We believe that such cooperation can be accomplished by creative processes which humbly recognize that we are a growing Brotherhood.

The Commission envisions a long term procedure which will not only review the past and evaluate the present situation, but will be alert to such influences as deeper Biblical study, ecumenical involvements, and a growing churchmanship.

The Committee on Recommendations recommended approval of Report No. 31.

Action—VOTED acceptance of the affirmative report of the Committee on Recommendations.

Report No. 32

Recommendation to Amend By-Laws of the International Convention of Christian Churches (Disciples of Christ)

Report on Resolution No. 47, Louisville, 1960, to amend By-Laws of the International Convention of Christian Churches (Disciples of Christ). Accepted by the Louisville Assembly for consideration in 1961, together with memoranda attached thereto, as follows:

1. That the immediate Past President of the Convention shall be an ex-officio member of the Board of Directors for the year immediately following his incumbency.
2. Membership on the Board of Directors of the International Convention of Christian Churches (Disciples of Christ) shall be for five years; three members shall be elected annually on a rotating basis to serve five years.

This would amend Article V, Section 2, ''Board of Directors,'' to read as follows:

''Between annual meetings the management shall be vested in a Board of Directors of 15 members, the terms of three of whom shall expire each year. The terms of service for those elected shall be five years.''

The additional amendment would read, Article V, Section 2: ''. . . the President, the immediate Past President, three (3) Vice Presidents, Executive Secretary and the Treasurer shall be ex-officio members.''

Under the item reading "This would amend Article V, Section 2 . . ." following the words "The terms of service for those elected shall be five years," the wording, "And no person who has served a full five year term shall be eligible for re-election until after one year shall have elapsed," shall be added.

The Committee on Recommendations recommended approval of the proposed amendment to By-Laws submitted by the Louisville Assembly in 1960, identified as Louisville Resolution No. 47.

Action—VOTED to approve the amendment to the By-Laws appearing above.

Resolution No. 33

Recommendation to Reconstitute the Week of Compassion Committee

WHEREAS, the 1953 Portland Assembly of the International Convention of Christian Churches (Disciples of Christ) approved Resolution No. 34 authorizing a Week of Compassion Committee whose membership and functions were defined, and

WHEREAS, upon the recommendation of the Commission on Budgets and Promotional Relationships, and by mutual agreement of the parties concerned, two of the causes, Pension Fund dues for Chaplains and the Committee on Military and Veterans Services, have been transferred for funding to the regular budgets of the Pension Fund and the United Christian Missionary Society respectively, and

WHEREAS, the causes endorsed by the Commission on Budgets and Promotional Relationships for continuing participation in the Week of Compassion, include all of the needs heretofore presented by the Committee on Relief Appeals,

IT IS THEREFORE RECOMMENDED that the Committee on Relief Appeals be discontinued and that its functions be incorporated in a reconstituted Week of Compassion Committee of the International Convention, which would be representative of these and other causes sharing in the Week of Compassion appeal, beginning July 1, 1962.

IT IS FURTHER RECOMMENDED, that the membership of the Week of Compassion Committee be constituted as follows:

1. Six Members-at-Large; two laymen, two women, two ministers, elected for rotating three year terms by the International Convention Assembly;
2. One representative from; World Mission, National Home Missions, and Christian Action and Community Service of the United Christian Missionary Society to be elected by the Board of Trustees of the United Christian Missionary Society;
3. One representative from and elected by the Council on Christian Unity;
4. Two State Secretaries elected by the National Association of State Secretaries;
5. Two ex-officio members; the Executive Secretary of the International Convention and the Executive Secretary of Unified Promotion.

Representatives named above shall be confirmed annually with the exception of the Members-at-Large.

IT IS FURTHER RECOMMENDED, that the Board of Directors of the International Convention be empowered to implement this resolution by July 1, 1962.

Adoption of this resolution implies that the purposes and spirit of the Convention Assembly action at Portland in 1953, Resolution No. 34, are reaffirmed and that the reconstituted Week of Compassion Committee will implement the needs for the causes now cooperating in the Week of Compassion.

The adoption of this resolution also implies that the Committee on Military and Veterans Services and the Pension Fund will be assured of the opportunity for a special offering appeal, following proper clearances, in case of a national emergency.

Commission on Budgets and Promotional Relationships

The Committee on Recommendations recommended approval of Resolution No. 33 with the following amendments:

1. In paragraph 5, section 2, replace "National Home Missions, and Christian Action and Community Service" with "*one representative each from the Division of World Mission and the Division of Church Life and Work* of the United Christian Missionary Society."
2. Substitute for the last paragraph the following:
   "*The adoption of this resolution also implies that should future national emergencies justify such action, the United Christian Missionary Society and the Pension Fund of Christian Churches may submit askings to the Week of Compassion for supplementary funds in behalf of Military and Veterans Services and Pension Fund dues for reserved Chaplains.*"

Action—VOTED approval of Resolution No. 33 as amended by the Committee on Recommendations.

Resolution No. 34

Holding of Area Assemblies in 1965

WHEREAS, the International Convention of Christian Churches (Disciples of Christ) held a series of area assemblies at midpoint of the Long Range Program of the 1950's, with more than 18,000 people in attendance; and

WHEREAS, these area assemblies not only proved to be popular but did much to set forward the Long Range Program;

THEREFORE, BE IT RESOLVED, that a series of area assemblies be held in 1965 in lieu of a single international assembly, and that the major program thrust of these assemblies be built around the Program of Advance in the Decade of Decision.

Concerning the Observance of Secret Place Sunday

WHEREAS, THE SECRET PLACE will celebrate its 25th anniversary in 1962, and

WHEREAS, we believe THE SECRET PLACE deserves to be recognized for its contribution to the Christian family and devotional life of our Brotherhood,

THEREFORE BE IT RESOLVED, that in recognition of the splendid service to the cause of Christ which has been rendered by THE SECRET PLACE for the past twenty-five years, that Sunday, May 6, 1962 be designated by the International Convention of Christian Churches, meeting in Kansas City, Missouri, as SECRET PLACE SUNDAY or HOME RELATIONS SUNDAY. We further support such a resolution by pointing up the work of this devotional through the channels of the CHRISTIAN LITERATURE COMMISSION.

Resolution No. 36

Proposing a Study Commission on Worship and Devotional Life

WHEREAS, contemporary studies in biblical theology and liturgics reveal new insights into the meaning of Christian worship and devotional experience; and

WHEREAS, ecumenical acquaintance tends to encourage more common practices; and,

WHEREAS, some of our sister communions are making a reappraisal of their procedures in public worship; and,

WHEREAS, many of our congregations cherishing their heritage of free worship also recognize a need for a re-interpretation of our traditional concepts and practices in the light both of these trends and our history;

BE IT THEREFORE RESOLVED:

1. That this Assembly authorize the appointment of a small study commission on worship and the devotional life to undertake a study of the nature of Christian worship with the view of producing an interpretative statement about it and of setting forth basic principles of public worship and devotional practice for our guidance; and,

2. That this commission be composed of persons competent by scholarship and experience in the fields of theology, biblical interpretation, liturgics, church history, psychology, sociology, and the Arts; and that they be named by the executive committee of the Home and State Missions Planning Council after due consultation with the United Christian Missionary Society, the Board of Higher Education, the Council on Christian Unity, and the theological seminaries of the Christian Churches (Disciples of Christ); and,

3. That the period of study and research by the commission be approximately three years and that the results of the study be made available to the Local Church Life Committee of the Home and State Missions Planning Council to implement for use by local congregations and in the general life and work of the brotherhood.

Resolution No. 37

Concerning Brotherhood Participation in Councils

Submitted for action of the 1961 Convention of the Association of the Christian Churches in Indiana, meeting in Anderson, Indiana, on April 13-16, 1961, and thereby seeking state approval for submitting as a resolution to the International Convention of Christian Churches (Disciples of Christ) meeting in Kansas City, Missouri, September 29-October 4, 1961.

WHEREAS, we as a brotherhood have taken repeated action towards support and participation in State Councils of Churches, the National Council of Churches of Christ, and the World Council of Churches; and

WHEREAS, we are seeking to become a more responsible body within the total Church of Christ, we are asking for action and study on the part of our International Convention of Christian Churches (Disciples of Christ) towards stabilizing our financial support in state, national, and world councils.

THEREFORE BE IT RESOLVED:

1. That the International Convention of Christian Churches (Disciples of Christ) authorize the Commission on Budgets and Promotional Relationships to allow any state organizations of our brotherhood to include in their Unified Promotion asking their "fair share" or "proportionate responsibility" for a state Council of Churches. This responsible and unified financing of state Councils would replace individual congregational gifts.
2. That the International Convention of Christian Churches (Disciples of Christ) authorize the Commission on Budgets and Promotional Relationships to study and to bring recommendation to our next annual assembly concerning the possibility of our brotherhood supporting both the National Council of Churches of Christ and the World Council of Churches as a unit through either the International Convention of Christian Churches or the Council on Christian Unity from receipts given by our churches through Unified Promotion.

The Committee on Recommendations recommended approval of Resolution No. 37 with the following amendments:

1. In paragraph 4, under the head THEREFORE BE IT RESOLVED the text is recommended to read:
   "That the International Convention of Christian Churches (Disciples of Christ) authorize the Commission on Brotherhood Finance to encourage any state organization of the Brotherhood to include in their Unified Promotion asking their 'fair share' or 'proportionate responsibility' for a state council of churches. This responsible and unified financing of state councils could replace individual congregational gifts."
2. Numbered item 2 in paragraph 4 is revised to read:
   "That the International Convention of Christian Churches (Disciples of Christ) authorize the Commission on Budgets and Promotional Relationships to study and to bring recommendation to our next Assembly concerning the possibility of our Brotherhood supporting the National Council of Churches of Christ, the World Council of Churches and other ecumenical agencies asking for support from local churches, through either the International Convention of Christian Churches or the Council on Christian Unity, from receipts given by our churches through Unified Promotion."

Resolution No. 38

Concerning Rehabilitation Centers

WHEREAS, The Santa Cruz Plan of Rehabilitating Mental Patients consists of music, prayer, good food, and active intelligent goodwill for mental patients at a rehabilitation center, and

WHEREAS, This plan has been successful since 1951 and was developed by the Disabled American Veterans and Auxiliary at the D.A.V. lodge near Santa Cruz, California, and

WHEREAS, This would be of great help to many patients now in mental hospitals, and

WHEREAS, To make this type of treatment available to mental patients, it is necessary to have state and federal governments introduce legislation to build rehabilitation centers, and

WHEREAS, Many have endorsed this plan including the Santa Cruz Ministerial Fellowship and The Council of Churches of the Santa Cruz Area,

THEREFORE, BE IT RESOLVED, That the International Convention of Christian Churches and local churches use their influence to have the United States government introduce and adopt legislation to build, staff and maintain rehabilitation centers and use the Santa Cruz Plan of music, prayer, good food, and active intelligent goodwill for those mental patients which will be helped by it.

BE IT FURTHER RESOLVED:

1. That upon adoption, a copy of this resolution be sent to Rev. Ed. Muegge, Jr., 803 Woodrow Avenue, Santa Cruz, California (State and National Publicity Officer for the Santa Cruz Plan), the President of the United States, appropriate members of the U.S. House of Representatives, and our Brotherhood publications.
2. That the Department of Social Welfare (Mr. Barton Hunter of the U.C.M.S.) prepare a resolution regarding the Santa Cruz Plan and submit it to the National Council of the Churches of Christ in the U.S.A. for their consideration.

Resolution No. 39

Concerning Medical Aid for those on Social Security

WHEREAS, the Church of Jesus Christ, in fulfilling its natural concerns as the incarnation of Jesus Christ, is vitally concerned about the spiritual and physical well-being of all humanity, and

WHEREAS, there has been a steady and irrevocable increase in the costs of drugs, medical fees, and hospitalization, and

WHEREAS, those Americans dependent upon small fixed pensions and/or Social Security benefits find themselves increasingly unable to afford the cost of medication and hospitalization necessary to maintain personal well-being,

THEREFORE BE IT RESOLVED, that this Convention express its concern for the preservation of human dignity and physical well-being of said individuals and urges the enactment of the necessary legislation by the appropriate legislative bodies of the Government of the United States in the form of medical aid made available for those on Social Security, and

BE IT ALSO RESOLVED, that the individual members of the Convention and the churches they represent take personal initiative in conveying their approval of such legislation to their local governmental representatives.

Resolution No. 40

Concerning Beverage Alcohol and Christian Responsibility

(The following resolution is the outgrowth of a study project of the department of Christian Action and Community Service designed to provide the maximum opportunity for our churches to express their convictions on this issue preparatory to the drafting of the resolution. A six-page questionnaire was sent to all the churches of the brotherhood. Over 678 questionnaires were filled out and returned to the department representing the thinking of individuals and churches. The resolution was then drafted on the basis of the returns and represents substantially the majority point of view expressed in the returns.)

The Convention takes cognizance of the following considerations:

1. Over the years, the International Convention of Christian Churches (Disciples of Christ), in resolutions has reflected the deep concern of our brotherhood for the personal tragedy and social disorder related to beverage alcohol.
2. In viewing the social and cultural facts, relating to beverage alcohol consumption there looms a compelling urgency for Christians to look upon the beverage alcohol industry with deeper concern and to develop more consistent positive action with relation to it. We are called to act because we know that beverage alcohol is directly related to personal and family tragedies which have increased significantly in recent years; it is related to disorder in the community as seen in accidents on our highways, in our industrial plants and in threats to law and order.
3. On the basis of statistical data and general information (A Summary of Statistical Data Related to The Problem of Alcohol, by Roger Burgess and Lee Ranck, General Board of Temperance of the Methodist Church; Basic Information on Alcohol, by Albion Roy King, Cornell College Press; Yale Alcohol Studies, Yale University) we find that 59.6 per cent of arrests in the United States in one year were beverage alcohol related; there are an estimated 5,015,000 alcoholics in our country; beverage alcohol drinking drivers are involved in 30 to 35 per cent of all fatal accidents; 60 per cent of the adult population of the United States are beverage alcohol drinkers; state conducted surveys show that for every dollar of liquor taxes collected, a state must pay out from $1.33 to $5.75 in direct beverage alcohol-caused expenses, such as court costs, added police protection, jail costs and rehabilitation programs and in addition far greater costs in alcohol related crime, graft and corruption; in one year, the expenditures for alcohol advertising amounted to $412,802,558, while at the same time American consumers and businesses spent $10,770,000,000 for beer, wine and liquor, and these figures are steadily increasing.
4. Scientific workers in the field are generally agreed that beverage alcohol has little food value and that it is not a stimulant, but a depressant; that it beclouds the mind, distorts the vision, retards reaction times, removes inhibitions, destroys fine coordination between mind and muscle, impairs ability to make quick decisions, sharply decreases endurance, affects the entire system, makes peak performance impossible in daily life.
5. Ethical considerations and sociological facts have resulted in an urgently felt need among Christians of all walks of life for guidance and interpretation about beverage alcohol problems that is relevant for our time and, we believe that Christians cannot ignore a personal and social malady of such immense proportions; hence have an obligation to come to decisions for themselves and participate actively as citizens in the decision-making through which society controls beverage alcohol for the common good.

THEREFORE, BE IT RESOLVED, that the International Convention of Christian Churches (Disciples of Christ), here assembled at Kansas City, Missouri, September 29-October 4, 1961, approves the following guiding principles upon which a program of beverage alcohol education and action for our congregations and our brotherhood should be built.

1. We hold that decisions regarding the Christian's attitude toward the drinking of beverage alcohol and toward the alcohol traffic should be based not merely upon personal preference and social customs, but rather upon considerations of Christian ethics. We recognize that the application of Christian ethics may result in rules and regulations, but a consideration of Christian ethics does not begin there. It begins with Christian choices made in concrete situations. Christians must make such choices concerning beverage alcohol. While there is a freedom from the law in which the Christian rejoices, it is not the "freedom to do as one pleases." It is freedom, rather to know and to do the will of God. In this connection, Christians must come to terms with the Biblical reminder that our bodies are temples of the living God, not to be profaned by habit or action.
2. But more important still, from the Biblical point of view, is the Christian's responsibility to his fellowmen. It is not enough for the Christian to make ethical judgments on the basis of only what happens to his own life. Love demands social responsibility. We believe that the Christian must practice this kind of social responsibility. This means for example that the Christian community must work for specific social controls that will reduce the number of drinking drivers; attack the relationship between crime syndicates and the alcohol industry; demand the enforcement of laws now upon the statutes, but ignored in community practices, which call for beverage alcohol control. Therefore, the Christian must make his choice regarding beverage alcohol upon the basis of the total effects upon other human beings and be prepared to sacrifice his personal satisfaction for the welfare of others. This will of course lead, at times, to the necessity for the Christian's considering the need for social sanctions and restraints, since the use of beverage alcohol is responsible for many personal and social evils and seriously endangers the general welfare of society.
3. We believe that Christian ethics and sociological facts require us to teach and practice abstinence as the better way of life for Christians. We further believe that arrangements for enforcing rules and regulations governing the alcohol industry must be radically reformed and that this reformation cannot be postponed. If the personal and social ills related to alcohol cannot be successfully treated through personal decision and limited social control, we believe that the Christian community must be prepared to *re-assess* the question of national prohibition.
4. While, as Christians, we may not yet be of one mind regarding the ultimate nature of the social control of beverage alcohol, there are immediate and achievable goals such as the following which we generally support:
   a. Realistic legislation designed to counteract the hazards of drinking in relation to driving and traffic safety.
   b. Federal legislation to ban the service, or sale, of alcoholic beverages on airlines and upon public transportation generally.
   c. A program in which Christians would be encouraged to cooperate in developing and enforcing alcoholic beverage control laws. Christian action now varies according to the state and local situation but could include: 1) regulation of the number of outlets in a particular area; 2) enforcement of bans on sales to minors; 3) influencing the appointment of qualified individuals to beverage alcohol control boards; 4) promoting realistic legislation to curb drinking and driving hazards; 5) seeking legislation to ban the sale of alcoholic beverages in grocery and drug stores. On the federal level Christians should work for legislation to ban the sale, service or use of alcoholic beverages on airlines and other public transportation facilities and to prohibit the advertising of alcoholic beverages on radio, television and in the press.
   d. Prohibition of sales to persons under 21 years of age.
   e. Use of local option as one important method of social control in communities where the public opinion will support the abolition of sale of alcoholic beverages.
5. We believe that if the fight against the beverage alcohol traffic is to have any relevancy, a program of Christian education, in depth, regarding the problem must be undertaken. We, therefore, urge that studies for the brotherhood be initiated involving all appropriate brotherhood agencies, to explore methods of teaching in the field of beverage alcohol; develop projects to determine the best manner of assisting ministers in their counseling with alcoholics; cooperate where possible in research projects on the interdenominational level.

We would further urge that the program take into account:

a. The redemptive and healing power of the Gospel of Jesus Christ.
b. The teaching of the scientific facts about the psychological and physiological effects of beverage alcohol.
c. The relationship of beverage alcohol to family life.
d. The cost of beverage alcohol to society as seen in tax funds necessary to rehabilitate alcoholics; to police drunkenness; and to deal with alcohol-related social welfare problems.
e. The relationship of crime, automobile accidents, industrial hazards, gambling, prostitution and various underworld activities to the alcoholic industry.

6. We believe that the church is the body of Christ, a fellowship or community of those who have accepted the calling of God and have banded themselves together for worship, mutual support and encouragement, and above all to witness forthrightly to the world of the love of God as revealed in Jesus Christ. Believing this, we urge each congregation to make its influence felt now on the alcohol problem. We commend to the churches the following suggestions which may serve as starting points in their witness regarding beverage alcohol:
   a. Make a survey of attitudes of members regarding the alcohol problem in the community.
   b. Work with Alcoholic Anonymous, medical and other agencies in redemptive programs for alcoholics, and encourage local and state programs, of rehabilitation.
   c. Emphasize a program of education for young people and adults.
   d. Urge instruction in the public schools concerning the alcohol problem.
   e. Stress voluntary abstinence as the better way, especially among church leadership.
   f. Study seriously in church school classes beverage alcohol-related problems. Such units of study might lend themselves most appropriately to consideration along with studies dealing with family life, citizenship, sex, traffic and safety.

Resolution No. 41

Concerning "Food for Peace"

WHEREAS, the farmers of the United States have produced an unparalleled abundance of food which finds no domestic market and at the same time millions of people in Latin America, Africa and Asia, including mainland China, are hungry or on the verge of hunger;

WHEREAS, this overabundance of United States farm products is a flattering commentary on the ability of our farmers and agricultural economy but also a challenge to our ingenuity to fashion a system of distribution that is both economically desirable and likewise recognizes the Christian imperative to feed the hungry;

WHEREAS, at the conclusion of World War II the United States provided relief, rehabilitation and economic development assistance to both allies and former enemies thereby exhibiting compassion for friend and foe alike, setting a standard for international conduct that is essential for a just and lasting peace;

WHEREAS, our government under both the Eisenhower and Kennedy Administration has attempted to use this overabundance of farm products to feed the hungry in a food for peace program;

WHEREAS, the Disciples of Christ and other church groups working with Church World Service have been privileged to participate in sharing surplus foods with the hungry people of the world;

THEREFORE BE IT RESOLVED, that the International Convention of Christian Churches (Disciples of Christ), assembled at Kansas City, Missouri, September 29-

October 4, 1961, commend the government for its "food for peace" efforts and urge it to use every possible means to devise ever more effective methods whereby our overabundance may be a blessing instead of a burden;

BE IT FURTHER RESOLVED, that any governmental "food for peace" program should be based on the needs of people rather than ideological, political or military considerations; and that situations such as the reported famine in mainland China should be viewed as a call upon our conscience and our resources to meet human needs in such a manner that our love for all people will be manifest; and,

BE IT FURTHER RESOLVED, that we regard a "food for peace" program that meets the human needs of friend and foe alike as fundamentally Christian in character and further evidence of our desire to create a just and lasting peace.

The Disciples Peace Fellowship

The Committee on Recommendations recommended that Resolution No. 41 be approved with the following amendments:

1. That paragraph number 1 be re-written to read as follows:
   "WHEREAS, the farmers of the United States have produced an unparalleled abundance of food which finds no domestic market and at the same time millions of the world's people are hungry or on the verge of hunger;"
2. That paragraph number 6 be re-written to read as follows:
   "THEREFORE BE IT RESOLVED, that the International Convention of Christian Churches (Disciples of Christ) assembled at Kansas City, Missouri, September 29-October 4, 1961, commend the government for its 'Food for Peace' efforts, and urge it to use every possible means, *with proper safe-guards,* to devise ever more effective methods whereby our overabundance may be a blessing instead of a burden;"
3. That paragraph 7 be re-written to read as follows:
   "BE IT FURTHER RESOLVED, that any governmental 'Food for Peace' program should be based on the needs of the people rather than ideological, political or military considerations; and that situations of hunger and famine any where should be viewed as a call upon our conscience and our resources to meet human needs in such a manner that our love for all people will be manifest."

Resolution No. 42

Concerning Opposition to All Forms of Atheistic Materialism and Totalitarianism, Including Communism

WHEREAS, there is in our world today an ever-increasing possibility and potential for global disaster and self-destruction due to man's technological achievements and ideological differences, and

WHEREAS, there is also an increasing possibility and potential for achieving in our time a world of peace and abundance and true freedom for mankind, and

WHEREAS, in the face of these great dangers and great possibilities for all peoples it becomes increasingly urgent for the World Christian Community to rise above the false issues that divide its life and to make manifest the "spirit of unity in the bond of peace" which will demonstrate the church's unity in Christ, and

WHEREAS, communism as an aggressive and growing movement in the world seeks to undermine the very foundations of Christian faith and culture and to gain its own atheistic and materialistic objectives by dividing the Christian World Community and by negating its witness among men and nations, and

WHEREAS, communism has frequently succeeded in creating the false impression that democracy is imperialistic, discriminatory, materialistic and militaristic, and

WHEREAS, the churches of Christendom in their concern to meet the real and growing threat of communist ideology and power have often misunderstood each other, and

WHEREAS, secular organizations, movements and groups, both left and right, have often sought to involve the church for their own special interest and have become sources

of division and mistrust over matters having no real connection with the communist threat, and

WHEREAS, this has tended to create an atmosphere that causes many Christian people to suspect that differences related to Christian doctrine or social concerns are the result of agitation by the communist conspirators, and

WHEREAS, church members have sometimes been guilty of disregarding and violating the Bill of Rights while purportedly fighting communism and other forms of totalitarianism, and

WHEREAS, there is great and increasing need for the whole church to understand the real threat of communism and to take effective steps to strengthen the positive Christian witness and mission in the world in order to demonstrate that its answer to man's need is superior to the promise of communism,

THEREFORE BE IT RESOLVED: That the Disciples of Christ assembled in International Convention at Kansas City, Missouri, September 29-October 4, 1961, call upon all the churches of Christendom to face with new urgency their own need to make manifest their God-given unity and set before the world their common loyalty and commitment to Jesus Christ and to one another, and

BE IT ALSO RESOLVED, that the churches be called upon to join in a continuing study of the threat of world communism and other forms of totalitarianism and of the responsibilities of the church for meeting such threats through its own worship, service, study and witness and for excelling in living and service all forms of atheistic materialism and totalitarianism, including communism, and

BE IT FURTHER RESOLVED, that we call upon the appropriate established agencies and educational institutions of our Brotherhood and those of our sister communions as well as councils of churches at all levels—local, state, national and world—to give leadership to an intensified and comprehensive program designed to meet the threat of totalitarianism in the world; and that we recognize in such a program that the essence of democracy is not productive capacity or material wealth, but that we strive to convey to people everywhere the real meaning of freedom, the significance of the Bill of Rights, and the truth of human dignity.

Resolution No. 43

Concerning Desegregation of the National City Christian Church

WHEREAS, the International Convention of the Disciples of Christ, meeting in Memphis, Tennessee, November 11-17, 1926, brought into being as a Brotherhood institution the National City Christian Church, which would not only be a symbol of the strength and purpose of the Disciples, but would also be a home for the thousands of Disciples who through the years would come to Washington to work for the Government of the United States; and

WHEREAS, by action of the International Convention, a Corporation with a board of fifteen trustees, was set up to hold the property of the church for the Brotherhood, and to make annual reports to the International Convention of the needs and accomplishments of the church; and

WHEREAS, thousands of Disciples and churches throughout our Brotherhood, as well as the local congregation, have contributed to make possible the purchase of the lots and the building of the Sanctuary and an Educational Building; and

WHEREAS, the community in which the National City Church is located has been for over ten years more than fifty per cent Negro in population, and the immediate vicinity of the church is now over seventy-five per cent Negro in population; and

WHEREAS, the membership of the church and the enrollment of the church school does include members of several racial and ethnic backgrounds with the *exception* of the American Negro; and

WHEREAS, no attempt has been evident that the Negro citizens of the community have been evangelized or made to feel welcome into the membership of the church or church school, but on the contrary there is evidence that Negro brethren have been discouraged from seeking membership in the church; and

WHEREAS, the facilities of other churches in the community have been open for the use of the Inner-City Church Project of Children and Youth while the doors of the National City Church have been closed to the group; and

WHEREAS, other churches, representing other communions, serving the same community have desegregated their membership and are seeking to serve all people; and

WHEREAS, the social and political revolution of our time both on the domestic and international scene makes it imperative that a church, such as National City, which has received world-wide acclaim and publicity as representing the Christian Church (Disciples of Christ), at the seat of our national government, establish and maintain a completely desegregated membership and program; and

WHEREAS, we do not believe that it was the intent nor the purpose of the International Convention, when by Convention action the National City Christian Church was brought into being, nor do we believe that it was the intent nor the purpose of those Christian brethren and churches who contributed funds to make this institution possible, that a racially segregated church be established to become a memorial to white supremacy at the heart of our nation's capital; and

WHEREAS, from the spirit of our Lord, who is the head of the church; from the directives of the Gospel; from the early witness of the New Testament Church; from explicit action by the World Council of Churches, the National Council of Churches and the International Convention of Christian Churches; a desegregated church is the design of God and the purpose and mission of Christ.

THEREFORE, BE IT RESOLVED:

That the National City Christian Church should take immediate steps toward desegregating its church membership and its church school enrollment by including in its program of evangelism the contacting and cultivation of our Negro brethren and citizens as well as those of other racial or ethnic backgrounds, and that the church make it known to the brotherhood and to the community in which it is located that people of *all* races are cordially invited and welcome into the membership of the church.

That Inner-City and Interdenominational Youth groups using the facilities of other churches in the community be likewise invited to use the facilities of the National City Christian Church, wherein this can be done without conflicting with the local program of the church.

That, since the National City Christian Church was brought into being by action of the International Convention and funds secured from church members and churches throughout the brotherhood, we, by Convention action apologize to some ninety thousand American Negro members of Christian Churches and all our Negro brethren in Africa and elsewhere in the world for the affront given them, and to all our people of all races and nationalities for the embarrassment this has caused our brotherhood in the eyes of the Christian Community and before God.

BE IT FURTHER RESOLVED:

That the National City Church be encouraged to use the services of the Department of Church Development and the Department of Christian Action and Social Welfare of the Division of Home Missions and Christian Education of the United Christian Missionary Society, for an intensive study of the community in which the church is located to assist them in planning a program which will meet the needs of the area.

BE IT FURTHER RESOLVED:

That the board of trustees of the National City Christian Church Corporation be requested by the International Convention to meet with the Board of Elders and the Official Board of the National City Christian Church to advise and counsel with them concerning the request made by the International Convention and to assist them in

every way possible to implement their program for desegregating the membership of the church and the church school.

That, should there be members of the board of trustees of the National City Christian Church Corporation, who for reasons of conscience or for any other reason could not encourage and help in every way possible the church to desegregate its membership and church school, that he or she be kind and considerate enough to vacate his or her position on the board of trustees, making it possible for those who do happen to have a conscience and commitment on the matter to serve in their stead.

BE IT FURTHER RESOLVED:

That a copy of this resolution be sent to each family unit in the membership of the National City Christian Church at the expense of the International Convention.

The Committee on Recommendations recommended that Resolution No. 43 be *not approved.* The following statement was made to the Assembly regarding the reason for *disapproval.* "Resolution No. 43 is *disapproved* on the grounds that it is in conflict with, and contrary to, the principles set forth in the Preamble to the Constitution of the International Convention of Chrisian Churches (Disciples of Christ), as they relate to the independence and autonomy of the local churches of the Brotherhood. This action is recommended with the understanding that this is not to be construed as a disposition of the issue of segregation or desegregation."

Action—VOTED to sustain the negative recommendation of the Committee on Recommendations that Resolution No. 43 be *not approved.*

Resolution No. 44

Recommitment to Christian Benevolence

WHEREAS, This year, leading up to March 10, 1962, marks the 75th anniversary of The National Benevolent Association of the Christian Churches (Disciples of Christ), and

WHEREAS, Following encouragement of the 1953 Portland International Convention Assembly, through Resolution 36, for the development of auxiliary and additional services, the N.B.A. has provided pay-type care for older persons and has a potential program for exceptional persons under way,

THEREFORE, BE IT RESOLVED, That the International Convention of Christian Churches (Disciples of Christ), assembled in Kansas City, Missouri, September 29-October 4, 1961, recognizes the Christian concern of the consecrated founders and friends of our worthy Benevolence Heritage in the N.B.A. and reaffirms its support of the valuable programs and services for dependent children and needy older persons of the N.B.A. and its nineteen homes as expressed in the following ways:

1. The scriptural Charter of Christian Benevolence, expressed in the memorable words of Jesus, "Inasmuch as ye have done *it* unto one of the least of these my brethren, ye have done it unto me" (Matthew 25:40).
2. The N.B.A. Charter, granted by the State of Missouri, on March 10, 1887, "to help the helpless, to give a home to the homeless, to provide care for the sick and comfort for the distressed."
3. The improving working disciplines, fiscal policies, and relationships of the N.B.A. and its homes, through the International Convention, with which it has been affiliated since 1899, with all members of the Council of Agencies of Christian Churches (Disciples of Christ), and their supporting churches in the brotherhood's Decade of Decision Program of *Advance.*

4. The continuing development of necessary auxiliary services for needy members and families of Christian churches, which seek guidance in this area of world outreach concern, thus assuring that Christian Benevolence becomes every Christian's opportunity to share with others.

Resolution No. 45

Concerning Expansion of Function of Commission on Chaplaincy Endorsement

WHEREAS, the Chief of Army chaplains has requested of the Commission on Chaplaincy Endorsement of the International Convention of Christian Churches (Disciples of Christ) endorsement for Directors of Religious Education who serve at Army installations where large numbers of dependents justify such employment, and in consideration of the possibility that such will shortly be employed by other military branches; and

WHEREAS, the Disciples of Christ as a religious body is anxious that only such Directors of Religious Education who are well qualified by training and experience and who are above reproach in their personal lives should represent it in this ministry; and

WHEREAS, the International Convention has had for some years a Commission on Chaplaincy Endorsement, charged with the responsibility of giving endorsement in behalf of the brotherhood to men being considered for chaplains in the Armed Forces and Veterans Administration, and by Convention action at Cleveland expanded to include the endorsement of qualified ministers of the Disciples of Christ who are considering chaplaincy service of whatever kind, where endorsement on the part of our brotherhood is a prerequisite for employment;

NOW, THEREFORE, BE IT RESOLVED; that the function of the Commission on Chaplaincy Endorsement be further expanded to include the endorsement of qualified candidates of the Disciples of Christ who are considering service in the capacity of Directors of Religious Education, and other religious workers at a professional level, with the Armed Forces of our Nation;

That the Commission continue to be appointed annually by the president of the International Convention, with the concurrence of the Board of Directors of the Convention;

And that the Commission operate under such general rules of procedure and policies as the Board of Directors may, from time to time, set forth.

Resolution No. 46

Concerning Frequency of International Assemblies of the Christian Churches (Disciples of Christ)

Submitted for action by the 1961 Assembly of Southern California Christian Churches, meeting in Orange, California, June 21-25. This resolution was approved and transmitted as a resolution to be considered by the Kansas City Assembly in accordance with the following text.

WHEREAS the demands made by annual Assemblies on both State and International levels require a disproportionate share of time, energy and resources of Brotherhood executives, ministers and lay leaders, and

WHEREAS annual gatherings of both State and International Assemblies must inevitably break into the normal pace and rhythm of the Church Year, often creating a slack that must be caught up before new progress can be made, and

WHEREAS the intervals between annual State and International Assemblies are so short that little creative programming can be begun, cultivated and finished before the next round of Assemblies, and hence no critical evaluation of programs adopted or suggested by the previous assemblies can be ready for consideration of the next assemblies, and

WHEREAS this bottleneck of time inevitably produces repetition of consideration and duplication of action year after year, giving the effect of a treadmill operation with only limited opportunities for new, vital and vigorous thrust in any direction, and

WHEREAS it is clear that many religious bodies of larger size and more complexity than ours have found it possible to schedule their National and State (or Area) deliberative assemblies at longer intervals with no apparent loss of necessary fellowship, and with at least as much and perhaps more creativity in program and resolution content,

THEREFORE BE IT RESOLVED that the 1961 Assembly of Southern California Christian Churches go on record as favoring the following:

That a request be sent to the International Assembly in Kansas City in September of 1961 for immediate consideration of scheduling the International Assemblies of the Christian Churches (Disciples of Christ) on a biennial basis, and that International Assemblies be scheduled for the even years, beginning in 1964.

Resolution No. 47

Concerning Conversations Toward Union

WHEREAS, the Christian Churches (Disciples of Christ) came into being around pulpits from which were preached the sinfulness of division and the necessity of Christian unity and around tables where Christians forgot their differences as they broke the bread and drank the cup,

WHEREAS, through the grace of God, many proposals for the union of the fragmented Body of Christ are being put forward in our time and we may be invited to participate in a number of conversations looking toward such possible union,

WHEREAS, the General Synod of the United Church of Christ meeting in Philadelphia, July 3-7, 1961, adopted a resolution directing its Commission on Christian Unity, and Ecumenical Study Service to enter into conversations with the International Convention of Christian Churches (Disciples of Christ) at the earliest mutually convenient time, and

WHEREAS, in repeated resolutions the International Convention of Christian Churches (Disciples of Christ) has charged the Council on Christian Unity with the responsibility to be ready to enter into discussions with the United Church of Christ looking toward the possible union of these two churches,

THEREFORE BE IT RESOLVED, that this International Convention of Christian Churches (Disciples of Christ) meeting in Kansas City, September 29-October 4, 1961, expresses its pleasure at the above mentioned resolution of the Third General Synod of the United Church of Christ and its satisfaction that these conversations have begun.

BE IT FURTHER RESOLVED, that this Convention authorize the Council on Christian Unity to appoint a Commission (the personnel and size of which to be decided by the Council on Christian Unity) for the purpose of entering into these conversations with the United Church of Christ regarding a plan for union and into conversations with the proponents of any other sincere proposals that the Council feels should be discussed.

BE IT FURTHER RESOLVED, that this Commission report annually to the International Convention of Christian Churches (Disciples of Christ) through the Council on Christian Unity on the status of these conversations and the recommendations that result from the work of the Commission.

The Committee on Recommendations recommended approval of Resolution No. 47.

Action—VOTED that the affirmative recommendation of the Committee on Recommendations, approving Resolution No. 47, be approved.

Resolution No. 48

Concerning Local Ecumenicity

WHEREAS, Christian unity becomes real and concrete when it is practiced by churches in local situations,

WHEREAS, Christian understanding across the lines that now separate the Body of Christ can be fostered best by conversations, mutual study, participation in Councils, and pursuit of common Christian tasks and situations, and

WHEREAS, the Councils and the leading churchmen of our day are giving renewed emphasis to the necessity of local ecumenicity,

THEREFORE BE IT RESOLVED, that this Convention urge each of the Christian Churches (Disciples of Christ) to participate creatively in its local Council of Churches through interest, membership, financial support, and continuing prayer for the unity of Christ's church, or, if its city does not have such a Council, to join with other portions of the Body of Christ in forming a Council of Churches and in so participating in it.

The Council on Christian Unity

The Committee on Recommendations recommended approval of Resolution No. 48.

Action—VOTED that the affirmative recommendation of the Committee on Recommendations to approve Resolution No. 48 be approved.

Resolution No. 49

Concerning Christ's Lordship Over All of Life

WHEREAS, through raising him from the dead God has proclaimed Jesus Christ Lord of *all* and this lordship is proclaimed in the Holy Scriptures and has been consistently proclaimed by the Christian church both in word and deed throughout its entire history,

WHEREAS, this lordship means that his church must be able to proclaim to the best of its understanding God's judgment upon all of man's sins, both individual and

corporate, in every aspect of his activity, intellectual, political, social, economic, and recreational, and his grace toward men, societies and nations when they repent and turn to his ways,

WHEREAS, there is an increasing effort on the part of secular forces, and even some well-meaning but misinformed Christians, to limit the church's voice through its interdenominational organizations to those issues which they mistakenly define as specifically moral and religious, and

WHEREAS, history shows that such attempts at limitations have often been the mark of totalitarian regimes, such as Nazi Germany or Communist Russia, and are not consistent with our American traditions with their recognition that man's inalienable rights are the endowment of God and that the nation's life is always under him,

THEREFORE BE IT RESOLVED that the Convention affirm its conviction that it is the right and duty of this assembled body of Christians and of other Christians of differing traditions, gathering in synods, conferences, and assemblies, local and state Councils of Churches, the National Council of Churches of Christ in the United States of America, and the World Council of Churches, to express their understanding of the will of God on all issues, intellectual, political, social, economic, and recreational, to voice the prophetic protest of the church against the abusers of man's God-given rights to life, liberty, and the pursuit of happiness by any vested interest, governmental, professional, social, or religious, and to make that voice known as the majority opinion of church leaders assembled in democratically conducted sessions.

BE IT FURTHER RESOLVED, that we urge the individual members and local congregations of the Christian Churches (Disciples of Christ) to inform themselves from trustworthy sources of such actions, and not to accept the misleading half-truths and false impressions too often spread by partially informed or by hostile persons eager to make a case for the opposition.

BE IT FURTHER RESOLVED, that we commend those news agencies which have accurately reported such actions and have defended the right of the church to speak its message of the lordship of Christ over man's total life.

The Committee on Recommendations recommended approval of Resolution No. 49.

Action—VOTED that the affirmative recommendation of the Committee on Recommendations be approved.

Resolution No. 50

Concerning Support of Councils

WHEREAS, at the present time most of the Christian Churches (Disciples of Christ) have chosen to support their local and state Councils of Churches, the National Council of Churches of Christ in the United States of America, and the World Council of Churches by specific gifts, included in their local budgets and sent directly to these councils,

WHEREAS, such gifts are a method by which the local church can affirm its conern for and participation in such councils and can renew its dedication to the cause of Christian unity,

WHEREAS, the tremendous services carried on through such councils are constantly needing to be increased and the National Council of Churches of Christ in the U.S.A. has indicated that the activities of the Long Range Program, of which our own A. Dale Fiers is chairman, will necessitate an increase in giving amounting to 12½% and the World Council of Churches has notified its members that after the Third Assembly at New Delhi, November 18 to December 6, 1961, their gifts must be increased 47% if this Council is to be enabled to carry out its needed program (though most of its personnel are and will be receiving salaries shockingly low by our standards), and

WHEREAS, the Christian Churches (Disciples of Christ) have consistently met their apportionments in the past and should meet them in the future,

THEREFORE BE IT RESOLVED, that this Convention urge the local churches, of our brotherhood to include their local and state Councils of Churches, the National Council of Churches of Christ in the United States of America, and the World Council of Churches in their giving for others and to increase this giving to these councils to a figure consistent with our brotherhood's affirmed interest in Christian unity.

The Council on Christian Unity

The Committee on Recommendations recommended approval of Resolution No. 50 with the following amendments:

1. Insert the word *"contributing"* before "Christian Churches" in the first line.
2. Delete the words *"have chosen to"* in the second line.
3. Delete the entire 4th paragraph reading *"WHEREAS the Christian Churches (Disciples of Christ) have consistently met their apportionments in the past and should meet them in the future."*

Action—VOTED that Resolution No. 50 be approved as revised by the Committee on Recommendations.

Resolution No. 51

In Support of The American Bible Society

WHEREAS, for more than 145 years the American Bible Society has been faithful in disseminating the Scriptures on behalf of America's churches and our own communion, and

WHEREAS, the need for the Holy Scriptures increases each year because of the growth in population, in new literates, and in new languages and versions in which the Scriptures are available, while at the same time the cost of paper, press work, binding, and forwarding are advancing continuously; and

WHEREAS, an ample supply of the Scriptures in overseas countries has become increasingly urgent with the growth of strong national churches, and

WHEREAS, the American Bible Society during 1960 re-evaluated its entire program and made modifications to render greater service to the Christian cause abroad and at home, and

WHEREAS, the Bible Society has shown great enterprise, understanding, and devotion to the Christian cause in its tasks of translation, publication, and promotion of use, thus making its vast distribution even more noteworthy, and

WHEREAS, the records of the American Bible Society are open to our communion on request, and are annually reviewed by the Advisory Council, on which the Christian churches have representation,

THEREFORE, BE IT RESOLVED, that we commend the American Bible Society, our official agency, for its vision, its Christian stewardship, and its unsurpassed record of achievement;

BE IT FURTHER RESOLVED, we recommend that our churches request reports of the American Bible Society so that pastors and congregations might better realize the great importance of this work and the obligation upon *each* congregation to support it through gifts, missionary budgeting, and prayer.

Resolution No. 52

Concerning Political Activities of the National Council of Churches of Christ in the United States of America

WHEREAS, Memorial Christian Church, Midland, Texas is affiliated with the National Council of Churches through its membership in the International Convention of Christian Churches (Disciples of Christ) and has contributed to the support of the National Council of Churches in the belief that such support would be directed toward the constitutional purposes of the National Council of Churches, and

WHEREAS, It has come to the attention of the Board of Memorial Christian Church that the National Council of Churches has issued numerous pronouncements in recent years which are not authorized by its constitution, being, specifically, forty-seven pronouncements during the ten-year period ended December, 1960, the vast majority of which have been political, including such issues as:

(a) Farm subsidies.
(b) Tariffs.
(c) Federal aid to education.
(d) Foreign aid.
(e) Public assistance.
(f) Public housing.
(g) Collective bargaining, and

WHEREAS, the National Council of Churches maintains an office in Washington, D. C., its main purpose being to influence pending legislation, and

WHEREAS, the National Council of Churches claims to be the representative body for 33 Protestant and Orthodox communions throughout the United States with a membership of 39,000,000 individuals, including 2,000,000 Disciples of Christ, in general, and 400 members of Memorial Christian Church, in particular, and

WHEREAS, the National Council of Churches could not possibly reflect the political thinking of 39,000,000 Protestants, who have some political opinions of their own, and

WHEREAS, one of the basic underlying principles of the Disciples of Christ brotherhood is the belief in freedom of individual opinion and thought, and

WHEREAS, the National Council of Churches continues to persist in taking a public position on political issues, in that at its General Board meeting during February, 1961, it took the following official action, to wit:

(a) Pronouncement on Federal Aid to Education.
(b) Resolution on Medical Aid supported by compulsory social security taxes.
(c) Resolution on Aid to Depressed Areas.
(d) Pronouncement on Responsible Parenthood (Birth Control).
(e) Resolution on the Right to Vote.
(f) Resolution on Employment of Young Workers.

NOW, THEREFORE, BE IT RESOLVED, That the Board of Memorial Christian Church deplores these activities of the National Council of Churches and requests that this area of pre-occupation, which is neither sanctioned by its constitution or its constituency, be discontinued; and that the National Council of Churches close its office in Washington, D. C. and conduct such business with the government, as is necessary and authorized, from its New York office, and

BE IT FURTHER RESOLVED, That the intent of this resolution does constitute an ultimatum to the National Council of Churches to proceed with dispatch in the implementation of the requests herein contained, and that the Board of Memorial Christian Church, in the months ahead, will observe with concern the activities of the National Council of Churches in the hope that remedial action will be undertaken, and

BE IT FURTHER RESOLVED, That a copy of this resolution, certified by the Secretary, be forwarded to the International Convention of Christian Churches for presentation at its annual convention in Kansas City, Missouri, September 29-October 4, 1961, and that a certified copy of this resolution be forwarded to the National

Council of the Churches of Christ in the United States of America at its New York City office.

Concerning Participation in Interdenominational Summer Conferences on the Christian World Mission

WHEREAS, The projection of the world mission today depends upon trained leadership in the Church, and

WHEREAS, One of the emphases of the Decade of Decision is greater participation in and support of the ecumenical endeavor; and

WHEREAS, We feel a deep conviction concerning the tremendous value for missionary training, ecumenical advancement, and spiritual enrichment to be gained from ecumenical conferences; and

WHEREAS, The various interdenominational summer conferences sponsored by the National Council of Churches, provide the highest type of leadership training for the World Mission in an ecumenical fellowship; and

WHEREAS, We covet increased interest in and attendance at such Conferences of members of our Communions:

THEREFORE BE IT RESOLVED, We, the members of the Christian Churches (Disciples of Christ) assembled at the Southwest Conference, Mount Sequoyah, respectfully recommend:

(1) That wide publicity and promotion be given, each year, to the Interdenominational Conferences in the section of the country where they are held, through State Offices and local Churches;
(2) That local Churches, Christian Women's Fellowships, and those responsible for youth leadership in our churches encourage increased attendance, and provide financial assistance for adult and youth leaders at such Conferences;
(3) That local Churches, especially, urge attendance of those in the Church who are in places of leadership, such as the chairman of the Outreach Department, leaders of Schools of Missions, Directors of Worship, Study, and Service in the Christian Women's Fellowship, and Leaders of Youth.

We, the undersigned, represent some fifty members of the Christian Churches in attendance at the Southwest Conference, Mount Sequoyah, Fayetteville, Arkansas.

Concerning the Appointment of a Commission to Prepare a Study Book on the Doctrine of Christian Baptism

WHEREAS, the doctrine of Baptism has been regarded as an essential doctrine from the earliest period of our movement, and

WHEREAS, our passion for Christian unity has been inseparably related to our teaching and practice of Baptism, and

WHEREAS, the divergent practices within our brotherhood stemming from divergent conceptions of the doctrine have made for confusion and weakened the bond of oneness among us, and

WHEREAS, on the level of ecumenical discussion this doctrine has assumed an increasingly important place in recent years,

BE IT HEREBY RESOLVED, that our International Convention take the initiative with the aid of any responsible agency such as The Council on Christian Unity, to establish a representative Brotherhood commission of leaders drawn from various areas of ministry, to prepare a study book for use of local churches in their study of this vital doctrine;

AND THAT this commission seek to set forth as clearly, yet as concisely as possible, the Biblical, theological, and historical information necessary to lead us in developing sound congregational policies regarding this doctrine and equip us to discuss fruitfully with others within the ecumenical movement this doctrine;

AND THAT the study book of the Committee on Christian Union of the British Churches of Christ might serve as a helpful example of the kind needed;

AND THAT the findings of the commission be completed within two years, if possible, and published at a cost that would encourage wide use in local churches.

Resolution No. 55

IN SUPPORT OF THE UNITED NATIONS AND WORLD DISARMAMENT

WHEREAS, the cause of peace and the "world's best political hope for peace," the United Nations, have been gravely impaired by the death of the late Secretary General of the United Nations, Dag Hammarskjold; and

WHEREAS, in his term of office Mr. Hammarskjold provided strong leadership which gave the world hope that the United Nations could play a significant role in "removing the scourge of war" from the earth, give protection to the smaller nations and help them and all nations and their peoples to have the benefits of material prosperity and the assurance that the great body of world opinion stood by them as they made their free choice concerning a form of government and way of life; and

WHEREAS, the President of the United States in an address to the General Assembly has pledged the influence of our country in support of strong United Nations led by a single Secretary-General; and

WHEREAS, the President also has declared it to the national purpose of the United States to work for "general and complete disarmament" under a system of international control within the framework of the United Nations, and has signed into law an Act of Congress establishing a U. S. Agency for Disarmament; and,

WHEREAS, the hour of decision is upon us and the threat of nuclear war a real possibility with the resumption first of testing in the atmosphere by the Soviet Union and then underground by the United States symbolizing the determination of both nations to use nuclear weapons as a last resort in the event of a general war

THEREFORE BE IT RESOLVED that the Assembly of International Convention of Christian Churches (Disciples of Christ) meeting in Kansas City, Missouri, September 29-October 4, 1961, express their deep sorrow at the death of the Secretary General of the United Nations, Dag Hammarskjold, and pray earnestly now and in the months ahead that his patient and constructive work for peace may become an inheritance upon which the world may construct a foundation for a just and lasting peace; and

BE IT FURTHER RESOLVED that we commend the President of the United States for asserting leadership in this grave hour to the end that all of the nations of the United Nations be called to work ceaselessly for "general and complete disarmament" under a system of inspection within the framework of the United Nations; and in keeping with this high goal we express our gratitude to the Congress and the President for establishing a U. S. Agency for Disarmament and urge that in the year ahead it be given strength and resources so that in the world of nuclear weapons it may become a primary agency for the protection of the peace and security of the citizens of the United States; and

BE IT FURTHER RESOLVED that we reaffirm our support of the United Nations as the world's best "political hope for peace" and hereby declare that the cause of peace and the welfare of all the peoples, particularly the smaller nations, can be served only with a single strong Secretary General, and,

BE IT FURTHER RESOLVED that this Assembly agrees with former President Eisenhower that in this nuclear age "there is no alternative to peace" and that we solemnly recommend to the leaders of all the nations that the arms race be halted beginning at once with the prohibition of all nuclear testing as a first step towards disarmament.

Chaplaincy Endorsement Commission of the International Convention of Christian Churches

(Disciples of Christ)

Walter F. MacGowan, Chairman, Oklahoma City, Okla.
Carl M. Boyd, Secretary
221 Ohmer Ave., Indianapolis 19, Indiana, P. O. Box 19136

PURPOSE

For many years the military chaplaincy, Army, Navy and Air Force, and the Veterans Administration chaplaincy, have required an individual endorsement on a chaplain by a recognized endorsement body of the Communion responsible. In more recent years, with the expansion of the chaplaincy into institutional areas, such as hospital, correctional chaplaincies, as well as the new field of industrial chaplaincy, demands have been made by such national and state governments, and other bodies, for similar endorsement.

Standards are set by these organizations such as age, education, training and general fitness. The military chaplaincy gives each denomination a quota, based on that communion's strength in the U.S.A. and their need for chaplains.

It is the responsibility of our Commission to endorse only such men as shall be representative of the highest quality of our ministers for these exacting tasks and to retain such relations with our chaplains as to be able to withdraw such endorsement should any prove unworthy, or be found undesirable for such duty.

ANNUAL REPORT

July 1, 1960, to June 30, 1961

The Commission is appointed annually by the president of the International Convention, with the concurrence of the Board of Directors, and operates under general rules of procedure and policies set forth by the Board of Directors. It serves on a voluntary basis. The Commission is charged with the responsibility of selecting chaplains for the Army, Air Force (including Civil Air Patrol), Navy Veterans Admnistration, and all other chaplaincies of whatever sort which require a Brotherhood endorse-

ment, who are well qualified by training and experience, and who are above reproach in their personal lives for these exacting ministries. It has the authority to withdraw such an Ecclesiastical Endorsement at any time should a chaplain prove unworthy of this trust, change his religious affiliations, or be found undesirable for such duty.

The Commission shares the responsibility with the branch of military service, or other organizations which require chaplains, standards, such as age, education, training and general fitness, to provide the highest type of leadership possible for a spiritual ministry to the men and women in their care. It seeks also to retain the closest of ties on behalf of the Brotherhood with the chaplains in their specialized ministry.

Respectfully submitted,

CARL M. BOYD, Secretary.

Commission on Budgets and Promotional Relationships

of the International Convention

HISTORY AND PURPOSE

The Colorado Springs Assembly of the International Convention, 1923, approved a resolution calling for "the appointment of a permanent Commission on Budgets and Promotional Relationships to which shall be submitted all the budgets of the cooperating agencies. When such budgets shall have been reviewed and approved by the Commission, they shall be recommended to the churches. Full report of the actions of this Commission shall be made to the succeeding International Convention for its review and approval. . . . We further recommend that this Commission shall consist of twelve members, none of whom shall be an employee of any of the cooperating agencies. . . ."

It was recommended "that the Commission on Budgets and Promotional Relationships, when appointed, shall ask the cooperating agencies to be governed in submitting their budget askings by the following principles:

"1. Budget askings should be based upon the needs of the field, and cooperating agencies may accompany all proposed budgets with statements and surveys to support their askings."

2. It was recommended "in the case of emergencies or crises arising within the fiscal year affecting any of the cooperating agencies, that a special session of the Commission on Budgets and Promotional Relationships, in conjunction with a special session of the Administrative Committee of the International Convention, may be called at the expense of the agencies asking for such a meeting."

The Commission on Budgets and Promotional Relationships has functioned each year since 1923. The wisdom of constituting this Commission has been demonstrated through the universal acceptance of the guidance of the Commission by all agencies reporting directly or indirectly to the International Convention; also by the churches who recognize that appeals for funds for causes which have been approved by the Commission have been studied and carefully weighed as to their relative importance. Thus, good balance has been maintained in the solicitation and expenditure of funds contributed by local congregations for the total work of the Disciples of Christ.

ANNUAL MEETING

Edward S. Moreland, Chairman

Presiding during the Annual Meeting, March 6-10, 1961, Edward S. Moreland.

Present: D. Wayne Doolen, G. L. Messenger, Edward S. Moreland, Mrs. Forrest L. Richeson, W. Goebel Sanders, Kenneth B. Seeley, G. Gerald Sias, Kenneth F. Smith, Travis A. White, Paul H. Woods.

Absent: Warner Muir, James L. Stoner.

The minutes of the 1960 Annual Meeting were reviewed.

VOTED approval of the 1960 minutes.

The Commission met jointly with the Commission on Brotherhood Finance to receive a report and recommendations from the *Week of Compassion Committee* re reallocation of funds.

This report was submitted to the Board of Directors of the International Convention on October 19, 1960, and the complete text of the report is a part of the minutes of that meeting. Action by the Board of Directors was as follows:

VOTED that the Board of Directors accept and approve the recommendations contained in the report of the subcommittee on the Week of Compassion.

Note: The specific recommendation contained the suggestion that support of the "Committee on Military and Veterans Services" and "Pensions for Chaplains" plus other causes might be allocated to appropriate agency budgets.

Both Commissions accepted the principle approved by the Board of Directors and discussion centered around ways and means of implementing this change in policy without creating serious financial problems within the structure of Unified Promotion.

The Commission on Budgets

VOTED that the report be approved with the provision that implementation may be deferred in part or all until the fiscal year, 1962-63, as the agencies concerned deem best.

The Commission on Brotherhood Finance took action to facilitate the transfer of responsibility for funding to items previously supported by the Week of Compassion, viz., "Pension Dues for Chaplains" and the "Committee on Military and Veterans Services."

Action by the Commisison on Brotherhood Finance was as follows:

"That in the light of the current trend of receipts, we absorb in Unified Promotion allocations the $20,000 for Chaplains' Pension Dues and $70,000 for the Committee on Military and Veterans Services, in the transfer of responsibility within the approved ceiling for 1961-62. Further, in keeping with the directives of the Commission on Budgets and Promotional Relationships as to the 'time schedule' for the transfer of the Week of Compassion responsibility in the fields of Chaplains' Pension Dues and Military and Veterans Services, and the directive regarding the requests of the respective agencies absorbing the responsibilities in the transfer from Week of Compassion operation, the transfer of funds for these factors for regular budgets has been made

effective for the year 1961-62. By virtue of their absorption in regular budgets after 1961-62, they will be a part of regular program in the agencies involved." (The Pension Fund and the United Christian Missionary Society, respectively.)

Consideration was given to the possibility of transferring other items which might not necessarily come under the category of "compassion" per se, to the budgets of appropriate agencies by future action.

Chairman Edward S. Moreland presided over the Biennial Session of the *Board of Review* on March 6-7, with other members of the Commission on Budgets and Promotional Relationships present as members of the Board of Review.

Confirmation of Mail Votes on Requests Presented Between Annual Meetings, Since March 3, 1960

Upon recommendation by the Commission on Brotherhood Finance, members of the Commission on Budgets and Promotional Relationships approved, by mail, the following:

1. An allocation of $2,400 previously pledged by 12 churches in Texas for the *Campus Christian Life Program in Texas,* to be allocated to Texas as designated funds for the purpose indicated.

   VOTED approval.

2. Permission to *The College of the Bible* to accept capital funds from church budgets prior to 1965, provided such contributions are made by congregations on their own initiative and by authorization of state committees.

   VOTED approval.

3. The request of the *United Christian Missionary Society* for permission to solicit $500,000 on an emergency basis to provide transportation for missionaries being evacuated from the Congo, to compensate for property losses, and to meet other unusual expenses connected with the *Congo crisis.*

   VOTED approval.

4. A request from the *United Christian Missionary Society* to receive designated funds from the *National Christian Missionary Convention* over and above the regular allocation from the Commission in 1960-61. This recommendation was made because the services of the National Christian Missionary Convention heretofore supported by the churches have now been absorbed by the United Christian Missionary Society. The amount involved is approximately $15,000.

   VOTED approval.

Hearings

National Benevolent Association

President Orval D. Peterson, Hobart Fosher, Treasurer, and John Norris, Auditor, of the National Benevolent Association staff, appeared before the entire Commission for an interview regarding their report. Attention was called to the following highlights:

1. The NBA is developing its new policy of a total budget, superseding the former area plan.

2. A new department of Service and Research was instituted July 1, 1960, giving special attention to an expansion program and the establishment of new Homes.
3. The hospital phase of the program is increasing, i.e., hospital units in established Homes to meet the growing need for this service.
4. Specific attention was called to the establishment of Woodhaven at Columbia, Missouri, to serve educable and trainable children, classified as mentally and physically retarded.
5. The NBA will move its offices to the new Christian Board of Publication Building in St. Louis, March 1, 1962.

National Association of State Secretaries

H. Myron Kauffman, President of the National Association of State Secretaries, interpreted the report submitted by the Association, indicating that for the year 1961-62, budget requests are presented on the basis of preceding years.

The 1962-63 budget submitted anticipates the establishment of a successor organization to be known as the "Conference of State and Area Secretaries and Board Chairmen." It was reported that not all State Societies have acted upon the proposal favorably. However, assuming that such approval is obtained, the organization anticipates the formation of operational plans in December, 1961. Financial underwriting of the new organization will be on the basis of assessment from state budgets.

Midway Junior College

President Lewis A. Piper and David Cleveland, Director of Public Relations, appeared before the Commission. Highlights of their report are as follows:

1. This is the only school in our Brotherhood that has as its specific purpose provision for the education of college and high school girls from broken homes. Students are admitted from all states and foreign countries, regardless of denominational affiliation.
2. $1,200 per year per student is expended, of which three-fourths comes from endowment.
3. Fluctuations in endowment income currently will require more gift money to carry on the program.
4. Promotional solicitation from churches is confined to Kentucky. This institution is cooperating with the new constitution for Kentucky churches, and is submitting its financial askings along with other institutions receiving financial support from Kentucky.

Christmount Christian Assembly

Howard Kester, Executive Director, appeared before the Commission.

1. A brief statement was presented regarding the history and purpose of the Assembly, together with a description of the grounds and buildings which have been erected.
2. Conferences scheduled during the current year include the following: a Visual Aid Conference, a Conversation Group on Christian Ethics, Spiritual Life Conference, Ministers' Conference, Young People's Conferences for Western North Carolina. It was reported that accommodations are available up to 100 for this type of group meeting.

3. Nine states in the Southeastern region regularly elect six members each to the Board of Directors.
4. Financial support is solicited from these nine states.

National Christian Missionary Convention

Emmett J. Dickson, Executive Secretary, made a statement regarding the changed status of the National Christian Missionary Convention, indicating that services to local congregations had now been transferred to the Department of Church Life and Work of The United Christian Missionary Society. The present organization now serves as a holding corporation for properties and arranges the Annual Assembly of Negro churches.

The College of the Bible

President Riley B. Montgomery and Vice-President Charles E. Dietze appeared before the Commission. This Seminary is a member of Unified Promotion and is not required to report directly to the Commission on Budgets. However, as a courtesy and for the purpose of sharing information, the hearing was granted.

Enrollment in the Seminary was reported to be an 8% increase over the previous year. Applications for the academic year beginning in the fall of 1961 are above those of last year. The Board of Trustees and the administration of The College of the Bible are greatly encouraged over the success of the Centennial Development Campaign. However, the institution must seek increased operating funds in order to take care of a growing program and enlarged campus expenses.

Brazil Christian Mission

William A. Cook, Forwarding Agent, and Kermit D. Pugh, member of the Board of Brazil Christian Mission, appeared before the Commission to interpret the report. This organization is asking for $100,000 in capital funds for the erection of a new church building in Brasilia, of which approximately $27,000 has already been raised.

Seven missionaries are reported serving in Brazil at a location about 70 miles from the new capital city of Brasilia. Future plans will concentrate work in the capital city.

Disciples Divinity House, University of Chicago

Dean W. B. Blakemore appeared before the Commission. A statement was made regarding a needed program of rehabilitation of the building for which $10,000 a year has been included in the Decade capital asking toward a total estimated cost of $80,000 for this purpose.

Costs per student have been $720.00 per year with an increase to $900.00 next year.

A program of internship is provided with a grant of $2,000 from the Divinity School.

Present enrollment is 32. This is the highest number of students enrolled to date.

Christian College of Georgia

Barton A. Dowdy, Dean, reported on property presently owned and the program of acquiring additional property adjacent to the present site. When

this program has been completed, the College will be located on a three acre tract. Additional property to be acquired will cost between $35,000 and $40,000.

Goals for funds to support the Christian College of Georgia are released to the churches in a unified approach but a separate promotional program is being carried out.

Northwest Christian College

President Ross J. Griffeth appeared before the Commission. He reported that about one-fourth of courses leading to degrees are taken from the University of Oregon.

The request this year is for $100,000 capital from churches and individuals. This is a conclusion of a three-year capital campaign from which payments will be anticipated during the next three months.

Promotion is carried out in cooperation with the state promotional program in the states of Oregon and Washington, along with other interests seeking support of the churches in those states.

The program of Northwest Christian College is to keep the new building program perpetually before the constituency, depending upon part of this to come from bequests.

Phillips University and Graduate Seminary

President Hallie G. Gantz appeared before the Commission. He reported that for the current year, receipts from church sources are within $30,000 of the total goal of $240,000.

Askings for endowment from individuals and corporations are $1,000,000 a year. Receipts for the calendar year, 1960, for endowment were $403,000. This is the first step of a $10,000,000 objective for the Decade.

Note: By agreement with the Christian Higher Education Commission of Missouri, $100,000 has been approved from this source for the Phillips Graduate Seminary during the Decade of the 60's. Allocations from this fund for 1961-62 are $3,940; 1962-63, $4,300.

Drake University and Drake Divinity School

Dean John E. McCaw appeared before the Commission for a discussion of reports from Drake University and Drake Divinity School. He explained that only the Divinity School approaches local churches for promotional funds.

Christian Board of Publication

President Wilbur H. Cramblet appeared before the Commission reporting the opening of a new Book Store in Los Angeles, and calling attention to contributed services.

Action on Reports, Budgets and Capital Askings
Non-Unified Promotion
National Agencies

Brazil Christian Mission

VOTED that the operational askings of Brazil Christian Mission of $55,000 from churches and $15,685 from individuals for 1961-62 be approved.

VOTED that the operational askings of Brazil Christian Mission of $55,485 from churches and $17,000 from individuals be approved for the year 1962-63.

VOTED that capital askings of Brazil Christian Mission of $16,500 from churches and $16,500 from individuals be approved for the year 1961-62.

VOTED that capital askings of Brazil Christian Mission of $17,000 from churches and $17,000 from individuals be approved for the year 1962-63.

Christian Board of Publication

VOTED that the annual report and operating statement of the Christian Board of Publication be received with commendation for their very vital service to the Brotherhood.

Note: The report includes a statement of Grants-In-Aid for 1960 totaling $66,014.90; contributed services for 1960 totaling $89,287.

The Christian Foundation

VOTED that the annual report of The Christian Foundation be received.

Note: The report includes the directory, the statement of purpose and the financial statement as follows:

Total Assets, November 30, 1959	$4,573,154.67
Contributions	862,077.95
Administrative Cost	9,914.96

Christmount Christian Assembly

VOTED that the operational askings of Christmount Christian Assembly of $10,000 from churches and $8,300 from individuals be approved for 1961-62.

VOTED: that the operational askings of Christmount Christian Assembly of $12,000 from churches and $8,000 from individuals be approved for 1962-63.

VOTED approval of capital askings of Christmount Christian Assembly of $100,000 for each of the years, 1961-62 and 1962-63, from individuals only, subject to promotion in those states where clearance has been made through State Promotional Committees or otherwise.

Note: The Christmount Board is asked to give consideration to an equitable allocation of capital fund goals among the nine states involved in order that guidance may be furnished regarding the amount expected from each state.

European Evangelistic Society

VOTED that the operational askings of the European Evangelistic Society of $10,647 from churches and $800.00 from individuals be approved for the year 1961-62.

VOTED that the operational askings of the European Evangelistic Society of $11,522 from churches and $800.00 from individuals be approved for the year 1962-63.

National Association of State Secretaries

VOTED that the operational budget for the National Association of State Secretaries of $1,660 for 1961-62 be approved.

Note: Askings from the National Association of State Secretaries for the proposed successor organization, "Conference of State and Area Secretaries and Board Chairmen" were received. However, approval was withheld on the askings for 1962-63 inasmuch as the proposed organization has not yet been consummated and the Commissioners have not been advised that clearance for the creation of the organization has been made through proper channels, e.g., the Council of Agencies and membership in the International Convention.

National Benevolent Association

VOTED that the Commission on Budgets and Promotional Relationships approve an asking goal of the Week of Compassion Committee for 1962-63 in the amount of $600,000.

Special Actions

Annual Budget Unified Promotion

The Board of Directors of Unified Promotion presented a proposed budget of $313,618 for 1961-62 for operational expenses of Unified Promotion, Inc.

VOTED approval of the Budget of Unified Promotion totaling $313,618 as presented by the Board of Directors of Unified Promotion for 1961-62.

Recommendation to Reconstitute the Week of Compassion Committee

The Commission recognized the changed status of the Week of Compassion in the light of mutual agreement to discontinue "Pensions for Chaplains" and the work of the "Committee on Military and Veterans Services" as participants.

It now appears that the Week of Compassion causes consist largely of those recommended by the Committee on Relief Appeals. Therefore, it seems desirable to discontinue this committee and merge its functions with a reconstituted Week of Compassion Committee, whose scope would include consideration of all continuing causes in the Week of Compassion.

It was voted that the Chairman appoint a sub-committee to draft a resolution incorporating a recommendation to reconstitute the Week of Compassion Committee, to be presented at the Kansas City Assembly of the International Convention, 1961. The Committee presented the following resolution:

Recommendation to Reconstitute the Week of Compassion Committee

WHEREAS the 1953 Portland Assembly of the International Convention of Christian Churches (Disciples of Christ) approved Resolution No. 34 authorizing a Week of Compassion Committee whose membership and functions were defined, and

WHEREAS upon the recommendation of the Commission on Budgets and Promotional Relationships, and by mutual agreement of the parties concerned, two of the causes, Pension Fund dues for Chaplains and the Committee on Military and Veterans Services, have been transferred for funding to the regular budgets of the Pension Fund and the United Christian Missionary Society respectively, and

WHEREAS the causes endorsed by the Commission on Budgets and Promotional Relationships for continuing participation in the Week of Compassion, include all of the needs heretofore presented by the Committee on Relief Appeals,

IT IS THEREFORE RECOMMENDED that the Committee on Relief Appeals be discontinued and that its functions be incorporated in a reconstituted Week of Compassion Committee of the International Convention, which would be representative of these and other causes sharing in the Week of Compassion appeal, beginning July 1, 1962.

IT IS FURTHER RECOMMENDED that the membership of the Week of Compassion Committee be constituted as follows:

1. One representative each from: World Mission, National Home Missions, and Christian Action and Community Service of the United Christian Missionary Society, to be elected by the Board of Trustees of the United Christian Missionary Society;
2. One representative from and elected by the Council on Christian Unity;
3. Two State Secretaries elected by the National Association of State Secretaries;
4. Three members-at-large; one layman, one woman, one minister, elected for rotating three-year terms; by the International Convention;
5. Two ex-officio members; Executive Secretary of the International Convention and Executive Secretary of Unified Promotion.

Representatives named above shall be confirmed annually with the exception of the members-at-large.

IT IS FURTHER RECOMMENDED that the Board of Directors of the International Convention be empowered to implement this resolution by July 1, 1962.

Adoption of this recommendation implies that the purposes and spirit of the Convention Assembly action at Portland in 1953, Resolution No. 34, are reaffirmed and that the reconstituted Week of Compassion Committee will implement the needs for the causes now cooperating in the Week of Compassion.

VOTED that the above resolution be approved for submission to the Kansas City Assembly of the International Convention, 1961.

Note: 1. G. L. Messenger is delegated to represent this Commission before the Committee on Recommendations when the resolution is presented.

2. A copy of the recommendation is to be furnished to the agencies involved.

3. The 1961 Nominating Committee will be asked to consider continuation of present members of the Week of Compassion elected at-large for the sake of continuity.

4. Text as revised by Week of Compassion Committee, presented as Resolution No. 33, 1961 Assembly.

The Message

VOTED that the following *Message to the Churches* prepared by a committee composed of G. Gerald Sias, G. L. Messenger and Travis A. White, be approved.

As we begin this second year of the "Decade of Decision" we are six minutes into the game. The stimulation of anticipation has given way to the exhilaration of action. Our fears of untested and untried opportunities are being overcome by confidence born of aggressive personal involvement. The strategy of preparation is being translated into the strategy of participation.

We thank Thee, O God, for involving our Brotherhood, and each of us in the awareness of the need of this world and the burden of Christian responsibility it places upon us.

We recognize more fully than ever our need for the resources of faith in Him who is our Leader and Christ. As we move on together we are aware of our foes without and sensitive to the weaknesses within each of us. Because of this deep sense of inadequacy we hunger and thirst for

fellowship with Christ and all who love Him and are committed to His way.

We beseech Thee, O God, to grant strength and wisdom for this task before us.

We covenant together to be satisfied with nothing less than victory in the redemptive reconstruction of our world. Reinforced with spiritual might through faith, prayer and sacrifice, we will meet head on the great moral issues of our troubled world. A world with vast areas and millions of people enslaved by secular materialism and tyrannical dictatorship; a world of subjected and restless "have nots" caught in the turmoil of rising nationalism and self-realization without the transforming power of the love of Christ to guide this unleashed power into channels of redemptive usefulness; a world of "haves" weakened by moral sterility, indifference, indolence and self-conceit spawned of a love for and dependence upon things for life's ultimate fulfillment.

Such a world demands a new realism of us. The realism demanded is the necessity of redoubling our efforts, keeping this goal of redemptive reconstruction in view rather than wasting ourselves and our resources in a fanatical piety which redoubles efforts but fails to keep this goal in view.

We beseech Thee, O God, to keep us true to this covenant to bring redemptive order out of the unredeemed chaos of our world.

We submit to His discipline and the mutual disciplines agreed upon that we may with strength and power work together as a victorious team in our great venture of faith, "The Decade of Decision." We seek not merely to lie down in green pastures nor rest ourselves beside still waters, but rather as stalwart and disciplined soldiers of the cross to fight the good fight. We commit our lives and our resources in an aggressive thrust toward the goal of this decade, enlisting every follower of Christ in a like commitment to this compelling mission.

We beseech Thee, O God, for steadfastness of faith to transform our decisions into the complete dedication of our lives.

We stand this day upon the achievements of those who have gone before. We confront the demands upon us in the days ahead. When this Decade is over may each of us be able to join the great apostle in his declaration of achievement, "I had *my* part in the great contest."

Note: This Message was prepared in the form of a litany with the suggestion that it might be available for use in local congregations.

Nominating Committee

The Nominating Committee appointed by the Chairman reported as follows:

Committee on Selective Service Status of Ministerial Students

OF THE INTERNATIONAL CONVENTION

ANNUAL REPORT July 1, 1960, to June 30, 1961

Harlie L. Smith, Chairman
Ralph T. Palmer
Beauford A. Norris
Lawrence H. Maines
Thomas E. Wood, Secretary

The Committee on Selective Service Status of Ministerial Students of the International Convention was created to give guidance and assistance to ministerial students who need deferment from military training in order to study for the ministry.

During the past fiscal year this committee carried on extensive correspondence with young men in regard to securing their IV-D status of deferment. In a number of instances this involved correspondence with local, state and national Selective Service Boards.

The following procedure, based on United States Selective Service requirements, is recommended for securing deferment. Selective Service requirements make it necessary:

1. That the candidate sign a life commitment card stating his intention to go into full-time vocational Christian service.

2. That he obtain three copies of the following statements: (a) an affirmation from his local church that he is known to be a candidate for the ministry and that the church recommends him for deferment, (b) a letter from the college he is now attending or will attend stating that he is registered as a student, (c) a statement from a recognized graduate school of religion stating that he is pre-enrolled as a ministerial student.

The candidate should give the first copy of each of these statements to his draft board, the second copy of each should be sent to the above named committee and the third copy is for his file. On receiving the three statements and life commitment card the Committee on Selective Service Status of Ministerial Students grants a certificate of recognition to the young man and sends a copy of the certificate directly to his Selective Service board.

In emergency cases the committee stands ready to appeal to Selective Service for young men who have met these requirements and for one reason or another have not been granted IV-D status.

A leaflet entitled "Selective Service Requirements for Young Men Planning to Enter the Ministry" may be secured without charge from the International Convention office, 221 Ohmer Avenue, P. O. Box 19136, Indianapolis 19, Indiana.

All-Canada Committee of the Churches of Christ

O. W. McCully, General Secretary
695A St. Clair Ave., West, Toronto 10, Ontario, Canada
532-3957

HISTORY AND PURPOSE

A conference of Canadians in attendance at the International Convention of Disciples of Christ in 1921 expressed a desire for closer unification of the work of the Churches of Christ in Canada.

Later in 1921 a team of four including George H. Stewart of Winnipeg, visited many of the churches across Canada. The idea of an All-Canada Conference was presented and discussed.

The Conference was held late in May, 1922, at Poplar Hill, Ontario. George H. Stewart was elected Chairman of "The All-Canada Continuation Committee."

Listed as purposes the following items were prominent.

1. Greater unity of the Church.
2. Secretarial leadership that would include all of Canada and all phases of the work.
3. A Headquarters office or clearing house for the many and varied activities of the Churches across Canada.
4. Literature—The first move in this way was "The Canadian Disciple" which was first published in January, 1923.
5. Stewardship of Life and Means.

The Committee sponsors an All-Canada Convention once in two years. The Convention appoints the Continuation Committee which carries on the work between Conventions.

ANNUAL REPORT July 1, 1960, to June 30, 1961

We were successful at the beginning of the year to secure Miss Joan Ledger as Associate Secretary with major responsibilities in the area of Christian Education. Miss Ledger has given valuable leadership during the year which has been greatly appreciated and helpful.

Our All-Canada Evangelist, John H. Bergman, resigned as of June 30, 1961, to accept a call to the Central Church in Edmonton, Alberta.

The Maritime Convention met at the South Lake Church in Prince Edward Island in September. We were pleased to have the leadership of Dr. Gaines M. Cook.

The Ontario Convention met at Everton in June. It was the Centennial of Evertons building, Dr. Howard E. Short, Mrs. Claylon Weeks and Dale Medearis were the leaders.

After a lapse of about eighteen years the churches in Alberta held a meeting for Fellowship in Calgary in May.

Almost twenty-five per cent of the churches in Canada have changed ministerial leadership during the last year.

This year the churches gave more money through Unified Promotion than ever before. Contributions to Capital funds increased but not as much proportionately as through Unified Promotion.

Board of Church Extension of Disciples of Christ

William T. Pearcy, President
110 South Downey Avenue, Indianapolis 7, Indiana
Fleetwood 6-6333

HISTORY AND PURPOSE

The Board of Church Extension, a non-profit corporate agency of the Christian Churches, was organized in 1883 to assist Christian churches and organizations in all phases of their building project.

The Board of Church Extension is managed by 18 directors elected from representative laymen and ministers who serve for a three year term, with possibility for re-election for a second three year term.

The sources of its funds are offerings from churches and individuals through Unified Promotion, annuity gifts, bequests, named funds, passbook savings accounts and investment certificates.

The Board cooperates with the national agencies of Disciples of Christ, state and provincial societies, city and area organizations of Christian churches.

The following services are rendered by Church Extension:

- Loans for the erection or purchase of churches, educational buildings, parsonages, state office buildings, camp facilities; for remodeling and equipment and for the purchase of sites for new church buildings, parsonages and camps and conferences.
- Interest-free loans to qualifying new congregations.
- Trust funds (a depository for building or other investment funds) currently paying 3½% and 4% per annum, compounded semi-annually.
- General counseling.
- Leadership in financial campaigns.
- Architectural counseling.
- Certificate-Loan Plan.

The *first step in any building program is a General Consultation.* It deals with the general issues, opportunities and problems which confront the church. Such questions as these are considered:

What are our building needs?
What should we do about a building site?
Should we stay in our present location or move?
How do we organize effectively for a building program?
How much can we afford to spend on our building project?
How can we raise money for a building program?
How much should we borrow?
What is a step-by-step calendar for our program?

A General Consultation is provided without cost.

AUDITOR'S CERTIFICATE

March 9, 1961

To the Directors
Board of Church Extension
of Disciples of Christ
110 South Downey Avenue
Indianapolis, Indiana

Gentlemen:

We have examined the accounting records of the Board of Church Extension of Disciples of Christ, Indianapolis, Indiana, pertaining to its financial position at December 31, 1960, and to its operating results for the year then ended. We have reviewed the accounting procedures of the corporation and, without making a detailed audit of the transactions, have examined or tested accounting records and other supporting evidence to the extent we deemed appropriate.

In our opinion, the accompanying balance sheet and statements of income and expense and fund accounts, subject to the notes relative thereto, present fairly the financial position of the Board of Church Extension of Disciples of Christ at December 31, 1960, and the results of its operations for the year then ended.

Respectfully submitted,

CARTER, KIRLIN AND MERRILL
Certified Public Accountants

Services to Christian Churches in 1960

General Consultations

519 field visits were made, without cost to the churches, to analyze needs, financial capacities and to develop next steps and time schedules.

Architectural Services

532 different churches were served through 178 field and 52 office consultations. 254 sets of drawings were reviewed and 291 sketches and reports were prepared.

Fund-Raising

103 fund-raising campaigns were conducted with Church Extension direction, to secure $4,724,712 in gifts.

Loans

208 interest-bearing and 42 interest-free loans were closed totaling $6,476,383. Since its beginning in 1883 Church Extension has lent a total of $52,382,055.

Savings Depository

Individuals, churches, church organizations and institutions deposited $5,889,331 in 3½% Passbook and 4% Investment Certificate accounts and earned $360,703 in interest. Deposits as of December 31, 1960, totaled $10,896,239.

Certificate-Loan Plan

103 churches and church related organizations availed themselves of this cooperative financing program and invested $2,599.684.

New Churches

Services to new congregations (less than 3 years old) were provided without cost and included 94 general consultations; 11 building fund campaigns to raise $191,367; 16 Certificate-Loan campaigns; architectural aid for 68 churches; construction services for the erection of three first units; 11 interest-free loans promised totaling $110,000; 35 interest-bearing loans closed totaling $913,086.

NAMED FUNDS

The establishment of a Church Extension Named Fund provides a unique method of honoring devoted Christian people. It also provides a method whereby individuals and churches may express their special interest in the work of Church Extension.

Board of Higher Education
Disciples of Christ

Harlie L. Smith, President
222 S. Downey Avenue, Indianapolis 7, Indiana
Fleetwood 7-1166

HISTORY AND PURPOSE

The Board of Higher Education is a successor organization of a Board of Education which grew out of informal meetings of college presidents and others interested in higher education. This Board of Education was chartered in 1914 and continued in existence until the late thirties when the work of higher education was merged with the United Christian Missionary Society. In 1938 a new Board of Higher Education was chartered and the work of the former department of higher education became the responsibility of the new Board.

The membership of the Board consists of elected members who are laymen, lay women, and ministers, and the heads of member institutions who are ex-officio members. Together these groups total eighty.

The Board is concerned with the education of youth in an atmosphere of Christian influence. This concern is expressed in liberal arts colleges, universities, seminaries, Bible chairs and Bible colleges, and student work foundations. A coordinate concern is the training of young people for vocations of the church, and is expressed through these same institutions.

Since these two concerns are carried on through member institutions, the Board has a responsibility to assist them in making them strong and vital.

The Board also serves in a program of recruitment of leadership. Here again, there is close cooperation with the member institutions and other agencies with recruitment programs.

The Board is the representative of Disciples of Christ in many ecumenical activities as they relate to higher education, especially in the Division of Christian Education of the National Council of Churches of Christ in the United States of America and on the Commission on Christian Higher Education in the Association of American Colleges.

It represents the interests of higher education in many conferences for joint planning among the many boards of Disciples, and is the organization through which the institutions of higher education are related to the International Convention.

It is the channel of two-way communication at the national level between the churches and the institutions.

It serves institutions and churches in areas in analytical studies of the needs for new or different means of serving post-high school youth in an educational way.

ANNUAL REPORT

Through membership in the Board of Higher Education our various educational institutions find their relationship to the International Convention. The Board is the agency of the church at the national level for Christian higher education and this annual report is for this cause as represented by the Board and for the member institutions.

The work of the Board is assigned to five departments, although there are only two persons in administrative and program responsibilities. The assistant executive secretary assumes major responsibility for the Department of Christian Vocations and the Department of Campus Christian Life. The president has major responsibility for the Department of Administration and Research, the Department of Christian Institutions, and the Department of Publication and Promotion. However, there is work done in all departments by each of these staff members and the work of the assistant secretary-treasurer and the secretarial assistant extends over all five departments.

DEPARTMENT OF ADMINISTRATION AND RESEARCH

As the name of this department suggests, oversight of the total program of the Board, most inter-board planning, representation in ecumenical circles, and research are lodged here. Some minor research has been carried on this past year, although lack of resources have made it necessary to postpone indefinitely the proposed major project for the study of higher education for Disciples of Christ which is basic to the development of a total program and strategy of higher education for the brotherhood.

We have assumed our full share of responsibility in the International Convention, Council of Agencies, Home and State Missions Planning Council, Curriculum and Program Council, Council on Christian Unity, World Call Publications Committee, Unified Promotion, and various units of the National Council of Churches together with participation in several educational associations.

DEPARTMENT OF CHRISTIAN INSTITUTIONS

Desirable visits to the colleges have had to be curtailed during the current year, although three members of the staff had opportunity to serve modestly about ten of the thirty-five member institutions.

We missed an unusually fine opportunity to establish a much needed new college in cooperation with a rapidly growing community because of no way of guaranteeing modest, minimum, initial support of the proposed institution. Another Protestant body has taken advantage of the opportunity and has announced that the college will be open in two years with an anticipated student body of 1,200.

Generally speaking, our colleges are in good condition and church support accounts for about six per cent of the total income. All institutions report capacity or near capacity enrollments. They are more closely related to the church than at any other time in the past thirty years. Three days of the spring meeting of the Board were devoted to seeking ways to make this relationship more meaningful and this was followed by a consultation of four days in the past summer devoted to similar considerations in depth.

The per cent of Disciples of Christ students in our student bodies continues to rise.

DEPARTMENT OF CHRISTIAN VOCATIONS

This department shares with The United Christian Missionary Society in the promotion of the Disciples Guidance, Recruitment, and Education program for the Decade of Decision. The program moves slowly but carefully and is handicapped by lack of resources both nationally and at the state level. The need for ministers and others in vocations of the church is getting critical, and manpower must be found to extend guidance and recruitment in every church and state of Canada and the United States. The same is true for the situation in faculty supply. While our colleges still maintain a good ratio of Ph.D's to the total teaching staff, it becomes increasingly difficult to find adequately prepared persons for new appointments. Our placement office is unable to meet the demands made upon it.

DEPARTMENT OF CAMPUS CHRISTIAN LIFE

This department functions through the Joint Commission on Campus Christian Life. It is estimated that in this current academic year for every four students in a private educational institution there will be six in tax-supported colleges. The Joint Commission is constantly giving guidance and some initial support in the development of programs of campus Christian life. It attempts to serve the Christian needs of students, faculties, and administrative officers of these campuses.

The United Campus Christian Fellowship was formally constituted in August, 1960, bringing four fellowships including our DSF together at the national level. Representatives of the Board of Higher Education and The United Christian Missionary Society sit on the Church Relations Committee of the new organization.

DEPARTMENT OF PUBLICATION AND PROMOTION

The staff carries promotional responsibility through Unified Promotion and engages in other promotional field work during the year.

The demand for our literature exceeded our expectations by a substantial margin, and although no new pieces were published we had to overspend our printing budget to meet legitimate requests.

FINANCIAL REPORT

Once in the past ten years we have had a deficit. The year before last our expenditures exceeded income by some $231. During the year just ended, income exceeded expenditures by some $2,000, although we did exceed our budget in a few items notably in printing. We were able to curtail some other expenditures under the budget. For the current year and the one following at least, we shall have a very tight operation with the receipts of the year preceding governing the budget. We have consciously built an operating surplus of some twenty per cent of the budget to care for any year in which income should fall off suddenly.

It now becomes clear that we must postpone at least four years the staff expansion in Campus Christian Life and Christian Vocations which was planned for this next year in our decade program.

In spite of the fact that there are so many things we should be doing which we cannot undertake, we are grateful for the increased resources which have made it possible to make substantial gains in the long-range program.

AUDITOR'S STATEMENT

Board of Higher Education
Disciples of Christ
222 S. Downey Ave.
Indianapolis 7, Indiana

Gentlemen:

I have examined the accompanying statements of cash receipts and disbursements of: The Board of Higher Education, Disciples of Christ, Indianapolis, Indiana, for the fiscal year ended June 30, 1961.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances, including the confirmation of the amounts on deposit with The American Fletcher National Bank and Trust Company at June 30, 1961, directly with the depository.

The statements have been prepared on a cash receipts and disbursement basis and therefore do not purport to present financial position and results of operations except as related to cash basis non-profit organizations.

In my opinion, the statements of cash receipts and disbursements for the year ended June 30, 1961, have been fairly summarized on the basis indicated.

Respectfully submitted,
Dow H. Sykes
Certified Public Accountant

Brazil Christian Mission

**Wm. A. Cook, Mission Agent, 219 North Lisbon St.,
Carrollton, Ohio
Tel.—627-4314**

HISTORY AND PURPOSE

First begun as "The Lloyd Sanders Missionary Fund," the Brazil Christian Mission had its genesis at Johnson Bible College in May of 1943 when the graduating class organized the fund to send out and support Lloyd David Sanders, their fellow classmate, to the interior of Brazil. In August of 1947 the "fund" was reorganized in order to enlarge and stabilize its work. The name was changed to "Brazil Christian Mission."

The mission functions with a Board of Representatives whose purpose it is to insure the continuation of the work, to hold mission property in trust, to represent the mission on the home front, and to advise the missionaries as to matters of policy, selection of new recruits, etc. It is not a controlling faction of the mission. Its members are selected by the missionaries, serve without remuneration, and though having a voice in general policy, leave to the missionaries the responsibility of all duties which relate primarily to the mission field. A field association of the missionaries of the B.C.M. functions in Brazil to govern all matters pertaining to the field itself.

The missionaries draw support from those who see the merit of the work, who realize the need in Brazil, and who count it worthy of support. It is entirely dependent on churches, classes, and individuals who voluntarily contribute to the cause. It does not receive financial support from any mission or convention, but is completely dependent upon funds sent directly to the mission treasurer. Each missionary seeks living-link and service-link support, plus support for special projects.

Since 1948 Brazil Christian Mission has established five Sunday schools and church congregations in Goiania and four permanent Sunday schools and church congregations in outlying areas, besides various preaching points. The mission is always actively engaged in city and rural evangelism in the Goiania and Brasilia areas.

Its Christian Education program embraces a five-year training program for a Christian ministry at Goiania Christian Institute, established and maintained by the mission. It also has a preparatory school in the federal district of Brasilia especially for rural workers.

On April 30, 1960, Brazil Christian Mission received a federal land grant of 20,480 square feet in the heart of the new capital city, Brasilia. On this lot has been built a temporary chapel and Bible school classrooms. The cornerstone for the permanent edifice was dedicated July 8, 1961, and construction is now underway. This beautiful church building conforms to the architectural design of the city, and is being built at an estimated cost of $100,000.

AUDITOR'S STATEMENT

Board of Representatives,
Brazil Christian Mission:

I have examined the accounting records of the Mission Agent of the Brazil Christian Mission pertaining to its financial position at June 30, 1961, and its cash receipts and disbursements for the year then ended. My examination of the Mission Agent's records was made in accordance with generally accepted auditing standards and therefore included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The audit was made only of the records of the Mission Agent and no audit was made of the field accounting records maintained in Brazil. All donations to the Brazil Christian Mission are made to the Mission Agent. It has been the consistent practice of the Brazil Christian Mission to consider all transfers of funds from the Mission Agent to the missionaries operating in Brazil as field expenses. This is necessary due to the instability of the Brazilian monetary unit; the problems incident to the conversion of amounts spent into dollars; and the impracticality of having Brazilian expenditures audited.

I was advised that as of June 30, 1961, real estate and equipment valued at approximately $38,600 was owned in Brazil which had been purchased with funds transferred from the Mission Agent and classified on his records as field expenses. I was also advised that some real estate and equipment was pledged to secure small mortgages. None of these items are reflected on the accompanying balance sheet.

In my opinion the accompanying balance sheet and statements of cash receipts and disbursements and of fund balance present fairly the financial position of the Mission Agent of the Brazil Christian Mission at June 30, 1961, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles, except as noted in the preceding paragraphs, applied on a basis consistent with that of the preceding year.

HISTORY AND PURPOSE

The proposition of a Brotherhood-owned publishing house was first officially brought before our people in the National Convention at Norfolk, Virginia, in 1907. At this time a committee was appointed to explore the matter and make a report at the New Orleans Convention in 1908. The committee reported progress at that convention and asked for a continuation of time, which was granted. The committee again reported in the Pittsburgh Convention in 1909, at which time a request was granted for a smaller and more compact committee which could thoroughly explore all the problems involved.

Seven weeks after the Centennial Convention in Pittsburgh in 1909 the committee reported through *The Christian-Evangelist,* the acquirement of the Christian Publishing Company by R. A. Long of Kansas City, who had purchased plant, equipment and publications of the former company which was to become the nucleus of a Brotherhood Publishing House.

The Christian Board of Publication was chartered by the State of Missouri as a nonprofit publishing company in 1911. The original investment, including property, plant, equipment, etc., amounted to $404,307.95. This investment has now grown to $2,000,000.00 and another $1,000,000.00 has been turned back to religious educational, missionary, benevolent and other agencies of Disciples of Christ.

The purpose of this Brotherhood-owned publishing house is to serve the churches of Disciples of Christ by publishing *The Christian,* a journal of information, interpretation and inspiration; by publishing periodicals, books and curriculum materials to propagate and support an effective program of Christian education in the local church, and by providing through convention service and other channels audio-visual materials, Bibles, books and all other supplies which are essential for an ongoing program of Christian teaching, Christian evangelism and Christian stewardship in the local church.

In providing this service to the churches of Disciples of Christ, the Christian Board of Publication cooperates with all state and national agencies of Disciples of Christ, with the National Council of the Churches of Christ in the United States of America, and with educational and publishing boards of other communions, and with the World Council of Churches.

ANNUAL REPORT January 1, 1960, to December 31, 1960

The Christian Board of Publication was incorporated in 1911 as a not-for-profit association under Chapter 33 of Article 10, Revised Statutes of Missouri, of 1909, successor to the Christian Publishing Company. Its organization and early development were made possible by gifts from Mr. R. A. Long totaling more than $404,000. Since its establishment the Directors of the Board have added to the capital account a total of $2,570,831. As of December 31, 1960, the total assets of the Board were $3,603,745.

In accordance with the terms of its charter net income and surplus of the Christian Board of Publication not needed for extension of the business are to be "turned over to and paid into the treasury of missionary, benevolent, church extension, educational societies or other agencies of the Christian Church, Disciples of Christ." (Articles of Association, Section 6, third paragraph, 1911.)

The Christian Board of Publication was in process of organization from December, 1909, until its incorporation as a Missouri corporation in March of 1911. By action of the Board of Directors, January 4, 1910, is to be recognized as the actual date of the founding of the present company. At this time, with R. A. Long as President, The Christian Publishing Company enlarged its Board of Directors to thirteen and began the policies under which the Christian Board of Publication has operated ever since.

The year 1960 was celebrated as the 50th anniversary of the organization.

Grants-in-Aid 1960

In partial fulfillment of its purpose, the Christian Board of Publication has adopted the policy of providing each newly established church with curriculum materials, bulletin service, *The Christian* for their first quarter's operation, and twenty-five copies of *Christian Worship: A Hymnal* and one copy of *Christian Worship: A Service Book,* all free with the best wishes of the Board. In 1960 forty-seven churches were aided. The list price of these Grants-in-Aid totaled $5,952.01.

Contributed Services

In addition to making direct contributions or grants-in-aid to various agencies and societies of the Christian Church, the Christian Board of Publication underwrites the cost of various publications and services in support of the total program of the Brotherhood. The estimated cost of these services in 1960 was $89,287. For example, the Christian Board of Publication is contributing financially to the support of the training and field program of Children's and Youth Workers in several states. It also supports financially and provides personnel for youth institutes and national training schools.

*Committee on Survey Jarvis Christian College, Disciples Council of Greater St. Louis, Christian Churches, Southern California, Disciples House at Yale Divinity School, Home and State Mission Council, First Christian Church, Kansas City, Mo., Brentwood Christian Church, Filipino Christian Church, Board of Higher Education, Middlers Conference, Beulah Christian Center.

The cost of these special services for 1960 and amounts budgeted for 1961 are listed below:

The Christian

This year *The Christian* is completing its 99th year, being in direct succession to *The Christian-Evangelist, Front Rank,* and *Gospel Echo.* Now completing the second year as a merger of the first-mentioned journals, *The Christian* has surpassed their combined circulation by some 5,000.

Some 350 churches now provide 100 per cent of the active or participating members with *The Christian.* This popular plan is growing rapidly.

As "a journal of news and opinion," *The Christian* continues to provide a free forum for well-written articles on all phases and all sides of Brotherhood beliefs and practices, plus a letter page for free discussion of the articles. News, columns, pictures and editorials keep the Disciples of Christ aware of needs and accomplishments.

Local Church Curriculum Division

The Local Church Curriculum Division is responsible for editorial work in connection with all materials prepared for use in the religious education program of the church. It works with the Department of Christian Education of the United Christian Missionary Society and the Curriculum and Program Council.

The Division, early in 1961, released *Follow Me,* the last of twenty-four courses in the Bethany Graded Youth Series. This new six-year program of study for junior-high and senior-high youth has been highly acclaimed by various denominational curriculum producers and educators for its basic and comprehensive character. On September 17 revised evening program materials were introduced in Chi Rho and senior high Christian

Youth Fellowship groups throughout the United States and Canada. The new publications *Focus* and *Tack* are distinctive for the resource study units and for the guidance provided for evening youth fellowship activities.

A complete revision of Bethany Graded Courses for primary and junior boys and girls is in production by the Children's Department. Course I; Part I and Course IV; Part I are ready for use in the fall quarter of 1961. Other courses will be revised and follow in series.

Ready for use by adults in Christian Churches in January, 1962, is the introductory course *Christians Learning for Christian Living* in the new Christian Discipleship Series. In the final stages of production is the first of the six basic courses *The Church—What and Why* to be ready April 1, 1962, for six months of study by adult study groups. The remaining five basic courses will follow in series. Units of study in the six areas will be produced after the completion of the six basic courses. Thus the Christian Discipleship Series will be an on-going study program and will become specific material for the achieving of the educational objective of Christian Churches in the Decade of Decision.

Production on other of the nearly 500 separate items handled annually by the editors of the Local Church Curriculum Division continues to help the churches with their educational program.

Curriculum and Program Sales Department

The Curriculum and Program Sales Department is responsible for the printing and distribution of all materials coming from the Local Church Curriculum Division, as well as church program materials developed by departments of the United Christian Missionary Society, and other church agencies. Included in these are the Brotherhood Worship and News bulletin services.

The advertising and promotion of these materials is developed in conjunction with the program efforts of National and State staffs as the department seeks to provide the tools by which Christian church program becomes a reality. In this connection a regular part of the departmental budget is devoted to the support of leadership development.

It is worthy of note that Bethany lesson materials are recognized to be of high quality, even in areas outside the Brotherhood. This is attested to by the fact that many are used by other Protestant groups and several have been adopted as a part of the Armed Services Curriculum.

Books and Church Supplies

Through its Merchandise Department the Christian Board of Publication makes available to churches and church schools and all subsidiary groups, religious books and supplies from all publishers and suppliers. A general catalog listing thousands of staple items stocked by the Board is issued every two years. Each quarter there is issued *The Bethany Preview,* which lists new items to aid the church and its various departments in planning and executing more effective programs.

Consignment and convention sales constitute approximately one-third the sales of this Department.

By providing materials on consignment to churches and church organizations many church members are afforded the opportunity to examine books and supplies. They are encouraged to purchase such materials as will help them in their church work and in their individual lives.

A new service undertaken by this department offers to provide newly established churches, churches with new buildings and others, with their complete needs of furniture and equipment at the lowest possible cost.

Bethany Bookstore—St. Louis

The Bethany Bookstore in St. Louis was established in 1941 to serve ministers, laymen, and their churches in the St. Louis trade area.

It serves many members of our Christian Churches (Disciples of Christ) who pass through or visit the city annually. The Bethany Bookstore in St. Louis carries a large line of religious books and supplies. A new building is planned to house the store in an adjacent area on Jefferson Avenue. Here one may shop in air-conditioned comfort and secure any and all materials that are needed in the church, church school, or any of the various functional departments of the church. In addition to serving the walk-in trade, the Bethany Bookstore enjoys a sizable mail-order and an increasing telephone business.

Since January 1, 1960, the Audio-Visual Department has been merged with the bookstore operation. In this area the bookstore provides:

1. Equipment. The primary concern is to keep churches informed on the latest developments in audio-visual equipment, to recommend and sell high-quality, tested equipment.
2. Materials for Sale. A large stock of the best religious slides, filmstrips, sound filmstrips and religious records is available. A catalog is published periodically, describing these materials.
3. Rental Materials. An extensive rental library of 16 mm. movies, sound filmstrips and slide sets is maintained.
4. Special Services. An audio-visual mailing list is maintained through which all who have expressed an interest in audio-visuals are kept up to date on new developments in equipment and materials. A regular feature of the audio-visual mailings is a mimeographed bulletin which contains suggestions for integrating projected visual aids with The Bethany graded and uniform lessons. A "preview by mail" service has been instituted through which churches which request it are regularly sent new filmstrips on an approval basis.

This department is an operating member of the Religious Film Libraries network which has set up an expanding nationwide chain of rental libraries to bring audio-visuals within "arm's length" of every local church.

Bethany Bookstore—Indianapolis

The Bethany Bookstore in Indianapolis, Indiana, was opened in September of 1955. Sales in this store have increased each year, which indicates that it is serving more churches and their membership in the Indiana trade area from year to year.

Inasmuch as the Missions Building in Indianapolis has become a crossroads for the members of the Christian Church (Disciples of Christ) this store renders a unique service. Thousands of people who visit the Missions Building each year are able to examine personally the great variety of program and curriculum material and other items which are available to aid the churches in planning more effective programs. This store carries a great variety of items in its inventory and people are encouraged to browse as they wish.

Bethany Bookstore, Los Angeles

March 16, 1961, marked the opening of the third Bethany Bookstore, located at 3114 Los Feliz Boulevard. The same building houses the Southern California Christian Churches Area Office. Store fixtures and displays are arranged to blend in with the California architecture, and its location near Hollywood, Griffith Park, Forest Lawn Cemetery, and right off the Golden State Freeway makes it an attraction easily reached not only by Californians but by out-of-state visitors. The store has become known as "Our window on the West Coast," and it carries a complete line of books, Bibles, audio-visual aids, church and church school supplies, as well as items for one's personal needs.

The Bethany Press, Trade Department of the Christian Board of Publication

Bethany Press records indicate that 210 manuscripts and numerous outlines were received and processed in its editorial department in 1961. 25 new books and 39 reprints were published. Five thousand copies of *The Pastor and Vocational Counseling* were published as a Pastoral Psychology Book Club selection for April. Bethany Press entered the paperback field under the name of *Abbott Books*, and have reprinted two titles—*The Fool of God* by Louis Cochran and *The Chosen People* by Osborne Booth. Other books are being considered at this time. Religious contract printing is increasing. Presently this division is printing and distributing the International Journal of Religious Education for the Division of Christian Education of the N.C.C.C. Bethany Press has been selected to publish *No Darkness at All*, the official report for the New Delhi Assembly to be held in New Delhi, India, December, 1961. This will be available in February, 1962. The list of children's books is being expanded. There is increasing acceptance of Bethany publications.

Dear Sirs:

We have examined the balance sheet of Christian Board of Publication as of December 31, 1960, and the related statement of income and surplus for the year then ended. Our examination of such statements was made in accordance with generally accepted auditing standards, and accordingly included such tests of accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and related statement of income and surplus present fairly the financial position of the Christian Board of Publication at December 31, 1960, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Statement of Purpose of The Christian Foundation

The Christian Foundation was formally organized in Indianapolis, Indiana, on February 28, 1922. Its purpose is a dual one embracing a general objective "in promoting the realization in world activities of the ideals and teaching of Jesus Christ" and, secondly, a more specific objective "in furthering the progress of the church founded by Him and made known through the New Testament scriptures."

From the earliest days, directors of and donors to the Foundation have been particularly concerned with the education and training of ministers. The Foundation's principal object of contribution is support of Christian Theological Seminary, Indianapolis, Indiana.

Accountants' Report

To the Board of Directors
The Christian Foundation
Columbus, Indiana

We have examined the statement of assets of the General Fund and the Dormitory and Building Fund held for account of Christian Theological Seminary of The Christian Foundation as at June 30, 1960, and the related statements of changes in fund reserves and statements of income and expenses for the seven months then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement of assets and statements of changes in fund reserves and statements of income and expenses, together with the notes to financial statements, present fairly, on the basis set forth in Note A, the assets and fund reserves of the General Fund and the Dormitory and Building Fund held for account of Christian Theological Seminary, individually, of The Christian Foundation at June 30, 1960, and the results of each fund's transactions for the seven months then ended.

Accountants' Report

To the Board of Directors
The Christian Foundation
Columbus, Indiana

We have examined the statements of net assets of the General Fund of The Christian Foundation and of the Fiscal Agency Account Number One (held by The Christian Foundation as agent for Christian Theological Seminary) as at June 30, 1961, and the related statements of income and expenses and statements of changes in General Fund Reserves for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements, together with the notes to financial statements, present fairly, on the basis set forth in Note A, the net assets and fund reserves of the General Fund of The Christian Foundation and of the Fiscal Agency Account Number One (held by The Christian Foundation as agent for Christian Theological Seminary) at June 30, 1961, and the results of each fund's transactions for the year then ended, on a basis consistent with that of the preceding period.

*The Christian Foundation books are on a cash basis. Beginning with the fiscal year ending June 30, 1961, the investment program included a number of investments for which the income is received on an irregular maturity schedule. Therefore, in order to accurately reflect the actual income earned during this period, we include an unaudited figure for accrued income during the period. With the exception of this figure and total including this figure, all data are per audited financial statements.

Christian Literature Commission

Thomas E. Alston, Executive Secretary

Box 179, St. Louis 66, Mo.

"The world within your reach" You are what you read.

HISTORY

The "Commission on the Promotion of Christian Literature" was changed to the "Christian Literature Commission" at the 1959 Annual Meeting.

The Commission on the Promotion of Christian Literature was officially established through action of the International Convention of the Disciples of Christ in 1944 when this body unanimously adopted resolution setting aside the last week in October or the first week in November to be known and observed as Christian Literature Week.

Resolution in 1950 reaffirmed its endorsement and urged that all churches of the Disciples of Christ set aside this week in the calendar of the churches for the all-important task of encouraging the reading of Christian literature in order to cultivate a more intelligent Discipleship.

The first complete report of the Commission on the Promotion of Christian Literature was made to the International Convention meeting in Miami, Florida, in 1954. This report was carried in the 1954 Year Book of the Disciples of Christ.

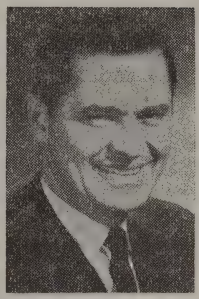

Purpose and Function

It is the purpose and function of the Commission on the Promotion of Christian Literature, not only to promote the observance of Christian Literature Week, but to urge churches of Disciples of Christ and their membership throughout the year to follow a plan of daily Bible reading; to read more and better books and magazines, especially in the field of religion; to encourage the launching of new church libraries; to encourage subscription to religious journals, and to urge the exhibition and use of church school literature of the highest quality and Christian educational value. By such promotion it is hoped to exalt the place of Christian literature in the life of the church until it shall be considered one of the prime requisites of the church and church school.

Purpose and Function

It is the purpose and function of the Christian Literature Commission to promote the observance of Christian Literature Week, to urge churches of the Disciples of Christ and their membership to follow a plan of regular Bible reading throughout the year; to read more and better books and magazines, especially in the field of religion; to encourage the establishment of new church libraries; to encourage subscriptions to religious journals; and to urge the exhibition and use of church school literature of the highest quality in Christian education value; to exalt the place of Christian literature in the total life of the church until it becomes a prime requisite of the church and church school; to create and develop an awareness of the total church on the part of the reader, and to create and develop a Disciple mind.

Report of Activity

Approximately 1,500 churches observed Christian Literature Week in 1960. This is one of the biggest projects of the Christian Literature Commission which entails exhibits costing $123,870.77 last year, and approximately 37% of these were sold.

There is continued growth in the number of churches registering their libraries with the Christian Board. There are now 1,665 church libraries registered.

The Church Library Book Nook published primarily for librarians continues to be a very popular item.

The Disciple Student Center Traveling Library is growing in its effectiveness and use by our colleges and seminaries.

The Review By Mail Plan, which offers our church libraries the opportunity to review books each quarter before making a purchase, is growing rapidly in popularity. Over 245 churches have requested this service since it was offered last fall, which means that approximately 3,675 books have been reviewed by these churches in the last nine months, and approximately half of them were purchased.

The Disciple Reader's Plan is growing continuously and over 250 churches are participating in the plan up to date. We hope to enlist 1,000 new participants during 1961-62. This can prove to be the most important step in improving the educational stature of a congregation during the Decade. The Disciple Reader's Plan offers to every person who actively participates in the local church an opportunity for great adventure in reading during the Decade. We would encourage every church in our brotherhood to enlist its members in this great reading plan.

ANNUAL REPORT

Christmount Assembly occupies 609 acres of well forested and watered land in the beautiful Blue Ridge Mountains of Western North Carolina. Now in its twelfth year, it is dedicated to the training of Christian leaders and seeks, as funds are available, to develop the necessary facilities to assist the churches in this task. Fifteen cottages and cabins, a combination assembly hall, dining room, kitchen, worship center and recreation room, a modern swimming pool and other recreational facilities offer excellent accommodations for conferences and retreats. Nearly five miles of open road together with water, sewage and electricity provide access to 189 building lots on which 15 families have already built their homes. An additional 63 lots have been purchased by churches, colleges and families from all parts of the southeast. A new building containing 16 or more bedrooms with kitchen and assembly rooms will be ready for occupancy by the spring of 1962. It is hoped that the construction of the multiple purpose Christmount Lodge can be undertaken by 1963.

Nine states have voted by State Convention to participate in the development of Christmount. A Board of Directors composed of six directors from each supporting state, plus six directors-at-large, manage the business affairs. An Executive Committee meets monthly and on call to act on all important matters of concern.

During the 1960-61 season, fourteen conferences including the National Disciple Chaplains Retreat, Spiritual Life, Audio-Visual, the Conversations on Theology and Ethics and Ministers' Institute met at Christmount. Approximately 1,500 persons attended these and other meetings. Through the help of the Christian Board of Publication, a wide range of books are available throughout the summer.

CERTIFICATE

We have completed our initial examination of the balance sheet of the Christmount Christian Assembly as of June 30, 1961, and the related statements of cash receipts and disbursements for the fiscal year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Our examination did not extend to verification of opening account balances. In our opinion, the accompanying balance sheet and the related statements of cash receipts and disbursements present fairly the financial position of the Christmount Christian Assembly at June 30, 1961, and the cash transactions recorded for the fiscal year then ended, in conformity with generally accepted accounting principles.

ANNUAL REPORT

The biennial meeting of the Council of Agencies was held at Lynchburg College, July 11-15, 1960, with 98 members present as well as a number of visitors. A fine spirit was manifested throughout the meeting. The program centered largely around perfecting plans for the Decade of Decision.

The Interim Committee has held two meetings during the course of the year and its various standing committees have held from one to four meetings each. Much of the time of the Interim Committee and its standing committees has had to do with agency and local church program in connection with the Decade of Decision; however, other aspects of the agency life of the Brotherhood have not been neglected.

During the year the following consultations have been held under the aegis of the Council of Agencies: Consultation on Decade of Decision Promotion with State Secretaries and National Leaders, Consultation on Brotherhood Publications.

The Council of Agencies adopted a budget of $32,217.63 for the biennium. A financial statement and auditor's report covering this budget will be presented to the International Convention at the close of the biennium.

Council on Christian Unity

George G. Beazley, Jr., Executive Secretary
222 South Downey Avenue, Indianapolis 7, Indiana
Fleetwood 7-1166

HISTORY AND PURPOSE

"The purpose of the Council is to watch for every indication of Christian unity, to initiate steps for Christian union, and to hasten the time of its fulfilment through intercessory prayer, friendly conferences, study of pertinent issues, publication and distribution of literature, prophetic witness to the will of Christ for His Church and the practice of love, fellowship and mutual service among Christians. The Council shall give particular attention to the development and nurture of an ecumenical spirit among Disciples of Christ."

This has been the purpose of the Council since its organization at the Topeka Convention in 1910 under the leadership of Peter Ainslie. Known originally as the Council on Christian Union and then as the Association for the Promotion of Christian Unity, the Council was reorganized in 1954 so as to serve both as an association and a council. As an association its membership is open to any Disciple of Christ in sympathy with its purposes. The annual membership fee is $3.00. As a council it brings into its work the executive heads of the Board of Higher Education, the Committee on Relief Appeals, the International Convention of Disciples of Christ, and the United Christian Missionary Society as members of the executive committee.

Members of the Council in annual meeting elect members to a Board of Directors for three-year terms. The Directors, 33 in number, elect officers and an executive committee which acts for the Council between meetings. The work is administered through three departments: the Central Department of Christian Unity, the Department of Ecumenical Service, and the Department of Ecumenical Study.

FIFTY-FIRST ANNUAL REPORT July 1, 1960, to June 30, 1961

On December 1, 1960, George G. Beazley, Jr., became full-time executive secretary of the Council on Christian Unity, succeeding Dr. George Walker Buckner, who retired from the position of executive secretary on that date. Mr. Beazley also assumed the duties formerly carried by Dr. Robert Tobias, associate executive secretary from June 25, 1956, to September 15, 1959, when he resigned to accept a full-time teaching position at Christian Theological Seminary. Dr. Tobias had continued to carry some work for the Council on Christian Unity until the new executive secretary was chosen and assumed office and continued as Director of the Department of Ecumenical Studies until February 28, 1961, when he gave up the work to carry out certain other projects where his interest is now centered.

The Council on Christian Unity recognizes its great debt to Dr. George Walker Buckner who for over nineteen years gave generously of his time as executive secretary and expresses its deep appreciation to him for a service far beyond the call of duty. He was formally honored at its annual meeting in 1960. It also expresses its appreciation to Dr. Tobias, whom it honored at its annual meeting in 1959, for his continued helpful work for the Council. With the coming of Mr. Beazley, the Council has a full-time executive secretary for the first time since February 1, 1931, when Henry Clare Armstrong gave up the post to return to the pastorate.

National Council of Churches Inter-Church Center

Since the launching of the campaign at the Denver Assembly, individuals and local churches have contributed a total of $10,938 to the "Roy G. Ross Tribute Fund." The $25,000.00 goal for this special fund represents our special contribution toward the cost for furnishing and equipping the new Inter-Church Center in New York. Since plaques have already been put up, it is imperative that our churches complete this amount.

Joint Committee on Ecumenical Appointments
Gaines M. Cook, chairman

The Joint Committee (Council on Christian Unity—International Convention), through its interim committee, has made the following appointments: Mrs. John W. Starr to succeed Irwin Miller and Mr. George G. Beazley, Jr., to succeed Dr. A. Dale Fiers as members of the General Board of the National Council of Churches. These vacancies occurred when Mr. Miller was elected president and Dr. Fiers chairman of the General Program, Field and Planning Committee. Dr. W. B. Blakemore was appointed as a delegate to the Third Assembly of the World Council of Churches, New Delhi, 1961 to succeed Dr. Loren E. Lair, who resigned because of ill health.

Committee on Relations With Churches and Union Movements Abroad
Virgil A. Sly, chairman

No action required this past year.

World Council of Churches—International Missionary Council Integration

Through its delegates to the New Delhi Assembly, the Christian Churches (Disciples of Christ) will help to determine the proposal for uniting the World Council of Churches and the International Missionary Council. If this action is taken (and it seems almost certain that it will be), the three streams which emerged from the World Missionary Conference, Edinburgh, 1910, will again be joined. Faith and Order and Life and Work joined in Amsterdam in 1948 to form the World Council of Churches. If the proposed action is taken, International Missionary Council will be replaced by a Division of World Mission and Evangelism in the

structure of the World Council of Churches. The Louisville Assembly approved this integration by resolution No. 45 last year.

Relations with Churches in America

United Church of Christ (USA)

As the United Church of Christ approached its Third General Synod meeting where it is likely that its constitution will be declared in effect, a committee consisting of the executive secretary of the International Convention and the president and executive secretary of the Council on Christian Unity met with leaders of the United Church of Christ to discuss a resolution by the General Synod of the United Church of Christ authorizing its Committee on Christian Unity and Ecumenical Study and Service to begin conversations with the International Convention of Christian Churches (Disciples of Christ) looking toward possible union. Through frequent resolutions over a period of fifteen years, the Council on Christian Unity has been charged by the International Convention with the task of carrying on these conversations. Representatives of the United Church of Christ are quite warm toward the possibility of such conversations.

United Presbyterian Church in the USA

The One Hundred and Seventy-Third General Assembly of the United Presbyterian Church in the USA responded to the call to and plan of union presented by its stated clerk at Grace Cathedral, San Francisco, California, December 4, 1960 by inviting "the Protestant Episcopal Church, meeting in General Convention in Detroit, Michigan, in this same year, to join with" them " in an invitation to the Methodist Church and the United Church of Christ to explore the establishment of a united church truly Catholic, truly Reformed, and truly Evangelical." The document further declared: "The Stated Clerk is directed to communicate with all of the other Churches with which this Church is in ecumenical relations in the membership of the North American Area of the Alliance of Reformed Churches throughout the World Holding the Presbyterian Order and in the membership of the National Council of Churches of Christ in the United States of America, calling to their attention the invitation initiated by this General Assembly and especially the provision therein for the addition of their Churches to those negotiating a plan of union, and encouraging them to consider whether they would be interested in accepting an invitation to be included in the Negotiating Committee or alternately to send observers and consultants to it." A resolution presented to this assembly will request that the authorization for conversations with the United Church of Christ given to the Council on Christian Unity be extended to include the proponents of any other sincere proposal of union that the Council feels should be discussed.

United Church of Canada

The executive secretary met with the Committee on Christian Unity of the All Canada Committee. Disciples and United Church Committees are still in communication, but actual discussion is moving very slowly. A reactivation of these conversations is planned.

Commission on Rapid Social Change
Walter W. Sikes, chairman

The Commission on Christian Responsibility Toward Areas of Rapid Social Change, sponsored jointly by the Council on Christian Unity and the Department of Christian Action and Community Service of The United Christian Missionary Society, held one meeting of the full commission this year. This meeting was a field trip, January 27–February 2, 1961, to Haiti and Puerto Rico for first hand study of conditions and for consultation with national leaders. This study and the final group of papers presented brings to a close the first phase of this study, that of underdeveloped areas. Dr. Sikes is preparing final reports and publications during his sabbatical year at Geneva in cooperation with the Department of Church and Society of the World Council of Churches.

Commission on Theology of Mission
Joseph M. Smith, chairman

Under the joint sponsorship of the Council on Christian Unity and the Division of World Mission of the United Christian Missionary Society, the Commission on Theology of Mission held a two-day meeting in April 1961. Areas on which papers were read and discussion took place were: The World as History in the Biblical Witness, the Gospel and the non-Christian Religions, the Gospel and Western Culture, Evangelism and Service, Ecumenical Membership, and The Strategy of Ecumenical Concerns.

Commission on Biblical Theology and Disciples Practice
Charles Herndon Wagers, chairman

The Commission on Biblical Theology held a two-day meeting in April of 1961. Areas on which papers were read and discussed were: Biblical Theology and the Science of Language, Alexander Campbell's Principles of Biblical Interpretation, Biblical Theology and College Teaching, and Biblical Theology and Group Decision. The work of this commission is being reorganized and broadened, and its title has been changed to Commission on Biblical Theology and Disciples Practice, since it has been charged by the Commission on Cooperative Policy and Practice of the International Convention to study and attempt to describe the theological presuppositions of cooperative Disciples.

Department of Ecumenical Service

Spencer P. Austin, chairman
Virgil A. Sly, director

Inter-Church Aid

After consultation with World Council staff and representatives of churches in areas concerned, projects totalling $209,750.00 were recommended by the Department for inclusion in the 1961 Week of Compassion offering.

Fraternal Workers

Through funds provided by the Week of Compassion offering, the Disciples continue to support three full-time fraternal workers: James D. Wyker, Staff of East Pakistan Christian Council; Harry Partin, Secretary for a special World Council-International Missionary Council study of religions; and William Nottingham, Associate Secretary of CIMADE. Walter W. Sikes, on subbatical from Christian Theological Seminary, has been aided in special studies and activities for the Department of Church and Society of the Division of Study of the World Council of Churches.

Scholarships

Through the Council on Christian Unity a scholarship has been awarded for study at the Tenth Session of the Graduate School of Ecumenical Studies (1961-62). The sixth annual scholarship for seminary students was awarded to Trent Owings by the College of the Bible, Lexington, Kentucky.

Conferences and Interpretation

Publications and Distributions

The quarterly Newsletter and the Ecumenical Study Series continued to be published until December 1, 1960. Following the result of a questionnaire sent to members and a study of needs, these publications are being superseded by a monthly informal newssheet entitled "Beazley Buzz" and a new quarterly of ecumenical news and studies entitled "Mid-Stream," to be launched in the fall of 1961. The newssheet will be sent monthly to members and twice a year to all cooperative ministers of the Christian Churches (Disciples of Christ).

A copy of the study booklet for the New Delhi Assembly, "Jesus Christ, the Light of the World," was sent to every minister of our churches with a note urging the organization of study groups in the local church.

CERTIFICATE OF AUDITOR

I have examined the accompanying statements of cash receipts and disbursements of:

THE COUNCIL ON CHRISTIAN UNITY
INDIANAPOLIS, INDIANA

for the fiscal year ended June 30, 1961.

The examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting

records and such other auditing procedures as were considered necessary in the circumstances, including confirmation of the amounts of deposit with The American Fletcher National Bank and Trust Company at June 30, 1961, directly with the depository.

The statements have been prepared on a cash receipts and disbursement basis and therefore do not purport the present financial position and results of operations except as related to cash basis non-profit organizations.

In my opinion, the statements of cash receipts and disbursements for the year ended June 30, 1961 have been fairly summarized on the basis indicated.

Respectfully submitted,

Dow H. Sykes

HISTORY AND PURPOSE

The Disciples of Christ Historical Society was established May 7, 1941, in St. Louis, Missouri, with the approval of the International Convention then in session. The organization of the new agency came as a result of the work of the Historical Commission appointed by the 1939 convention which met in Richmond, Virginia.

The first five years were spent largely in surveying the field, correlating the interests of various groups, and making plans. In 1946 the Society accepted the offer of Culver-Stockton College to set up its headquarters and archives there with the privilege of using the Henry Barton Robison Collection as a nucleus around which the Society would build its own collection of materials.

On April 2, 1952, the Society moved to its new location in the Joint University Library, Nashville, Tennessee. This came as a result of a called meeting of the Board of Directors in St. Louis, Missouri, November 29, 1951, when the decision was made to move the headquarters, archives and library to Nashville by the first of June, and to start full-time operation with a staff of three people.

The Society is the only organization among Disciples of Christ whose *sole* purpose is the locating, collecting, cataloging and arranging for use the historical materials of the brotherhood. The archives, library and museum contain thousands of books, pamphlets, periodicals, manuscripts, documents, letters, church records, photographs and illustrative materials concerning those religious groups which have grown from the work of Elias Smith, Abner Jones, James O'Kelly, Barton W. Stone, Thomas and Alexander Campbell, and others who revolted from the autocratic sectarianism of the early nineteenth century.

The resources of the Society are open to all persons, regardless of race or creed, and the curator at all times is willing to advise graduate students, research workers, and all who are seeking a knowledge concerning the Disciples of Christ, Churches of Christ, and the Christian Church.

The Society is housed in the Thomas W. Phillips Memorial at 1101 Nineteenth Avenue, South, in the heart of Nashville's "University Center," area. The million dollar research center was dedicated in October, 1958. The Thomas W. Phillips Memorial, most spacious and complete of any building devoted to the heritage of a protestant group, is a gift to the brotherhood of the Phillips family of western Pennsylvania.

ANNUAL REPORT July 1, 1960, to June 30, 1961

Specifics covering the past year's operation reveal the following important facts:

I. *Acquisitions*—

The Society received 922 lots of material from 519 different sources. These came from 334 individuals; 133 churches; 47 agencies, organizations and publishers; and 6 unidentifiable sources. In addition, the Society received on a regular basis more than 200 general periodicals and nearly 1,000 church newsletters.

Material from the following sources added significantly to the Society's holdings:

1. On long-term loan from the Henry Barton Robison Collection at Culver-Stockton College, 704 titles.
2. Personal papers and memorabilia of F. W. Burnham and Walter White.
3. Sermons, sermon outlines and sermon notes of J. Warren Hastings.
4. Books from the Christian Church, Liberty, Mo., and the First Christian Church, Independence, Mo.
5. Books from the libraries of Mr. and Mrs. T. F. A. Williams, Lincoln, Neb., and Cleo M. Purvis, Louisville, Ky.

6. Church records from the First Christian Church, Hopkinsville, Ky.; Central Christian Church, Jacksonville, Ill.; Douglass Boulevard Christian Church, Louisville, Ky.; Quiver Christian Church, Mason County, Ill.; and the Christian Church, Zearing, Iowa.
7. Records and minute books of the Louisiana Christian Women's Missionary Society; the Tennessee, and Texas Christian Women's Fellowships.
8. The World Convention of Churches of Christ sent additional materials for its archives in the Society library.
9. Seven art items exhibited in the DCHS art exhibit and presented to the Society, including "Isis," a drawing by Vachel Lindsay, given by him as a wedding present to Dr. and Mrs. Charles Clayton Morrison, and presented to the Society by their daughter, Mrs. F. Reed Dickerson, Bloomington, Ind.; architectural drawing of Central Woodward Christian Church, Detroit, Mich., presented by the George D. Mason Co., Detroit, Mich.; sketches of the parlor in the Campbell Mansion, and the Campbell study, Bethany, W. Va., by Mrs. Richard R. Renner, Cleveland, Ohio.
10. Two unusual items were purchased with funds provided by Dr. Louis Cochran. These were: (1) *Sectarian Stratagem Exposed,* correspondence between "Raccoon" John Smith and Edward Stevenson, published at Mount Sterling, Ky., 1836, and (2) *The Christian,* Vol. 1, Nos. 1-9, January-October, 1837, edited by John T. Johnson and Walter Scott.
11. Much material was received as exchanges from the libraries of the Christian Theological Seminary, the College of the Bible, the Divinity School of Drake University and the Pacific School of Religion.

II. *Processing of Material—*

Although the Society received a record number of materials, few were completely cataloged for use. Because of the lack of a cataloger and archivist there is a great mass of material waiting to be processed. The accession record total of 10,263 cataloged books and pamphlets does not indicate the quantity of material available for research work.

III. *Service Requests—*

Private study facilities were assigned to 22 persons. Their occupancy ranged in time from one day to twelve months.

Four hundred fifty-three requests for services were received by mail during the year. Included were such significant items as the following: thesis consultation, 21; bibliographical services, 60; services to local church historians, 52; specific reference questions, 126; loans of packets, books, pictures, etc., 77.

IV. *Projects—*

1. *The Christian-Evangelist* indexing and microfilming project which is being underwritten by the Christian Board of Publication will be completed some time during the first part of the next fiscal year. Tentative plans call for the publication of the index in 1962.

2. The indexing and annotating of the Alexander Campbell travel letters in the *Millennial Harbinger* has been temporarily suspended while Dr. Woodrow W. Wasson works on *The Christian-Evangelist* index.

V. *Special Events*—

1. All-Disciples Art Exhibit, October 27–November 30.

Works from 37 artists, including paintings, drawings, sketches, sculpture, and photographs, were exhibited in the lecture hall of the T. W. Phillips Memorial during this period. First viewers were members of the Post Convention Tour, following the Louisville Convention. Open house for local residents was held, November 13.

2. Hundredth Anniversary of the Death of Walter Scott, and Dedication of the Walter Scott Plaque, June 23.

On this occasion the low relief bronze of Walter Scott executed by W. E. Garrison, was presented to the Society by the Peachtree Christian Church, Atlanta, Ga. Participants included Dr. Garrison, Dr. Robert W. Burns, Dr. Spencer P. Austin, Miss Eva Jean Wrather, Puryear Mims, Rev. Harry M. Davis, Forrest F. Reed, Rev. Harry Berry, Dr. Claude E. Spencer and Dr. Willis R. Jones.

VI *Visitors*—

The past year marked a substantial increase in group visitation to the T. W. Phillips Memorial. Numerous groups, with wide ranges in ages and in size of the groups, came from areas of considerable distance. Many groups fail to indicate their numbers in the guest register. Thus, the total of 1,152 names signed in the book is far from complete. However, registered visitors came from 34 states and nine foreign countries. Eighteen different religious faiths were represented.

Opportunities for membership are extended to individuals, organizations, and institutions as follows:

AUDITOR'S STATEMENT

August 7, 1961

To the Board of Trustees of
Disciples of Christ Historical Society

In our opinion, the accompanying statement presents fairly the cash in bank of the Disciples of Christ Historical Society at June 30, 1961, arising from the cash transactions, and the recorded cash receipts and disbursements for the year then ended, on a basis consistent with that of the preceding year. The accounts of the society are maintained on the basis of cash receipts and disbursements and accordingly do not reflect accruals of income or expense. All purchases of plant and equipment are charged directly to expense when made. Our examination of this statement was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

HISTORY AND PURPOSE

It was and is the purpose of the Society to establish a college adjacent to and ultimately to be affiliated with a university in Germany. After extensive investigation Tubingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence the Church universal by introducing it into the intellectual and theological framework of European academic life.

ANNUAL REPORT July 1, 1960, to June 30, 1961

The work of the European Evangelistic Society is addressed primarily to an educational objective. In Europe, as elsewhere, theological and social unrest and displacements have left many unreached by the established churches of Europe. Nor can we say that these people have been adequately served by the free church agencies of that continent. The Society came into being to serve these people.

To serve them the tradition of Disciples, which understands the Gospel to be that message recorded in the New Testament and which understands the confession of faith to be that recorded of Peter, "Thou art the Christ, the son of the living God," seemed to suggest the fundamental basis for the reconciliation of the conflicting Christian creed and cults as represented on the Continent today.

In order to reach those who might be most ready for such a message as well as most capable of transmitting it it was decided to undertake a mission of an educational nature to be located at the University of Tübingen in Germany. Here for some twelve years Mr. Earl Stuckenbruck and family have lived and worked. In the course of their services they have come to know hundreds of theological students as well as scholars of other vocations and people of the University town. Increasingly Mr. Stuckenbruck has found acceptance not only in free church circles and not only in the townspeople's hearts, but likewise among scholars in the secular fields of University teaching and in the theological area of instruction as well. Today he is recognized as one of the foremost free church leaders of the time.

At the present time the services of the Society are carried on in three aspects of the purpose as above outlined. First, Mr. Stuckenbruck endeavors to maintain contact with students both theological and secular in the University of Tübingen. He attempts to stimulate their interest in Religious thinking and practice. By this means he hopes to create a movement toward an indigenous free church similar to that achieved by American Disciples. However, no intent or effort is made to merely transplant the practices and experience of Americans in this attempt to realize in the present day the Christianity which flowed directly from our Lord and His Apostles. This aspect of the application of the Christian faith is regarded

as being the responsibility of those people who are persuaded that the faith is primary and that applications deriving therefrom are secondary. While faith may be absolute practice must always be limited.

In order to make this approach to students more effective land has been acquired on which to construct a kind of Student Union, as we would call it in America or a Student Center, in which a limited number of dormitory students may be accommodated and public rooms provided for various activities which may be conducive to the realization of the above purpose. This objective is commended to us by the fact that the Roman Catholic hierarchy has just constructed exactly such a center adjacent to our property.

The second phase of our work has to do with the development of a small congregation of Christians in Tübingen which arose as an indirect outgrowth of our mission. Mr. Stuckenbruck is able to give only part time to this congregation. It has won respect in the city for its sincerity of faith and practice. As it has grown it has appeared to require increasingly services of pastoral character. The responsibilities of Mr. Stuckenbruck will not permit him to devote sufficient time to the congregation to assist its growth in any material fashion.

It is therefore the current purpose of the Society to enlist the services of a second family charged directly with the ministry of the people of this congregation. Such a man would also be available for consultation and other work related to the student concerns above mentioned. It is hoped that such a man may be enlisted within the coming year.

The third phase has come into being since our last report. Following the European custom of establishing institutes for various types of research the Society has concluded that it would be wise to seek the privilege of establishing an institute at the University of Tübingen for the purposes of research into the nature, causes and effects of Church divisions. As a corollary the nature, diversities and issues of attempts toward unity would also be explored. No attempt would be made in this Institute to do other than furnish the tools for scholarship to those who may come from any church to investigate any phase of the above program for use as they may see fit so long as it conforms to the usual requirements of scholarly accuracy.

To this end counsel was sought last summer with the theological faculty and others at the University of Tübingen. They expressed an interest and at the present time it appears quite feasible to establish such an Institute under the direction of the Society and with the cordial understanding of the University. Such a research center may prove to be most valuable as it is able to accumulate and make available a research library devoted to this end.

We therefore hope to have in final form and readiness for opening such a research center during the coming year. This has been done with the friendly aid of the Institute for Ecumenics at the University of Tübingen. It is understood that the Society does not aspire to contribute to the endeavors now being undertaken in ecumenical programs. The Society and the Institute are dedicated to educational service rather than to pragmatic social programming and negotiations. In the sense of interest and spiritual concern the Society is in sympathy with the modern ecumenical movement. In terms however of the organizational formulation of churches into an ecumenical church order the Society feels that the presently existing organizations both within our own Brotherhood and else-

where are entirely adequate to care for this aspect of the work. We therefore confine ourselves to research and theological investigation.

The Society therefore endeavors to lend its encouragement to all those who seek to understand the will of our Lord more adequately. The Society seeks to extend an irenic spirit to those who will receive such disposition. It would seek to define fellowship in terms of the basic Christian faith and would regard all other matters as lying within that area of free inquiry through which the more perfect knowledge of the will of God may eventually be found.

AUDITOR'S STATEMENT

European Evangelistic Society
Indianapolis, Indiana

We have made a limited examination of the cash receipts and disbursements records presented to us by Herbert J. Wilson, Treasurer of European Evangelistic Society, for the period July 1, 1960, to June 30, 1961.

In connection therewith we traced the recorded receipts in the original entry records to the bank depository and compared the cancelled checks returned by the bank to the cash disbursement records. We reconciled the remaining amount of cash in bank to the cash records of the Treasurer.

In our opinion, based on such limited examination as outlined in the preceding paragraph from the records made available to us, the accompanying statement of cash receipts and disbursements fairly reflects the cash transactions of the fund for the period July 1, 1960, to June 30, 1961, as recorded in the records of the Treasurer.

National Association of State Secretaries

H. Myron Kauffman, President
2200 Monument Avenue, Richmond 20, Virginia
Elgin 3-3475

HISTORY AND PURPOSE

The National Association of State Secretaries is a professional fellowship of State Secretaries and the Secretary of the All-Canada Committee. It should be distinguished from a national association of State Missionary Societies inasmuch as it is not involved either financially or organizationally with these Societies.

The purpose is stated thus in the constitution of the Association: "The object of this Association shall be to promote fellowship, to acquaint one another with the methods of work employed in the different states, to promote the efficiency of the work for which its members are responsible. To coordinate programs and plans of work for state missions, to assemble reports of work actually done through the State Society, to present the same to the International Convention of Disciples of Christ, in the religious press of the Brotherhood, and in these and other ways to bring upon the Brotherhood life the impact of the total work of State Missions."

The State Secretaries Association meets annually to discuss problems of mutual interest, and to share experiences of the various Secretaries in the administration of their work of state missions. This organization raises no money except for expenses incidental to the work of its officers, such as printing, correspondence, reports to the Annual Program Book and Year Book.

Through this Association representatives are nominated to the various agencies, councils and committees where representation of the State Secretaries is indicated.

One of the outstanding values of this Association is to be found in the opportunity for fellowship and personal acquaintance of the Secretaries themselves. These men have many common problems, and in the administration of their work, share common ideals as servants of the churches. Through the Association they are enabled to speak with a common voice on matters of Brotherhood policy in which they have earned the right to become well informed.

At the annual meeting of the Association, national Secretaries whose programs are related to the State Secretaries' office are invited for consultation.

AUDITOR'S STATEMENT

Mr. Kenneth L. Teegarden, Treasurer
National Association of State Secretaries
Disciples of Christ
Little Rock, Arkansas

Dear Sir:

In accordance with your request I have examined the books and records of the National Association of State Secretaries for the year ended June 30, 1961. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statement of cash receipts and disbursements and the related statement of cash on hand present fairly the financial position of the Association at June 30, 1961, and the results of its operation for the year then ended in conformity with generally accepted accounting principles.

Respectfully submitted,
LEONARD R. MANO
Certified Public Accountant

The National Benevolent Association of the Christian Churches

(Disciples of Christ)

Dr. Orval D. Peterson, President
16th Floor, Landreth Building, Fourth and Locust Streets,
St. Louis 2, Missouri
Main 1-1068

HISTORY AND PURPOSE

In February, 1886, a group gathered in St. Louis, Missouri, to discuss the problem of the orphaned baby and the aged men and women of the Christian Churches. Gradually a plan took shape, and on March 10, 1887, an organization was formed, a charter secured, and The National Benevolent Association of the Christian Churches (Disciples of Christ) was born. The purpose, as set forth in the Charter, was: "To help the helpless, to give a home to the homeless, to provide care for the sick, and comfort for the distressed."

From that beginning 74 years ago, 19 NBA Homes have grown—8 for children and 11 for aged. As it was never the intention of the NBA to centralize its work, these Homes developed from coast to coast where the need existed and the money was available.

Over 2,000 persons are served annually, and over 32,000 have been given Christian care since 1887. Other thousands, whom NBA Homes are not equipped to serve, have been directed to other agencies. Each year over 1,100 children live in our 8 NBA Homes because they have lost one or both parents by death, were victims of broken homes, were wards of the juvenile courts, abandoned children, foundlings, or children born out of wedlock. 6 NBA Homes for Aged are dependent upon our churches for support. 4 NBA Homes, dedicated in 1949, 1957, and 1961, require partial church support for aged pensioners, retired full-time Christian workers, and some able to pay for their care. The Kennedy Memorial Christian Home, Martinsville, Indiana, is a national pay-type Home. Faithful members of the Christian Churches, past 70 years of age, in a state of health acceptable to the Admissions Committees of the Homes, and who are without sufficient means to live elsewhere may become residents of the NBA Homes for Aged. They bring what they have, and the church supplies what they lack. Over 800 were served last year. The Christmas Offering of the Brotherhood has been designated for these NBA Homes.

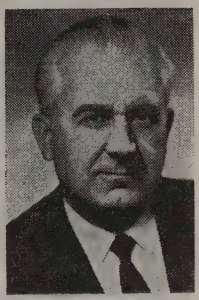

Many doctors across the country contribute their valuable services to the various Homes. The immediate oversight of each Home is committed to a Board of men and women, members of the churches in the Area where the NBA Home is located. Nearly 600 pastors, laymen and women serve on our Home Boards and NBA Board of Trustees. Nearly 600 staff are employed at the Homes and the National NBA Offices. The National Benevolent Association, with headquarters in St. Louis, is the administrative body for the various Homes and some members of the NBA Board of Trustees are approved in open assembly of the International Convention.

ANNUAL REPORT July 1, 1960, to June 30, 1961

As president of the National Benevolent Association, this fourth year has been filled with conventions, speeches, sermons, many inter-agency contacts including the important meetings of the Council of Agencies, staff conferences with NBA representatives, administrators of our Homes, the NBA office staff and the NBA Board of Trustees and Homes' Boards. There have been visits to some of the Homes. We are pleased with the growing support of the churches and our expanding and challenging program.

Considerable time and plans have been given to Benevolence for the Decade of Decision. I was among those who represented the NBA in the White House Conference on the Aging in Washington, D. C. in January, 1961.

A modern bookkeeping system has been established for the NBA Homes and the NBA Offices in St. Louis. Our IBM system will be able to meet the increasing demands of states, churches, and the Decade of Decision in producing various reports and cost information, etc. There is a growing amount of paper work in the NBA Offices. I wish to express deep appreciation to all the NBA staff who work so faithfully, and to Mr. Leslie G. Heuston, our Director of Research and Service, who has been working with some of the Homes on certain matters of expanding programs and increased building facilities.

As our ministry expands there will be the inevitable necessity to departmentalize our NBA organization. Our Homes, Administrators, and Home Boards must also exercise a discipline and a restraint which will keep us in balance as to program, the availability of resources, and the expenditure of manpower and funds. Our standing with all agencies is good. The unified approach to states and churches is quite well received generally.

Staff changes during the year were: William H. Everton, NBA Representative for the Northeast, succeeding the vacancy left by Mr. Heuston when he assumed new duties as NBA Director of Research and Services. Charles M. Palmer is now devoting full time to obtaining funds and developing the program for the Woodhaven Christian Home for Children.

With gifts of interested individuals and a few churches, NBA has been able to assist two students in graduate social studies. This summer one of them will have an internship in the Illinois Christian Home and the other in the Oklahoma Christian Home. NBA needs more funds for this purpose and to meet emergencies which might arise with them.

On April 28, 1961, Orval D. Peterson, J. Eric Carlson and Paul Bolman, NBA Board of Trustees' Chairman, participated in the groundbreaking program for the new Christian Board of Publication building in which the NBA Offices will be located in the spring of 1962.

NBA Family Talk, the national magazine on benevolence, edited by Miss Jessie M. Burke, continues to be circulated 4 times a year free to ministers and church leaders. The major publicity program for the Association and the NBA Homes is under the supervision of Miss Burke, NBA Publicity Director & Editor, working with the Homes' publicity committees, the Homes' administrators and NBA representatives. The NBA representatives have maintained a close relationship with the churches, state organizations, inter-agency promotional programs, and local church groups, so that the best interests of the total mission of the Church is uppermost.

The NBA program of benevolence is implemented in the local church through the Committee on World Outreach, and the Committee on Christian Action and Community Service. Some churches have appointed Benevolence Committees. The Benevolence dollars are a part of the World Outreach dollars. Christmas is the "Special Day for Benevolence" in the Brotherhood calendar of special days.

We are fortunate to have J. Edward Moseley as a writer of feature articles for the Association through various Brotherhood publications. He is the chairman of the 75th Anniversary Committee of NBA, which begins March 10, 1961 and concludes on March 10, 1962.

The Kansas Christian Home for Older People was dedicated on Nov. 26, 1961. The California Christian Home's new Health Center is under construction. Progress is being made in obtaining funds and developing the program for the Woodhaven Christian Home for Exceptional Children in Columbia, Missouri. Ground was broken on October 29, 1961. The Kennedy Memorial Christian Home at Martinsville, Indiana, the national pay-type Home, is almost filled.

The Commission on Budgets and Promotional Relationships approved $3,141,809 for benevolence operation needs for 1961-62 (does not include capital funds needed). They approved $3,466,301 for operational needs of NBA and the homes for the year 1962-63, and this does not include capital dollars.

The Council of Agencies approved for the "Decade of Decision" askings for capital funds for Benevolence $276,881 for the year 1961-62, and $308,828 for the year 1962-63, and $344,647 for the year 1963-64. These capital funds for benevolence will be used for expanding programs at the Homes and for the national program.

The National Benevolent Association began to function under one national operating fund for the Homes and NBA on July 1, 1960, which necessitates each Home sending their budgets to the NBA office in time for the Budget Committee of the NBA Board of Trustees to study them. The NBA Homes make monthly financial and service reports to the NBA Offices, so adequate reports may be made for publication in the YEAR

BOOK of International Convention of Christian Churches (Disciples of Christ) and state convention program booklets each year.

Christian Benevolence is a major aspect of the Christian faith, and one segment of the program of the Church. Its field of service is the needs of those children, youth, and older people, who are deprived of adequate family relationships. As we are constrained by the love of Christ to promote the Gospel, we are also constrained by that love to promote the financial support of Christian service in Benevolence. Free books, pamphlets, maps, periodicals, leaflets, and worship and quiz program materials to assist churches in planning for Benevolence Outreach have been carefully developed by special committees and the NBA Publicity Director & Editor. They are available from: The National Benevolent Association, 16th Floor, Landreth Building, St. Louis 2, Missouri.

Three cottages are now occupied on the grounds of the Oklahoma Christian Home, Edmond, and two are occupied on the Lenoir Home Grounds, in Columbia, Missouri. Plans are developing for the new unit for people requiring special needs at the Illinois Christian Home, Jacksonville.

Several important committees have functioned during the year reporting to the NBA Executive Committee. They are as follows:

Budget & Personnel Committee: G. J. Vencill, Chairman; Robert Lewis, Clarence D. Cowdery, Gerald Miller, John Adams.

Finance Committee: John Rogers, Chairman; R. J. Henderson, M. F. Kullowatz, Gerald Miller, T. R. Huston. Ex-Officio: Clarence D. Cowdery, Consultant, Hobart L. Fosher, Orval D. Peterson, Paul Bolman.

NBA Education Committee: Leslie G. Heuston, Chairman; J. Edward Moseley, Carl Belcher, Charles M. Palmer, W. Dean Mason, Miss Jessie M. Burke, J. Eric Carlson. *Ex-Officio:* Orval D. Peterson.

75th NBA Anniversary Committee: J. Edward Moseley, Chairman; Miss Jessie M. Burke, Mrs. John H. Caldwell, W. Dean Mason, Dean Harrison, Mrs. J. O. Moore. *Ex-Officio:* Paul Bolman, Orval D. Peterson, J. Eric Carlson.

Council of Agencies: Orval D. Peterson, J. Eric Carlson, Miss Jessie M. Burke, Edmund C. Miller, Leslie G. Heuston.

Home and State Missions Planning Council: J. Eric Carlson, Leslie G. Heuston, James H. Tilsley.

Curriculum Program Council: Leslie G. Heuston, James M. Hull, J. Eric Carlson, Charles M. Palmer.

Christian Education Assembly: Leslie G. Heuston, James M. Hull, J. Edward Moseley, J. Eric Carlson, Miss Jessie M. Burke.

National Promotional Coordinating Committee: Executive Committee: Orval D. Peterson, Miss Jessie M. Burke, Leslie G. Heuston.

For the 12-month period, July 1, 1960 through June 30, 1961, 1,148 children, 68 mothers were served in the 7 NBA Homes, and 845 elderly men and women were served in 10 NBA Homes, making a total of 2,061 in the NBA Family Circle. 195 Children were in foster homes and elsewhere under NBA supervision. 210 children were returned to their relatives. 64 were adopted. 785 applied, who could not be received in the NBA Homes, but were referred to other agencies for care. Of the 938 children served, 20 were full orphans, 53 were half orphans, but all were distressed and needed much love and Christian care. 28 children joined the Church and were baptized during the year. Of the 845 older residents of the Christian Churches served in the NBA Homes, 1 was past 100; 86 were past 90; 401 were past 80; 19 were blind, 34 were wheel-chair patients, 49 were bed patients, 77 were partial bed patients; 27 were ministers, 52 were ministers' wives or widows, and 16 were missionaries. 180 had no income whatsoever, and 235 had no immediate relatives. There were 109 deaths at the NBA Homes for aged last year. There were 931 inquiries from elderly people who could not be admitted to the NBA Homes. There were 499 approved applicants waiting to enter the NBA Homes as of June 30, 1961. (This does not include Lenoir Home's waiting list). More than 32,000 children and elderly people have been served in the history of the 17 NBA Homes from all states and 27 foreign countries. The Christian Churches' Benevolent Records through the years have revealed an increase each year. For the 12 months ended June 30, 1961, 4,074 churches contributed $977,770.22 for the care of the NBA Family and the national program of benevolence, of which $415,399.23 was through the Christmas Offering, the special designated Day for Benevolence. Bequests totaled $701,465.53. There were 21 annuities ranging in amounts from $100 to $5,000 issued, totaling $26,393.90. Receipts from other sources totaled $2,157,500.80.

For 74 years The National Benevolent Association has administered these Homes for Children and the Aging on behalf of the Christian Churches (Disciples of Christ). It takes title to all property and holds it as trustee for the purposes for which it was given. It issues all annuities and does major promotion. It was incorporated under the laws of the State of Missouri on March 10, 1887, as a charitable corporation. Through the years, the Christian Churches have manifested a growing interest and support of the many needs presented. International Convention Assemblies have commended the program of national benevolence and have urged that it should be maintained at high standards. The Association hopes to develop a program of foster home care, which will require the enlistment of Christian homes to provide care for aged persons in cooperation with the social services of the community and the NBA. The Association is planning a recruitment and training program, through cooperation with Higher Education and recruitment channels, seeking to provide a trained leadership for the NBA Homes and our program of social services. Throughout the history of the NBA, all the needs of the large number of people asking for help have not been met due to the limitation of facilities, equipment and funds. But the referral services have been tremendous in working with community services and state welfare departments and churches to help them. Compassion has thus been a part of the practice down through more than nineteen hundred years, and will continue so long as there are needs of people upon earth. World needs require continuing compassion.

AUDITOR'S OPINION

To the Board of Trustees of
The National Benevolent Association of
The Christian Churches (Disciples of Christ)

We have examined the accounts of:

THE NATIONAL BENEVOLENT ASSOCIATION OF THE CHRISTIAN CHURCHES (DISCIPLES OF CHRIST)

for the fiscal year ended June 30, 1961 and submit herewith balance sheet at June 30, 1961, and revenues and expenditures statement for the year then ended.

The Association's investment in bonds, stocks, and other securities are carried on the balance sheet at cost without determination of market values at June 30, 1961. Data on file in support of church receipts, bequests, trusts and other revenue received by the Association were test-checked but we did not communicate directly with individuals and organizations to confirm the amounts recorded as received.

Funds in the custody of the Treasurers of the Homes and the receipts and disbursements of same are included in the accompanying state-

ments based on monthly reports received by the Association from the Home Treasurers. The scope of our examination of such cash and investments was limited (except for those Homes which we ourselves audit) to an analysis of the Treasurers' reports and a review of the reports of independent auditors received to date from Homes. Cash and securities in trust funds held by various Homes are not included in the accompanying statements.

Investments in fixed assets described in the footnote on the balance sheet as "Investment in Homes' Properties" are carried at values of appraisals made many years ago plus subsequent additions at cost less estimated depreciation. The total shown is subject to increases and decreases which might be brought about if current appraisals were made, uniform in base and applied to all homes.

In our opinion, subject to the exceptions stated in the preceding paragraphs, the accompanying balance sheet and statement of revenues and expenditures present fairly the financial position of the Association at June 30, 1961 and the results of its operations for the year then ended.

Yours very truly,

MARE AND COMPANY
Certified Public Accountants

HISTORY AND PURPOSE

The National Christian Missionary Convention is a fellowship of Disciples of Christ, Christian churches, and Churches of Christ. The Convention was organized in Nashville, Tennessee, August, 1917. Preston Taylor of Nashville, Tennessee, was convener and organizer, and became the first president. Many of the brotherhood boards sent representation to give their support and encouragement to this Convention. The Convention serves more than 500 churches of its own constituency with congregations in 27 states of these United States.

The Convention has made progress during the years and it now has the full cooperation of all the brotherhood agencies and boards.

The Constitution and By-laws of the National Christian Missionary Convention states the following purpose and function:

> It shall be the purpose of this organization to cooperate in the preaching of the Gospel of Jesus Christ; to promote the causes of evangelism; to foster and maintain a program of Christian education, missions, and benevolence among the Christian churches of the brotherhood; to perform such general supervisory functions as the best interest and work may require; and to cooperate with the International Convention, The United Christian Missionary Society, Unified Promotion and other brotherhood agencies and boards or movements for the furthering of the world program of the church, and to work with other religious movements chosen by the brotherhood.
>
> To promote a closer spirit of cooperation and fellowship among our own churches.
>
> To provide a large opportunity for the development of leadership and responsibility for building the Kingdom of God.
>
> To provide a cooperative medium of self-expression and development that our best contribution might be made to the work of the church in the world.
>
> To provide a medium through which we can interpret the needs and concerns of our people.
>
> To provide an organization through which our churches can participate officially in brotherhood activities.
>
> To provide a channel for integrating the members of our churches into the total life of the brotherhood.

The National Christian Missionary Convention is the program channel by which the planned program of the brotherhood may reach all the churches.

ANNUAL REPORT July 1, 1960, to June 30, 1961

This is the first full year of merger of program and services with The United Christian Missionary Society. The annual assembly is continuing to carry program presentations and training experiences for all members who attend.

The corporation is operating as a holding company. The Program of Advance, the Decade of Decision projections of the total brotherhood work and services have been presented to the extent that each state is now being asked to work in harmony with the organized state societies and associations of Christian Churches.

HISTORY AND PURPOSE

Recognizing the extreme importance and value of a church representing the Disciples of Christ in the heart of the Nation's Capital, the International Convention of the Disciples of Christ, meeting in Memphis, Tennessee, brought into being as a Brotherhood institution the National City Christian Church. Alexander Campbell himself had expressed his keen desire for such a National Church, and other great leaders who followed him saw the desirability of having the Brotherhood establish this church, which would not only be a symbol of the strength and purpose of the Disciples, but would also be a home for the thousands of Disciple young people who through the years would come to Washington to work for the Government of the United States, and would later return to their home churches.

Following the action of the International Convention, a Corporation with a board of fifteen trustees, was set up to hold the property of the church for the Brotherhood, and lots were purchased on Thomas Circle in Washington for a Sanctuary and an Educational Building. Construction was begun in 1928 and the Sanctuary was completed and dedicated in October, 1930. About 40,000 Disciples of Christ across the country made contributions and pledges for the Brotherhood's church in Washington, and several leading families made substantial gifts. However, because of the depression of the 1930's, many of the pledges were never paid, and in 1933 the debt on the Sanctuary was $640,000. Getting the debt paid was a tremendous struggle, but through the strenuous efforts of the ministers of the church, the local congregation which gave most sacrificially, the contributions of the Christian Board of Publication, individuals, and the churches of the Brotherhood the mortgage on the Sanctuary was finally burned in April, 1950.

For twenty years, while the Sanctuary building was so heavily mortgaged, the congregation of the National City Church had to use for their educational, social and community programs buildings erected in 1881, and located a block and a half away from the Sanctuary. Immediately upon the burning of the mortgage on the Sanctuary, a campaign was started to complete the original plans for the church to erect an educational building immediately adjoining the Sanctuary building. Ground for the new building was broken in May, 1953, and on November 7, 1954, the Alexander Campbell Educational Building was occupied. The original building plans included designs for a Memorial Chapel to be erected to the east of the Church Edifice. Now more than 30 years after the dedication of the Sanctuary, through the generosity of a devoted Christian family, with the awarding of the construction contract, the Earle Wilfley Memorial Prayer Chapel is expected to be ready for dedication in May of 1962.

The years have added to the need for such a Church for the Brotherhood. Heavier demands have come with changed times. National City Christian Church has moved forward on many fronts, with remarkable achievements, in the areas of human relationships, and in all the areas of Christian activity and service.

The office of the National City Christian Church Corporation is located in the Alexander Campbell Educational Building of the National City Christian Church, Thomas Circle, Washington 5, D. C.

ANNUAL REPORT July 1, 1960, to June 30, 1961

Mr. Theodore P. Beasley, chairman of the Board of the Republic National Life Insurance Company of Dallas, Texas, was re-elected president of the Board of Trustees of the National City Christian Church Corporation at its annual meeting on May 6, 1961. At that meeting True D. Morse of Austin, Texas, formerly a member of National City Church, was elected as a Trustee-at-large and Russell Chapin of Bethesda, Md., Chairman of the Board of Officers of the National City Christian Church, was elected a new member, representing the local congregation.

The Board of Trustees at the May 6 meeting unanimously approved the recommendation of the National City Christian Church Congregation to call Dr. George Richard Davis, minister of the First Christian Church of Wichita Falls, Texas, to the pastorate of the National City Christian Church. Since then Dr. Davis has taken up the leadership of the National Brotherhood Church. With the coming of Dr. Davis, the National City Christian Church has entered upon a new era. The church stands as a symbol of the great religious heritage which is ours as Disciples of Christ,

and which can and will carry forward the program of the Church of Jesus Christ under the leadership of Dr. Davis. At a special meeting of the Corporation at the Kansas City Convention on October 1, 1961, Dr. Davis was elected a member of its Board of Trustees.

The work of the National City Christian Church is moving forward and the Church is constantly pressing onward in its endeavor to represent the Christian Churches (Disciples of Christ) here in the nation's capital. The indebtedness on the Alexander Campbell Educational Building has been gradually reduced by semi-annual payments on interest and principal, the present indebtedness amounting to $164,000. It is expected that by the early part of 1962 the Earle Wilfley Memorial Prayer Chapel can be built, thus bringing to completion the entire building program as originally conceived for this great Brotherhood enterprise.

The Christian Church Brotherhood has moved forward wisely in establishing in Washington, D. C., the crossroads of the world, a National Church. The building and property have a value of over 4 million dollars, owned in its entirety by the Brotherhood. Each year over 7 million visitors come to Washington, D. C. Many are from foreign lands and many thousands of high school and college students are numbered among those who visit our National Church. Our church is, therefore, leaving a lasting impression on all who see or visit it in Washington, D. C.

In order to carry forward a well planned program for service not only to the Brotherhood-at-large but also in a world-wide outreach, permanent financing for such an enlarged program has been started through the Perpetual Endowment and Special Trust Fund of the National City Christian Church Corporation of Washington, D. C. Many individuals and organizations have already contributed to this Fund. The income from this Fund is to be used for the purpose of maintaining religious church services and related activities, recognizing particularly the national and world needs and opportunities that can be served from the principal seat of Government of the United States.

The National City Christian Church, the National Church of the Brotherhood, must continue its outreach for the Gospel of Jesus Christ in ever-increasing vigor, strength and power. We covet the continued loyalty and support of individuals and churches of the Brotherhood to help the National Church in its endeavors to carry forward the ever-expanding programs for God's Kingdom.

The National Evangelistic Association of the Disciples of Christ

Thomas O. Parish, Sr., President

Wichita, Kansas

AM 5-8628

HISTORY AND PURPOSE

The National Evangelistic Association was launched at old Bethany Assembly in Indiana by Charles Reign Scoville and other prominent evangelists, including J. V. Updike, S. M. Martin, J. H. O. Smith, and J. V. Coombs. In the early 20's, Dr. Scoville joined with state secretaries C. W. Cauble and G. I. Hoover of Indiana, H. H. Peters of Illinois and Jesse M. Bader, then a highly successful evangelistic pastor, in sponsoring a series of evangelistic institutes in strategic areas. For many years the Association worked through the United Christian Missionary Society. More recently, it has become a separate agency reporting directly to the International Convention.

The purpose of the National Evangelistic Association is in the field of fellowship and inspiration rather than promotion. By means of a convention, held just prior to the International Convention, stirring addresses on evangelism inspire pastors of local churches to greater accomplishment in winning men to Christ, and those who have been particularly successful as evangelists share their methods and spirit with others. In this way the National Evangelistic Association strives to make the business of evangelism the first business of the church of Christ.

It is the purpose of the National Evangelistic Association to share with others in giving added emphasis to the cause of evangelism among the Disciples of Christ and to afford a closer fellowship for all those, ministers and laymen, who are interested in this cause. It sustains a close working relationship with the Department of Evangelism of the United Christian Missionary Society and reports to the International Convention of the Christian Churches (Disciples of Christ). The Association seeks to bring about its purposes largely through an annual Convention held immediately preceding the meeting of the International Convention. Membership is open to all upon payment of annual dues of one dollar.

Pension Fund of Christian Churches

(Disciples of Christ)

Hollis Lee Turley, President
800 Test Building, Indianapolis 4, Indiana
MElrose 4-4504

HISTORY AND PURPOSE

The Pension Fund binds together some 5,300 ministers, educators, evangelists, chaplains, missionaries, state and national executives and approximately 7,900 churches in the support of the ministry in old age, death, and total and permanent disability.

The Pension Fund operates the Pension Plan, the 1919 Pension System and Ministerial Relief. It maintains an Additional Benefits Department for the ministry, enters into annuity agreements, receives bequests from wills, and administers gift money. Further, it invests the funds received, pays benefits, and conducts a Christian business organization for the benefit of the church and the ministry. All work is carried on under the policies laid down by the Trustees, and approved by the International Convention.

The promotion and operation of the Pension Plan is the largest single responsibility of the Pension Fund. Under the Plan, member dues are 3% of the monthly salary; church dues are 9%. Churches, large and small, participate, with the larger churches helping to carry a part of the load for the smaller ones that every minister might be protected. As of December 31, 1960, there were 5,420 members supported by 5,901 church or organization accounts.

Retirement pensions are paid to members who retire after age 65. Disability pensions are paid those who become totally and permanently disabled. Widow and minor child pensions are paid when the member dies in retirement, disability or active service. There were 1,579 pensioners under the Plan as of December 31, 1960.

Many of the pensions paid today are small, due to short periods of membership, the lack of church dues, and the meager salaries of the depression years. Because of the increased cost of living, supplemental checks are issued each quarter to some 1,000 pensioners. These checks have been made possible by gift money received largely from the offerings of the churches. The Pension Fund shares in the money given to the causes of the brotherhood through Unified Promotion.

THIRTY-SECOND ANNUAL REPORT

(Sixty-fifth of Ministerial Relief—Thirtieth of Pension Fund)

I. 65th year of Ministerial Relief—organized 1895. Ministerial Relief continued in needy and worthy cases with 144 served during 1960.

II. 1919 Pension System—established January, 1919. The 1919 Pension System was closed to membership June 30, 1928. Of the original 881 accounts there remained 8 active paying members as of December 31, 1960, and 310 received pensions.

III. Pension Plan—began operation January 1, 1931. New benefits added July 1, 1954, and October 1, 1956.

Membership

In 1960 there were 513 new 9% dues accounts started by churches and organizations in behalf of their ministers and employees, and 345 new members who began paying their individual 3% dues. As of December 31, 1959, there were 5,420 members and 1,579 beneficiaries, a total of 6,999 covered by the Pension Plan. The member accounts were supported by 5,901 church, college and organization accounts.

Claims

During the year 1960 there were 16 deaths among active members, 4 new cases of total and permanent disability and 98 age retirements. Among total disability cases there were 4 deaths and 3 where health was regained and the members returned to active service. In the age retirement pension group, there were 52 deaths and 3 ministers who returned to active service. Deaths among the active members and pensioners left 2 minor children and 53 widows as beneficiaries. Eight new scholarship benefits were begun.

Auditor's Report

February 24, 1961

Board of Trustees,
Pension Fund of Christian Churches (Disciples of Christ)

Gentlemen:

We have examined the statement of financial condition of the Pension Fund of Christian Churches (Disciples of Christ) for the year ended December 31, 1960. Our examination was made in accordance with generally

accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination did not include a review of the actuarial basis of the pension plan, upon which an independent report is made by the Pension Fund's consulting actuaries.

In our opinion, the accompanying statement of financial condition presents fairly the position of the Pension Fund of Christian Churches (Disciples of Christ) at December 31, 1960, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We found that the Pension Fund's accounting records were well kept, and were adequate for the preparation of the accounting and statistical information required by the administrative staff of the Fund.

Yours very truly,

GEO. S. OLIVE & CO.

Unified Promotion

HISTORY AND PURPOSE

Unified Promotion is an agency through which boards reporting to the International Convention (and voting to cooperate) appeal unitedly to the local churches for the support of their work.

Unified Promotion came into being as the result of repeated requests by the churches to the agencies for a co-ordination and unification of financial appeals. The first corporate action leading toward Unified Promotion came in 1909 at the Pittsburgh series of national conventions, at which time, on two different occasions, committees were appointed to confer with the agencies about the unification of appeals. The consultations of these committees resulted in the formation of The United Christian Missionary Society and the organization of the International Convention.

The second appeal from the churches for some procedure whereby congregations could look at the total outreach needs of the brotherhood came during the International Convention at Wichita, Kansas, in 1931. This resolution called on the Commission on Budgets and Promotional Relationships to hold a conference with the representatives of all agencies reporting either directly or indirectly to the Convention. The stated purpose of this consultation was to find a means whereby all the needs of the agencies could be presented to the local churches in a single asking. Four years of consultation and planning resulted in the formation of Unified Promotion to begin operation July 1, 1935, with fifty-three agencies participating.

Today, Unified Promotion includes all the state missionary societies, all but one of the larger national agencies, and twelve educational institutions and foundations. The stated purposes for which Unified Promotion was established are as follows:

—to inspire our people regarding the total Christian enterprise.

—to mobilize the total strength of our brotherhood for the proclamation of the gospel to the whole world.

—to eliminate both the fact and the spirit of competition in the promotional approach of the agencies to the churches.

—to avoid overlapping of effort by the correlation of the facilities and the personnel of the existing agencies.

—to serve the local church through a stewardship program of education, the provision of stewardship plans, and the preparation of stewardship materials.

—to assist the local church through making available plans and materials for the enlistment of every member for the support of the current expense and missionary budgets.

ANNUAL REPORT July 1, 1960, to June 30, 1961

I. HIGHLIGHTS OF 1960-61

A. Agency Relationships

Fifty-nine agencies shared in the fellowship and work of Unified Promotion during the year. Agencies participating for the first time included the International Convention, Chapman College, Cotner College, and the Disciples' Seminary Foundation of Southern California. Student Work was also included in the operating budget of the various states for the first time.

During the year, ten new agencies were approved for membership beginning July 1, 1961. They are as follows:

Christian College; Columbia, Missouri
Christian Theological Seminary; Indianapolis, Indiana
Culver-Stockton College; Canton, Missouri
Drury School of Religion; Springfield, Missouri
Hiram College; Hiram, Ohio
Jarvis Christian College; Hawkins, Texas
Kansas Bible Chair; Lawrence, Kansas
Missouri School of Religion; Columbia, Missouri
Texas Christian University; Ft. Worth, Texas
William Woods College; Fulton, Missouri

During the year, consultations were held with other institutions considering possible membership.

B. Supporting Churches

Four thousand, three hundred sixty-four congregations shared in the support of the agencies cooperating in Unified Promotion. This is a loss of 19 churches over 1959-60, and a gain of 430 congregations over 1949-50. These increases in participating congregations are encouraging. There is still much to be done, however, in relating small, pastorless, and semi-inactive congregations to the total program of Brotherhood life. These congregations need to be strengthened, encouraged, and involved in Brotherhood program if they are also to be involved in Brotherhood support.

C. New Staff

During the past year, Mrs. D. A. Holt was promoted from Secretarial Assistant to Departmental Associate in Research for the Commission on Brotherhood Finance. She assists the Director of Research in making studies and assembling information and materials for the Commission.

Mr. Hoke S. Dickinson was called in September from Wilshire Boulevard Christian Church in Los Angeles to the staff as Coordinator of Agency Promotion for the Decade of Decision. His portfolio includes the responsibility for coordinating promotion not only for the Unified Promotion agencies for operational budgets, but for all agencies and both for capital and operational budgets.

Mrs. J. Warren Hastings was called to the staff March 1 in Interpretation Services. Most of her time is spent in the field, interpreting Stewardship and the Decade objective in Outreach. She participates in local church planning meetings, district and state conventions, and in the release and interpretation of goals in the various states.

D. Offerings

The Financial Report ending June 30, 1961, reveals an increase of $807,343.09. Within this increase, however, are included the budgets for Chapman College, Cotner College, Disciples' Seminary Foundation, National Christian Missionary Convention, and the International Convention. These 1959-60 budgets totaled $456,936.36, leaving a net gain of $350,406.73 for the agencies already in Unified Promotion.

A preliminary survey of the various offerings in Brotherhood life during the year includes $360,966.98 for the Congo Emergency Fund, $350,025.88 designated offerings to Unified Promotion agencies, and $929,313.93 in Capital program.

II. STEWARDSHIP

A. Theme

For the year 1960-61, the Stewardship and promotion forces have utilized the theme "Decision Determines Destiny." We have been encouraged by the manner in which state and district conventions and local congregations have utilized this theme. We are even more encouraged by the number of congregations which have applied the theme to their financial participation during the Decade of Decision.

The 1961-62 theme adopted during the year is "Release Hidden Power." It is adaptable to many creative approaches as churches and individuals are led to let the Power of God become real in their lives.

B. Audio-visuals

A new stewardship film, "The Will of Augusta Nash," has been jointly produced with the Department of Stewardship of the National Council of Churches. It is being made available to the churches at a nominal service charge through the state and national offices. It promises to be one of the most fruitful stewardship films yet produced.

C. Program Planning

Stewardship planning for the churches is carried on in three different ways. First, projections are made by the Director of Stewardship meeting with the entire staff of Unified Promotion. Second, key leaders from the churches and from state and national agencies are brought together in the Committee on Stewardship of the Home and State Missions Planning Council. Third, stewardship educational approaches for the church school curriculum are planned and projected through the Curriculum Program Council made up of educational leaders from the local churches, from state offices, from the national department of Christian Education, and from the Christian Board of Publication. In these ways, stewardship becomes integral to the total program planning in Brotherhood life.

III. SPECIAL DAYS

During the past year (1960-61) Unified Promotion provided the churches and Sunday Schools with more than five and a half million copies of educational and promotional items to be used in the observance of the three Special Days, Thanksgiving, Easter and Children's Day.

A. Purpose

The purpose of the observance of the Special Days is twofold, (a) Interpretative and (b) Promotional. Certain causes participating in Unified Promotion are lifted up for promotional purposes each Special Day. During the course of the year all causes are studied.

B. Growth

The number of churches ordering the educational and promotional materials continues to increase. The largest number of orders for any one special day (Easter) was 3,579, which was an increase of 64 over the previous year. The largest increase was for Thanksgiving materials, when 116 more churches ordered materials than did in 1959-60. At the close of the year, 3,511 had standing orders.

C. Credit

All Special Day offerings, unless designated otherwise by the donor, are credited as regular giving, subject to division among the agencies cooperating in Unified Promotion. These offerings apply on the suggested Unified Promotion goal for the church.

D. Trends

Two changes in the observance of the Special Days have been discernable in recent years. (a) Where once the promotion and participation in the offerings were limited to the Sunday School, today the total church is involved and (b) increasingly the Special Day offerings supplement regular giving instead of being the only type of participation.

IV. EVERY MEMBER CANVASS

Based upon the conviction that every church member should be committed to active and worthy support of the total program of the church, the Every Member Canvass is built on three basic principles:

A. The primary concern of the church must be for people.

B. The church must have a program based upon meeting the needs of congregation, community and the world, and be worthy of truly Christian support by the members. In the development of such a program, the church should be governed by its potential rather than by traditional patterns of giving in the past.

C. Growth in stewardship by all members is essential.

THEME AND MATERIALS

A. During the past year the theme for the Every Member Canvass was "Acknowledge God's Priority." Supporting materials were made avaliable to the churches.

B. Church Participation

Interest and participation in the Every Member Canvass by our churches increased during the year. The Every Member Canvass is increasingly recognized by congregations as a method for improving both the quality of program of the church and the spiritual development of its membership.

C. Field Program

Several types of field service have been given by members of the staff of Unified Promotion. As time and opportunity permitted, assistance was given to churches and/or groups of churches in the organization and conduct of canvasses. Training institutes for leaders were conducted on area and state levels. Seminars and classes were conducted in colleges and seminaries. Presentations were made in conventions. We anticipate the continuation of this varied type of field service.

E. Representation

Unified Promotion is represented on the Every Member Canvass Committee of the Stewardship Benevolent Department of the National Council of Churches by Julian E. Stuart.

V. PUBLICITY

Unified Promotion has been generously supported throughout the year by the various Brotherhood publications, both state and national. State secretaries have been most generous with contributed space in the state papers, interpreting the budget needs of the various causes in Brotherhood life. Equally as generous have been *World Call* and *The Christian.* The publicity of our journals has helped build a concept of church and the inter-relatedness of congregations in carrying on the work of Christ.

VI. DECADE OF DECISION

1960-61 will be regarded as a transitional year between the Long-range Program, which closed in 1959-60, and the Program of Advance for the Decade of Decision, 1960 to 1970. Creative new approaches in promotion and finance are being attempted by the agencies in all levels of Brotherhood life. State promotional committees have been coordinating budgets for all causes and agencies, both Capital and operational, and have been attempting to interpret a total outreach responsibility to the churches. The goals for the first year of the Decade of Decision were significantly larger than any previous achievement. The procedures for reaching such goals are far from being perfected. Nevertheless, significant advance has been made in "togetherness" and coordinated procedures are being refined and will be increasingly effective as the Decade continues.

During the year, a significant number of congregations adopted a schedule of percentage increases for Brotherhood outreach, which will bring them to fifty-fifty giving prior to 1969-70. A few churches are expecting to participate in 1961-62 on a "fifty-fifty" basis. This is encouraging and reflects a new measure of maturity in congregational life.

The Decade objective lifts up a new dimension concerning the witness of the Church. It not only makes clear that no church can be thoroughly Christian and be only local, but also makes it apparent that the outreach witness is equally as significant as the local witness.

VII. COMMISSION ON BROTHERHOOD FINANCE

The Commission on Brotherhood Finance continues to give significant service to the Brotherhood. This group of fifteen spent a week in early December studying the national economy, the needs and projections of the various agencies, and reviewed their own processes. In March they spent about eight days dealing with an analysis of the budgets and the budget

needs of the agencies and made allocations for 1961-62 and 1962-63.

At the request of the agencies, the Commission allocated Capital budgets as well as operational budgets. Inasmuch as the Capital allocations for 1961-62 were made after the state committees had already acted, these constituted a "trial run" in making allocations in this field. The Capital allocations for 1962-63, however, were on the same basis as for operational budgets. The distribution of such Capital funds is determined in the state committees. In some states, distribution will be made in 1961-62 on a percentage basis, and in other states, distribution will be made from the churches directly to each agency for its Capital funds.

The total approved allocations forming the 1961-62 Unified Promotion budget of askings is $8,570,022. It includes $469,400 for the ten new agencies coming into Unified Promotion, and $37,400 designated money transferred into operational budgets. This budget is within the realm of reasonable expectation only if a sizable number of our congregations begin to implement the Decade principle, increasing their outreach participation proportionate to their local expenditures.

VIII. FINANCIAL REPORT FOR 1960-61

During the fiscal year closing June 30, 1961, the offerings subject to division in Unified Promotion totaled $6,672,253.15. This is short $886,930.85 of the 1959-60 Commission on Brotherhood Finance allocation. Nevertheless, it represented a gain over the giving of 1959-60. This was no small achievement in the face of a recession, which in many areas was very real, and which psychologically affected the whole United States.

It is with a sense of profound gratitude to the local churches and their leaders, and high hopes for the future of our Brotherhood, that we move into the Decade of Decision.

C. **Certificate of Auditor**

The Board of Directors
Unified Promotion, Inc.,
Disciples of Christ
Indianapolis, Indiana

We have audited the accounts of Unified Promotion, Inc., Disciples of Christ, for the year ended January 31, 1961, and have proven the correctness of all account balances as of that date.

We found that all recorded receipts had been deposited in the bank and distributions have been made according to the principles set forth in the by-laws. We also found that expense items have been properly allocated and the funds correctly handled.

In our opinion, the records have been properly kept for the year under review.

Committee on Week of Compassion

Box 19036, Indianapolis 19, Indiana

Fleetwood 7-1168

HISTORY AND PURPOSE

The Week of Compassion stemmed from the Brotherhood Dinner observance. The first Brotherhood Dinner was held in 1938. For the first three years no offering was promoted, the dinner being only for fellowship. At the Brotherhood Dinner in 1941 the churches were urged to make offerings for the work of the Churches of Christ Missionary Committee of Great Britain to be used for their foreign mission work. Our British brethren, because of war conditions, were finding it difficult to maintain their missionaries. Five thousand dollars was suggested as the goal. The offering totaled $13,009.66. In 1943 the Committee on Relief Appeals of the International Convention promoted an offering on the occasion of the Brotherhood Dinner to the end that the following causes might be aided: The American Friends Service Committee, the Y.M.C.A. War Prisoners' Aid, the American Bible Society, the Church Committee for China Relief, the Y.W.C.A. World Emergency Fund, the American Committee for Christian Refugees, the Central Bureau for Interchurch Aid and the International Missionary Council Orphaned Missions Fund. The offering totaled $36,728.47.

Sensing the necessity of continuing and expanding the work of the Committee on War Services, covering the 8% pension dues of Disciple chaplains serving in the Armed Forces and the inadequacy of our Brotherhood's response to the emergency causes cleared through the Committee on Relief Appeals, the Commission on Budgets and Promotional Relationships of the International Convention authorized an effort, to be known as the War-time Service Fund, to raise $250,000.00 for these causes. As a part of this effort the first Week of Compassion was held in February, 1944, with the Brotherhood Dinner as a part of the week's observance.

The Purpose is to:

—express the deep concern of Disciples of Christ in the projects of ecumenical fellowship and service.

—create an awareness regarding the military and veterans services including encouragement and assistance to chaplains.

—alert Disciples of Christ to a keen appreciation of their responsibility to those in distress in other lands and to enlist their support to the greatest possible extent in order that the material benefits of these projects may be widespread, alleviating homelessness, illness and despair without regard to race, color, or creed.

—develop the Christian values inherent in the work of relief, reconstruction and rehabilitation, not only in the Christian response to acute human need, but also in the inevitable strengthening of Christian witness around the world through this sharing of possessions in the spirit of Christ.

—bring about a greater understanding and realization of the brotherhood of all the children of our Heavenly Father and to generate among the peoples of the nations a mutual trust and an international friendship of people upon which alone can be built a solid structure of world unity and world peace.

ANNUAL REPORT July 1, 1960, to June 30, 1961

I. *"Break Bread Together"*

The theme "Break Bread Together" was used for the 1961 observance, February 19 to 26. This theme tended to identify the giving churches and receiving churches, and to identify that participants in America with refugees, displaced persons, chaplains in military service, and all of those served through the compassion offering. It reminded us that not only physical bread was being shared, but communion with one another through Jesus Christ.

The askings for the 1961 Week of Compassion approved by the Commission on Budgets and Promotional Relationships totaled $600,000. This was considerable less than had been requested by various ecumenical organizations administering relief.

The offerings from churches for the 1961 observance totaled $554,-032.49. These funds were prorated and distributed to the various causes in the Week of Compassion as far as possible. Although none of the allocations were entirely met, all of them were 91.6825% covered.

During the year, the Brotherhood was able to respond through its small emergency fund to several urgent needs. Early in the year, $5,000 went to the Africa Emergency to provide surplus food through Church World Service. Later in the year, $2,000 went for Cuban relief in Miami, Florida. During the summer, $1,000 was sent to the congregation in Ravenna, Kentucky, after its building and parsonage were destroyed by storm.

II. *Study of Relationship*

A. Restudy Committee

The study committee dealing with the structure and function of the Week of Compassion made its report to the Committee on the Week of Compassion which in turn was presented to the Commission on Budgets and Promotional Relationships. On the basis of this report, the responsibility for support for Military and Veterans Services and for the pensions for reserve chaplains on active duty were transferred to the appropriate agencies to be financed through the regular channels of Unified Promotion. This transfer is to become effective July 1, 1961. On the basis of this transfer, the goal for Week of Compassion for 1962, which was originally projected at $650,000 was approved by the Commission on Budgets at $550,000.

B. Joint Hearings Concerning Week of Compassion Askings

The report of the Study Committee concerning the Week of Compassion was made to the two commissions dealing with finance, namely, the Commission on Brotherhood Finance and the Commission on Budgets and Promotional Relationships. On the basis of this public hearing before the two commissions, the plans and projections for the Week of Compassion

were shared in a wholesome way with all of the agency representatives in Brotherhood life.

CERTIFICATE OF AUDITOR

August 10, 1961

Week of Compassion Committee and
Committee on Relief Appeals,
Disciples of Christ
Indianapolis, Indiana

We have audited the accounts of Week of Compassion and Committee on Relief Appeals, Disciples of Christ, for the year ended July 31, 1961, and have proven the correctness of all account balances as of that date.

We found that all recorded receipts had been deposited in the bank and distributions have been made according to the principles set forth by the committee.

In our opinion, the records have been properly maintained for the year under review.

F. C. Albershardt
Certified Public Accountant

II. *Material Aid and Refugee Resettlement*

Appeals to the Brotherhood for material aid to devastated areas and for refugee resettlement have been under the direction of the Department of Christian Action and Community Service of The United Christian Missionary Society through mutual understanding with the Committee on Relief Appeals. Miss Ella L. Williams, coordinator, Relief and Rehabilitation Services is in charge of this task.

From July 1, 1960, to June 30, 1961, approximately 19,235 pounds (exclusive of used clothing) received from our churches were shipped to The Congo, Philippines, Greece and our home mission stations. These service gifts included hundreds of layettes, used clothing, sewing and school supplies, clean-up kits, rolled bandages and first aid items and came in 3,847 boxes via parcel post, freight, express truck, private car and in arms. The service gifts were given by women's groups, church school classes, vacation church schools, youth and children's groups, churches and individuals.

Disciples donated through Church World Service 318,497 pounds of used clothing for overseas relief. This put our Brotherhood in third place so far as total number of pounds given were concerned, the United Presbyterian and Methodist Churches being in first and second place. The clothing does not all come through the Disciple Service Center at Missions Building but also through the four Church World Service Centers at New Windsor, Maryland; Nappanee, Indiana; St. Louis, Missouri; and Modesto, California. The Disciple Service Center is also used as a depository for used clothing donated by churches of all denominations in the Indianapolis area.

A stamp project has been carried on by our churches the past year and a half. In 18 months approximately $2,600.00 worth of stamps have been sold to local dealers and the money specified through the Week of Compassion for the Share Our Surplus Program of Church World Service, CROP, and Heifer Projects, Inc.

Cooperative relationships have been maintained with CROP and Heifer Projects, Inc., for the promotion of gifts in kind.

Since July 1, 1960, 155 people came into the United States, sponsored

by our churches and an additional 92 people are covered by assurances. An additional 173 people are still looking to Disciples for sponsorship.

From December 14, 1960 to March 1, 1961, Miss Williams was "on loan" to Church World Service to go to Miami, Florida, and set up the Church World Service Center to care for Cuban refugees, coordinate the work of the various Protestant Centers and churches, and act as liaison between the local churches, refugees, local and federal welfare agencies and the government.

III. *Ecumenical Work Campers and Fraternal Team Members*

Week of Compassion funds allocated for the financial undergirding of a program of Volunteer Christian Service have been administered by the Department of Christian Action and Community Service of The United Christian Missionary Society. Mrs. Ruth Milner, executive director of social welfare services, is in charge of the volunteer service program.

During the year, July 1, 1960 to June 30, 1961 the program included the participation of (1) ecumenical youth visitors; (2) the assignment of fraternal team workers to overseas projects; (3) ecumenical work camp scholarships; (4) partial support of a student representative; (5) assistance to persons serving in leadership capacity.

1. *Ecumenical Youth Visitors* included Kristjan Buason from Iceland, Michael Rennalls and Stotrell Lowe from Jamaica. Total cost of this part of the program was $701.49.

2. *Fraternal Team Workers* receiving assignments and support numbered fourteen. They are Wesley Bourdette to Berlin; Nell Carlson, Germany and Jamaica; Phil Foote, Salonika, Greece; Hisashi and Kasumi Hirayama, Stetten, Germany; Charles Johnson, Austria and Greece; George and Alice Massay, Saint-Nazaire, France; Don and Ann McCord, Berlin; Charles Selee, Greece; Paul and Barbara Stone, Heifer Project in Mexico; Larry Webster, Boys School, Ramallah, Jordan. These young people serve on a subsistence basis plus travel expenses and insurance. The total amount spent for this part of the program was $13,369.66.

3. *Ecumenical Work Camp Scholarships.* The total amount of scholarship grants was $2,133. Such financial asisstance made it possible for thirteen college-age men and women to participate in World Council work camps at home and overseas.

4. *Student Representative.* In cooperation with the Joint Commission on Campus Christian Life a student representative visited college and university campus groups from September through January. Miss Nell Carlson performed this ministry upon her return from Germany as a fraternal worker and before serving six months in Jamaica. The contribution to the campus visitation project was $480.33.

5. *Leadership Activities.* Rev. Don Van Voorhis was co-director of a World Council work camp in Germany; Rev. William Nottingham made pastoral visits to our fraternal workers in Greece and Germany; Mrs. Ruth Milner visited overseas projects and fraternal workers. Total cost of leadership responsibilities was $2,294.

ANNUAL REPORT

I. Staff

J. Clinton Bradshaw	Executive Secretary
Carl M. Boyd	Director of Chaplaincy Services
Patricia Reese	Office Secretary

II. Finances

The Committee operates each year from funds received in the previous Week of Compassion. The 1960-61 operational budget was based on the 1960 Week of Compassion receipts of $85,028.55 and a portion of the 1961 Week of Compassion receipts of $14,480.92.

Expenditures for the missionary year 1960-61 were as follows:

Salaries	$12,478.16
Travel (four persons)	7,330.85
General contingent, office expense, etc.	4,978.89
Chaplaincy Services Program	4,922.19
Overseas Service Centers	4,500.00
Interdenominational Projects	9,909.00
Camp and Defense Communities	25,040.05
	$69,159.14
Capital expenditures	30,350.33
	$99,509.47

III. Camp and Defense Community Services

(1) General Program and Counseling Service. Through the services of J. Clinton Bradshaw, executive secretary, the Committee has assisted

churches in military and industrial defense areas, in meetings with ministers, church boards and committees, for a more effective ministry to the members of the Armed Forces. He administered the program of field services, and financial assistance, and served as guest speaker on numerous occasions.

(2) Field and Parish Workers. The two field workers of the Committee, Miss Margaret Westfall and Mrs. Anita Newsom, served a number of churches in military communities through the year until the end of October 1960, when the program was completed. Their services consisted in giving leadership to churches in developing servicemen's centers, in leadership evangelism, and the general program to families of service personnel. The Committee also provided financial assistance in support of four parish workers who visited military families and relate Armed Forces personnel to the local church.

(3) Churches receiving capital grants: Anchorage, Alaska, First Christian Church; Warner Robins, Georgia, First Christian Church; Kailua, Hawaii, Windward Christian Church; Midwest City, Oklahoma, Midwest Boulevard Christian Church.

(4) Salary Support Appropriations in Strategic Military and Defence Communities: Fairfield-Vacaville, California; Lancaster, California; San Diego, California; San Clemente, California; Colorado Springs, Colorado; Homestead, Florida; Warner Robins, Georgia; Kailua, Hawaii; Mountain Home, Idaho; Rantoul, Illinois; Bossier City, Louisiana; Alamogordo, New Mexico; Greenville, South Carolina; Jackson, South Carolina; El Paso, Texas; Killeen, Texas; Bremerton, Washington; Moses Lake, Washington.

IV. Chaplaincy Services

The Committee, through Convention action, has the responsibility of recruitment of chaplains for the Veterans Administration and the Military Services as a brotherhood service on behalf of the young men and women in military life, the military dependents, and the patients in the Veterans Administration Hospitals, and through a service program help these chaplains in maintaining their effectiveness in the exacting work of the chaplaincy, and to retain close fellowship with the brotherhood they represent. In furtherance of this charge the Committee has developed a six-phase program in their behalf:

(1) Procurement of Chaplains. Our brotherhood, as is true of all church bodies, is asked by the various military branches and the Veterans Administration to share their best ministers in this joint responsibility. A quota, based on denominational strength, is given each communion. During the year, as has been true for many past years, we have been able to meet all requests in all branches of the services, together with the Veterans Administration needs. Our 116 chaplains presently on active duty, an over-our-quota figure, has remained fairly constant. The Director of Chaplaincy Services, Carl M. Boyd, attempts to visit each fully accredited seminary of the brotherhood on an annual basis to interpret the needs and challenges of the chaplaincy to the seminarians, and also to keep our ministers informed in this area.

(2) Fellowship With Disciple Chaplains. Mr. Boyd has set a goal of an annual visit to each chaplain in the USA each year, with visits to chaplains in major overseas areas every other year, which entails a visit each year to some overseas theatre.

(3) Retreats for Disciple Chaplains. The Committee sponsors three retreats in the U. S. A. every other year, the intervening year being open to an interdenominational retreat series sponsored by The General Commission on Chaplains and Armed Forces Personnel. A retreat was held at Hoddesdon, Hertfordshire, England, in connection with the World Convention at Edinburgh, Scotland, for the chaplains and their families stationed in Europe. The first of the 1961 series in the U. S. A. was held in May at Christmount. These retreats have provided the chaplains an opportunity for fellowship, for inspiration, and the sharing of ideas for their assignments, and have been encouragingly received. When possible one of the retreats is held in relationship to the International Convention, as is being projected for the Kansas City gathering.

(4) The *Disciple Chaplain,* a bi-monthly news magazine, provides the chaplains with a fellowship tie, both with other chaplains, and with the brotherhood. It is sent to all chaplains on active duty and to the reserve chaplains, to Armed Forces Headquarters, Chiefs of Chaplains, Disciple Colleges and seminaries, state secretaries, and other offices sharing interests common to all chaplains, but of particular interest to our own.

(5) Literature for chaplains and for their literature rack distribution. Pamphlets are provided the chaplains for their literature racks, and for distribution to hospital patients. In addition, the Committee provides all Disciple chaplains, as a gift from the brotherhood, subscriptions to *World Call, The Christian, Pastoral Psychology,* and *Sunshine Magazine.* They receive also an annual copy of the International Convention Year Book, and upon entrance to active duty receive a leather-bound copy of the RSV New Testament, *The Christian Worship Manual* by G. Edwin Osborn, and from time to time, other pamphlets and books.

(6) Assistance in Relocation. The chaplain is regarded by the U. S. Military, and the Veterans Administration as being in an "on loan" relationship, considering that he has been trained by his communion, selected for this exacting work on its behalf, and will ultimately complete his ministry in a civilian pastorate. The Committee, through the director of ministerial services of The United Christian Missionary Society and the state secretaries of the brotherhood seeks to assist the chaplain as he leaves military duty to be placed effectively in the civilian ministry.

Through this program the Committee serves in a liaison relationship with the chaplain, keeping him informed of brotherhood interest, relationships and programs, and with the brotherhood, keeping it informed of the unique ministry of the chaplains performed in their behalf, that it might take pride in the chaplain's ministry, his services, sacrifices, and achievements.

V. Interdenominational

(1) The General Commission on Chaplains and Armed Forces Personnel. The Committee maintained membership in and cooperated fully with the General Commission by providing financial support and official representatives. Represented on the Commission for Disciples of Christ were: J. Clinton Bradshaw, T. J. Mattingly, Walter F. MacGowan, Willard M. Wickizer, George Oliver Taylor, and Carl M. Boyd.

(2) Interdenominational Servicemen's Centers. The Committee has continued to support several interdenominational servicemen's centers and programs as follows: Denver, Colorado; New York City; Seattle, Washington.

(3) Cooperative Committee on Ministry to Service Personnel in the Far East. The Committee on Military and Veterans Services appropriated $4,500 to the joint committee of the National Council of Churches and The General Commission on Chaplains and Armed Forces Personnel to assist in maintaining a camp community program for the welfare of the military personnel in the Far East. The title of this joint effort was changed at the end of the calendar year to the Committee on Ministry to Service Personnel in the Far East, and at that time was related to the Division of Foreign Missions of the National Council of Churches.

VI. Cooperation With Commission on Chaplaincy Endorsement

For the support of the chaplains on active duty in the various military branches and the Veterans Administration, a joint program designated Chaplaincy Services has been set up between the Committee and the Commission on Chaplaincy Endorsement of the International Convention. The chairman of the Commission, Walter F. MacGowan, serves as a member of the Committee. The services of Carl M. Boyd are contributed by the Committee as secretary of the Commission.

VII. Committee Personnel

The following are members of the Committee on Military and Veterans Services:

T. J. Mattingly, Knoxville, Tennessee, Chairman
Spencer P. Austin, Indianapolis, Indiana
J. Clinton Bradshaw, Indianapolis, Indiana

Willard M. Wickizer, Indianapolis, Indiana

*Deceased.

The United Christian Missionary Society

HISTORY AND PURPOSE

The United Christian Missionary Society was created by the brotherhood of Disciples of Christ which long had sought a plan of cooperation for its missionary and religious education work. The American Christian Missionary Society, Christian Woman's Board of Missions and the Foreign Christian Missionary Society spent two years of intensive study and planning to prepare a proposed constitution. Modifications were made and it was given wide publicity and full discussion for a year.

In October, 1919, in Cincinnati, Ohio, it was approved by each of the boards and the International Convention. On October 20, the day following the Convention, the constitution was perfected and adopted at a meeting called for that purpose. The election that night of its first Board of Managers, officers and Executive Committee (now Board of Trustees) completed the formal organization. The Society was incorporated June 22, 1920, after careful legal study.

The Code of Regulations of the United Society states the following purposes and functions. "That the world may the more fully come to know Christ, the Son of God; that all men everywhere may increasingly appropriate for themselves His way of life; that a world of Christian brotherhood may be realized, and that the unity of God's people may be achieved, this Society is established.

"To this end the Society shall aid in the preaching of the gospel of Christ at home and abroad; shall create and foster a program of Christian education and training to the end that men's minds may be enlightened concerning the Christian way of life; shall lend encouragement and assistance to local congregations with a view of helping them to become as efficient units of the Kingdom as possible; shall interpret to the world the social implications of the teachings of Jesus; shall advance the cause of Christian womanhood; shall establish and maintain such institutions as schools, institutes, orphanages, hospitals and homes in the neglected areas of the world, and shall engage in such other forms of Christian service as will help to bring in the Kingdom of God, in which His will shall be done on earth as in heaven."

Since the Society began to function, the efforts of Disciples of Christ in missions and Christian education at home and abroad have been coordinated and made stronger by this central organization.

The United Society is a proved instrument. The churches chose it as a way of work. The churches continue to support it. The work continues to move forward.

FORTY-FIRST ANNUAL REPORT

July 1, 1960 to June 30, 1961

Executive Statement—A. Dale Fiers, President, Indianapolis, Indiana

The first year of the Decade of Decision has been a significant period of program implementation and adjustment. It has also been marked by a striking series of contrasts such as the thrilling 40th anniversary celebration on the one hand and the disturbing crisis in Congo on the other. The reports of the Society are an interesting and challenging reflection of the age in which we live—an age of great achievement and potential development but also of great dangers that keep us on the brink of tragedy and disaster.

The experience of the United Society in the first year of the Decade of Decision has served to point up three important aspects of the Disciples Program of Advance for 1960-70.

First, there is great value in corporate long-range planning for the mission of the church in the world. The five years of brotherhood planning under the guidance of the Council of Agencies for the decade of the sixties has made possible a sense of total involvement with all churches and agencies that would not otherwise be possible. This has given the various divisions and departments assurance of being related, not only in the Society, but in relationship with local, state and area and other national agencies of the Disciples. The basic principles and procedures for program development and promotion have been accepted by all as a part of the Decade program.

Second, the program that has been planned for the Decade of Decision is sound and relevant to the needs of the day and is in keeping with the nature of the church. It involves the whole church moving forward on the whole front of Christian concern together, not just spasmodic forays in the areas of special interests. As the reports will indicate, the Society is committed to the program of the Decade and moves forward into the future with optimism and confidence.

Third, the importance of implementation becomes apparent. It is no small task to get the Decade program actually functioning. This requires patience, courage and creative initiative on the part of those responsible. The staff of the United Society bears a heavy share of responsibility for this.

The year 1960-61 has been one of successful financial adjustment for the administration of the Society. Total receipts from regular Unified Promotion sources were $3,625,172.78. This represents an increase of $105,655.72 over the previous year. Of this amount, $32,950.00 was received to incorporate new programs into the budget. These were the program and staff of the National Christian Missionary Convention and the New Campus Centers program of the Joint Commission on Campus Christian Life.

The United Society was successful in administering its operational budget without deficit on the basis of expending promotional funds in an amount not to exceed the promotional receipts of the previous year. The adoption of this important principle means that future increases based on promotional receipts will make possible sound expansion and reduce the possibility of crippling deficits. It will be another year before any expansion will be possible inasmuch as the application of this principle for the

ensuing year has necessitated holding the 1961-62 budget at the same level as for 1960-61.

Total funds administered by the Society during 1960-61 amounted to $8,655,230.50. This is an increase of $155,197.16 over 1959-60. The giving of the Christian Women's Fellowship through Unified Promotion reached an all-time high of $1,970,868.04.

The first year of the operation of the merger of the program and staff of the National Christian Missionary Convention has proven the wisdom of this step. The merger has functioned well and has met with the cordial approval of the Brotherhood. The reports indicate that practically every church associated with the National Convention has been personally contacted to determine needs for the services and assistance of the Society and other state and national agencies. This will help to undergird the merger with a growing program of church development and outreach.

Noteworthy in the year's activities is the formal establishment of the United Campus Christian Fellowship which represents the merger of student movements of five religious communions.

The reports of divisions and departments submitted in this 41st annual report of the United Society are worthy of careful review and study, not only by those specially charged with the responsibility for making such a review; namely, the board of managers of the Society and the Committee on Recommendations of the International Convention, but also individual members of the Society and the churches.

Rather than make a summary of the details of the reports in this executive statement, we will endeavor to assess the significance of the reports as they bear upon the question—Where does the Society stand in the Decade of Decision? Four things seem to be clearly indicated.

One, we are beyond planning. As this statement is being written, the writer is on a TWA Jet 880 Convair which has just taken off from New York on a nonstop trip to Indianapolis. We can see very little because it is cloudy, but we know the basic flight plan and the pilot has assured us that radio, radar and other instruments will enable us to make necessary adjustments to weather conditions. It may be a little rough here and there, but come what may, Indianapolis is our next stop. So it is with the Society as well as the whole Brotherhood. We are started, and the destination is the objectives we have set for achievement by 1970. While many phases of planning must continue, we have now entered the period of implementation.

Two, we must sustain our initiative. Moving a whole communion forward together at the same time requires a tremendous "thrust." We have developed the initiative to do this. A great deal has happened in individual areas of the Decade program such as evangelism, world outreach education. Some have moved ahead of others, but all have started. It is essential to maintain initiative. Determination at all levels is an essential ingredient of success in the present long-range effort.

Three, we must gain momentum. It is not enough to start. We must gain momentum in all areas if the objectives are to be reached year by year and at the end of the Decade program. For instance, the New Church Effort has begun. Funds are actually being administered. The plans are tremendous. The present beginnings are hopeful. But it is evident that increased momentum in giving and in implementation must begin this next year and continue. The same is true for the Decade financial objective—as much money from each congregation for outreach

as for local witness by 1970. It is true for the selection and training of missionaries. The reports reveal a commendable advance in this area during the first year of the Decade, but we have only reached the half-way mark in achieving the annual level that we must have by 1970.

Four, the imperative needs of the hour must be met and at the same time strength must be developed and conserved for the long pull. Many things must be confronted now. The reports indicate something of the broad scope of the tasks immediately at hand. It is the genius of the Decade program, however, that we set ourselves for sustained advance on the whole front of Christian activity. This will require great effort, but more, it requires a deepened spiritual life which can lead to the sources of strength beyond ourselves. Many great projections for the future witness of the church at home and abroad are on the drawing board. We must conserve the energy to include them in our growing program.

Personnel. Miss Jessie M. Trout, who for 15 years has given great leadership as the executive secretary of Christian Women's Fellowship and 11 years as the Vice-president of The United Christian Misisonary Society, at her own request has been transferred to the division of world mission. She will devote the last two years of her active career to the fulfillment of special responsibilities on the mission fields as executive secretary of field liaison. Her work will take her to India, East Asia, Africa and Latin America. She will conclude her service in Japan, where she began as a missionary under the Society.

Dr. George Walker Buckner, Jr., retired from the cabinet of the Society, which position he held ex-officio as editor of World Call. He has served in this capacity for the past 26 years. He is succeeded by Samuel F. Pugh.

Emmett J. Dickson became a member of the cabinet ex-officio in keeping with merger agreement worked out between the United Society and the National Christian Missionary Convention.

The president of the Society completes ten years of service with this report. It has been a decade of challenging, rewarding and humbling executive responsibility. It has deepened the long cherished faith in The United Christian Missionary Society as a unique and effective instrument of the educational and missionary tasks of our churches. It has increased confidence in and commitment to the movement of the Christian Churches (Disciples of Christ) and the part it has to play in the ecumenical encounter of our time. It has brought unbounded appreciation for the great company of devoted people who compose the staff of the Society at home and abroad and for their loyalty to a great cause which often transcends the strong pressures of self-interest. It also includes the hundreds of consecrated people who serve through the Society as members of the board of managers, board of trustees and the various commissions and committees which make the broad scope of its work possible.

*Special funds, and income therefrom, benefit the work by supplementing the General Fund. The special funds include bequests, annuity, permanent and trust funds, royalties, and gifts for designated purposes, such as mission properties, equipment or special services. Permanent and trust funds cannot be expended but are invested to provide income for the work. Annuity gifts must be invested and are not available for the work until released by request or death of the annuitant. Each special gift is administered separately to fulfill the expressed wish of the donor.

†Includes $199,842.35 UCMS share cost of Unified Promotion, Inc.

‡The excess of expenditures over receipts is from accumulated balances of Special and General Funds received in prior years, not expended in the year received, and spent as called for by the work program.

Capital for Kingdom Building is reported under Other Funds Administered.

Certificate of Auditor

Board of Trustees
The United Christian Missionary Society
Indianapolis, Indiana

We have audited the accounts of The United Christian Missionary Society for the fiscal year ended June 30, 1961, and have verified the cash, securities and other assets as of that date.

We have also examined the Treasurer's report, a copy of which is attached hereto, showing assets of $10,912,862.01, total liabilities of $213,973.78, and total fund balances of $10,698,888.23, as of June 30, 1961.

We certify that the Balance Sheet shown in the Treasurer's report is in agreement with the records of the Society and with our report of audit as of June 30, 1961, and in our opinion, correctly presents the financial condition of The United Christian Missionary Society at that date.

DIVISION OF CHURCH LIFE AND WORK

The division of church life and work is composed of six departments: Christian action and community service, Christian education, church development, evangelism, home mission ministries and world outreach education (see following pages for departmental reports). In addition it has a consultative relationship with the departments of Christian women's fellowship and men's work as they plan program for the local church. Through their work and co-operative planning local churches are serviced in all functional areas but one (stewardship, administratively related to Unified Promotion). In addition the outreach interest of the churches is served in such matters as church planning and development, aid to minority groups, campus ministry, relocation of refugees, etc. Geographically, the division's major fields are the United States and Canada.

The division has close to 400 people on its national and field staffs. The central administrative staff of the division consists of Willard M. Wickizer, executive chairman; George Oliver Taylor, vice-chairman; and Mrs. W. M. Liverett, administrative assistant. In addition, the executive secretaries of the component departments serve on the division council. All carry additional responsibilities with other brotherhood and interdenominational organizations.

In July, 1960, the United Society incorporated the church programing aspects of the National Christian Missionary Convention, with two of the Convention staff members assigned to the division of church life and work: Emmett J. Dickson, national director of church relations, and Lorenzo J. Evans, national director of field program (Christian education). The third, Mrs. Annabelle Jackson Jones (resigned), succeeded by Miss Lois Mothershed in June, 1961, was assigned to the department of Christian women's fellowship. Mr. Dickson continues to devote part of his time to the Convention as its executive secretary. Both the Convention, which remains as a fellowship organization of Negro churches, and the United Society welcomed the merger of their program interests as a significant step forward in the matter of integration.

Because of its very large and complex program the division was instrumental in setting up five program and policy committees, composed of representatives of the various division departments as well as other departments of the United Society and other agencies, to help design and administer program in the following areas (the administrative secretary named in connection with each): church vocations (A. C. Cuppy), church-wide leadership development (Richard E. Lentz), interim developments in Negro church life (Emmet J. Dickson), social welfare concerns (to be selected) and work camps and voluntary service programs (Mrs. Ruth E. Milner).

In addition to the above the division participated extensively, as it has for many years, in the support and staffing of three major planning bodies: Curriculum and Program Council, Home and State Missions Planning Council and National Church Program Coordinating Council. Out of these councils, which involve other national agencies and state and area organizations as well as leaders from many local churches, come most of the brotherhood's general program guidance in the areas of church organization and administration, the ministry, Christian education, evangelism, stewardship, membership development, worship, world outreach education, Christian service, church development and planning, and general

policy and strategy. Most programs initiated and materials published by the division and many by the Christian Board of Publication, with which it has a close relationship, bear the imprint or reflect the work of these Councils.

The division also continued to give considerable financial and staff leadership support to the major Protestant movements in the country, chief among them the National Council of Churches of Christ, World Council of Christian Education and Sunday School Association, United Campus Christian Fellowship, General Commission on Chaplains and Armed Forces Personnel.

Christian Action and Community Service

In 1960-61 the work of the department was carried on under three sections: social welfare services (Mrs. Ruth E. Milner, executive director, and Miss Ella L. Williams, coordinator of relief and rehabilitation services), social education and action (Lewis H. Deer, executive director), and joint program (Robert A. Fangmeier, executive director, and Thomas J. Griffin, national director of church and community service). Barton Hunter served as executive secretary of the department and Miss Loisanne Buchanan as administrative assistant. During the year the following services which can be reported statistically were provided through the sections.

Social Welfare Services. Mrs. Milner administered the voluntary subsistence service program for young people through which 17 college youth were assigned to ecumenical work camps at home and abroad, 16 young people to summer migrant ministry with scholarship assistance, and four to internships in social agencies and community centers. In addition, nine were assigned as ecumenical team workers in Greece, Germany (Stetten and West Berlin), Jamaica, Mexico, Jordon and France. Mrs. Milner also supervised promotion of the international youth exchange through which six young people from our churches were placed in homes overseas for one year, and 12 from other countries were placed in Christian Church homes for a year's stay in America.

The department initiated a study of penal parole and treatment. It also prepared a local church guide on *Meeting the Health Needs of Older People in the Local Church and Community* 1,300 copies of which were made available on request to local groups as program help for this phase of the church's ministry to the aging.

Miss Williams was responsible for locating sponsors which allowed resettlement of approximately 159 refugees during the year. Her services were loaned to Church World Service to set up an office in Miami, Florida, at the outset of the Cuban refugee emergency in January, 1961. She also coordinated the department program which resulted in Christian Churches shipping through Church World Service approximately 318,497 pounds of used clothing and blankets to needy persons overseas. This placed Disciples in third place among the 10 denominational bodies co-operating in the program.

The Disciples Service Center in Indianapolis distributed 3,847 boxes, approximately 19,235 pounds of material aid supplies and service gifts, to mission stations at home and abroad.

Social Education and Action. Mr. Fangmeier guided the program of United Nations and Washington Citizenship Seminars. This included working with Charles C. Mills of the department of Christian education in a joint directorship of the first High School International Affairs Seminar,

attended by 42 juniors and seniors and their advisors, held at the United Nations and Washington, D. C. The department sponsored two adult seminars at the United Nations and Washington, D. C., with an attendance of 73. Also, 25 Disciples were registered through the department for the interdenominational Churchmen's Washington Seminar sponsored by the National Council of Churches.

Information on legislation related to migrant labor issues, federal aid to education and the Cuban emergency was provided in mailings sent to a selected list of 375 concerned persons.

Mr. Deer, in cooperation with the faculties of Brite College of the Bible and The College of the Bible, Lexington, Kentucky, assisted in planning and conducting two multiracial institutes which were attended by 66 ministers. During the year five congregations were selected as the first group of churches to be assisted in the churches-in-transition program that is administered in cooperation with the department of church development. The department also participated in and furnished leadership to the rapid social change study program of the World Council of Churches.

In addition to the department's on-going program in areas of race relations and civil liberties, 384 copies of *Christian Responsibility for Freedom—A Case Book* were sent on request to church leaders; also a special issue of *Social Action Newsletter* was prepared on *Operation Abolition* with 125 packets mailed in response to requests.

Joint Program. Mr. Griffin supervised three annual program planning mailings and individual correspondence with the 1,174 local church committees on Christian action and community service registered with the department.

During the year *Social Action Newsletter* had a monthly average of 2,273 paid subscribers. In addition, quantities of 2,000 and 5,000 were printed of two special issues dealing with *Operation Abolition* and the sit-in demonstrations. Two hundred and seventy-three Round Table Discussion Packets were compiled to fill orders. In preparation of a resolution on beverage alcohol and Christian responsibility, the department distributed 9,000 copies of a questionnaire mailed to all churches and processed 697 returns from the churches reporting results of their study and discussion of this matter. As a resource for their study, 115 Alcohol Round Table Discussion Packets were ordered.

The department held its fifth "Conversations on Theology and Social Ethics" at Christmount Christian Assembly, Black Mountain, North Carolina, with 36 invited persons attending the sessions.

Christian Education

After 40 years with the title "religious education" the department changed its name on July 1, 1960, to department of Christian education. The change was appropriate in view of the emphasis on the theological implications of the teaching ministry of the church and the concern that it be truly Christian.

Children's Work. For most of the year Miss Mary Elizabeth Mason was the only director in the children's work section. She gave leadership to workshops, institutes, state planning conferences and laboratory schools, as well as preparation of the *Children's Work Field Bulletin.* She also served as educational director of the interdenominational Southeast Regional Laboratory School at Columbia, South Carolina. During the last two years a study was made of the children's giving project. The number of giving groups and the money credited to this project have been de-

clining. This is not interpreted as a decline in missionary giving by children; rather it is felt this educational project is fulfilling its purpose so that children's giving can become a part of the total missionary giving of the church.

Youth Work. The 1960 International Christian Youth Fellowship Commission met at Lynchburg College, Lynchburg, Virginia, August 12-18, 1960. The 260 youth and adult delegates gave special study to Christian vocations. The results of their study and creative insight proved so valuable they were published in the booklet, *Report from the International CYF Commission.* Miss Camilla Jo Bloom, Kennewick, Washington, was elected president for 1960-61. During the year she visited churches and conventions west of the Mississippi River, including the province of Alberta, Canada. She spoke to more than 9,000 persons and wrote a weekly column for *Vision.* Charles C. Mills, director of youth missionary activities, conducted a three-week travel conference for 20 youth from 12 states to study the life of the church in Puerto Rico, Haiti and Jamaica. The first International Affairs Seminar for youth in grades 11 and 12 was sponsored for 33 youth and five counselors from 11 states at the United Nations and Washington, D. C. The total number of local church youth groups recorded nationally has increased in five years from 5,034 to 6,131, a gain of 21.8%. Boyd Hughes and Miss Iris Ferren, youth directors, participated with the youth editors of the Christian Board of Publication in the development of the "new Look" for Sunday evening youth meetings. In the Fall of 1960, *Power,* originally a Methodist youth publication, became a youth devotional magazine for several communions including the Christian Churches.

Campus Christian Life. On August 26, 1960, the Disciples Student Fellowship Ecclesia convened at Columbia, Missouri, and voted to enter the new merged fellowship, United Campus Christian Fellowship, along with the student fellowships of the United Church of Christ, the Evangelical United Brethren Church and the United Presbyterian Church, U.S.A. The uniting assembly of 700 students and leaders of the four communions voted with no dissenting voice to accept the articles of union. Lynn Jondahl, a Yale divinity school student and president of the new organization, wrote in an open letter to the parent communions: "The negotiations and planning for this union were motivated by the conviction that if we are to carry out the responsibility of the Christian faith we must respond to the unity which is Christ and to which he calls us." Robert T. Huber, executive director of campus Christian life, serves as administrative coordinator for the Fellowship. The Disciple Fellowship of Campus Ministers joined with their counterparts in the other communions participating in the Fellowship in a conference at North Central College, Naperville, Illinois, in July, 1960. An institute for Disciple campus ministers was held at Brite College, Texas Christian University, in the summer of 1960 with 22 persons attending. Five Disciples attended the teaching conference held at Strasbourg, France, in July, 1960, under the sponsorship of the World Student Christian Federation. The staff of the Disciples Joint Commission on Campus Christian Life, Robert T. Huber and Donald D. Reisinger, assisted in the revision of the manual for united campus Christian projects, now available through the National Council of Churches. A special allocation through Unified Promotion has made possible an amount in the budget of the department for the purpose of assisting states in the establishment of much-needed new campus Christian life programs.

Bible Chairs. A consultation held by the Kansas Bible Chair board in November, 1960, considered program, finance and facilities needed for the

long range future. The most urgent needs described were a new building and expanded staff. The expanding University of Michigan for the third time in recent years caused the Disciples Michigan Foundation to find and purchase other property. While the University each time paid a fair price for the property, much extra work and expense have been involved in finding suitable locations for the busy ministry to students. In February, 1961, the Texas Bible Chair held a consultation concerning program direction in the face of declining enrollment prevalent in all Bible Chairs at the University of Texas campus. The new educational wing of the University Christian Church, Austin, Texas, which houses the facilities of the Bible Chair, was dedicated on April 9, 1961. The sanctuary and educational building have been erected on the property purchased in 1905 by the Christian Woman's Board of Missions for Bible Chair use. Charles Cox, the Texas Bible Chair director, resigned, effective July 1, 1961.

Adult Work. Miss Bonnie Bates, who served as interim departmental associate in the adult work section, returned to Australia in September, 1960, to apply what she learned here to her work as a Christian education staff member for Christian Churches in Victoria and Tasmania. The annual Institute on Adult Christian Education (Indiana Plan) was held August 8-18, 1960, at Indiana University. Those participating were lay people, ministers and some foreign students from the Bureau of Studies in Adult Education at the University. Work was begun on the field program for training state leadership to work with local church teachers of adult classes. This training is for persons who will be working with "The Christian Discipleship Series," the new study program for adults. Walter J. Lantz, adult work director, attended the White House Conference on Aging, January 9-12, 1961, with 2,830 other delegates. This was an important meeting with far-reaching implications.

Family Life. During the greater part of the year, Richard E. Lentz served as acting director of family life. Three schools of Christian family life were held as pilot state projects and an estimated 100 or more family camps were held, most of them local church sponsored. These varied in size, type and length according to the needs and resources of the sponsoring churches. A score of delegates from Christian Churches attended the National Conference on Church and Family Life, May 1-5, 1961, Green Lake, Wisconsin. Significant results from the conference will be felt in all age groups. The department participated in the coordinated social action and education emphasis of Christian Family Week, "Family Stewardship." A large number of churches organized parent study groups to use the Hearthstone Parent Program series. *Hearthstone, The Christian* and *Bethany Guide* all carried materials for local church family life programs.

Camping and Conferences. In the fall and winter of 1960-61, five five-day regional training sessions were conducted for 316 camp and conference directors. Most of them served in Chi Rho camps and CYF conferences but a few were directors of children's camps, adult conferences and family camps. They came from 33 states or areas. It was the most extensive training that has been attempted. James L. Ballinger, director of camps and conferences was the administrator and coordinator. He also served as administrator for the interdenominational Workshop on the Strategy for Training Conference Directors held at Indiana University, March, 1961. During the year he gave much attention to the new curriculum materials for youth camps and conferences. Counsel was also given to states in the development of camp sites.

Church-wide Leadership Development. Early in the year a new section on church-wide leadership development was lodged in the department and a related program and policy committee was established representing the United Society's departments of evangelism, Christian action and community service, Christian women's fellowship, men's work and Christian education, as well as the stewardship section of Unified Promotion, the Christian Board of Publication and the Board of Higher Education. Richard E. Lentz, for four and one-half years national director of family life, was named executive director of the section and administrative secretary of the committee. Their responsibility is to lead in the development of a correlated church-wide program of leadership development. During the year the committee reviewed the leadership concerns and projects of each participating department and agency, adopted a working paper on relationships and broad points of view and considered several immediate program possibilities. The new program calls for additional national staff personnel to specialize in giving assistance to the states in the furtherance of the program. The first one employed in the capacity of national counselor in church-wide leadership development was Miss Fannie M. Bennett, for 12 years departmental associate and more recently associate in ministerial and Christian education services. Other consultants will be added.

Educational Administration. With the establishment of the new section on church-wide leadership development, Miss Mabel Metze has given full time to educational administration, the program of assistance to those who administer the educational program in the local church. The third annual Educational Administration Practicum was held at Phillips University, Enid, Oklahoma, in March, 1961, with 10 seminary students and five undergraduates participating. Teaching practicums at five colleges and seminaries served 219 students. Information gathered in the national office shows that the number of persons employed by local churches as directors or ministers of Christian education and those having some responsibility in Christian education has increased in the last five years from 395 to 495. The National Fellowship of Disciple Directors held their fifteenth annual meeting in St. Louis in February, 1961, with a record registration of 200. The two-week Institute at Christian Theological Seminary in the summer of 1960 was a refresher course for 17 directors.

Cooperative Curriculum Project. Growing out of a three-year evaluation of the curriculum making process through the National Council of Churches, a cooperative curriculum project was established in which 13 communions, representing a major portion of Protestantism in the United States, are participating. Each communion has appointed representatives to a working group that meets twice a year. They include executives, age group directors and editors, and representatives of functional interests. By 1964 it is anticipated that the project will have gone through six stages, including development of curriculum design, guides, sequences across the life span and descriptions of units for teaching-learning experiences in all phases of the church's education program, culminating in the production of the curriculum materials.

Group Life Training. In cooperation with the commissions on the ministry of Arizona, Northern and Southern California and Nevada, the department conducted a group life workshop for ministers and wives at Loch Leven Camp in Southern California in November, 1960. Forty-seven delegates participated, including a large number of the staffs of the three sponsoring state societies. In April, 1961, eight Disciples, members of the

state and national staff, a pastor and a missionary, were delegates to the Protestant Church Leadership Laboratory at Green Lake, Wisconsin. George Oliver Taylor, executive secretary of the department, served on the laboratory staff. Both projects were designed to further insight into human relations problems in the church and wider communities and to provide an opportunity to learn skills of group leadership and membership.

Field Program. D. Allison Holt, associate executive of the department, cooperated with state committees and boards in the selection, orientation and guidance of new staff. The merger of the National Christian Missionary Convention staff with the United Society brought Lorenzo J. Evans to the department as national field director of field program. There were 11 personnel changes among the state staff during the year. The annual meeting of the state and national staff, which includes Christian Board of Publication editors and the world outreach education national staff, was held at Purdue University in February, 1960. Immediately preceding it a special consultative meeting of the Curriculum and Program Council was held which was attended by a large percentage of the state staff. The third Midwest Regional Training School conducted by the state staffs of Arkansas, Colorado, Kansas, Missouri, Nebraska, Oklahoma, Texas and Wyoming was held in July, 1960, at Oklahoma City with 64 state and local leaders enrolled.

Miss Carrie Dee Hancock, after 13 years as director of children's missionary activities, retired June 30, 1961. During the last 10 months of her service she visited the Negro churches to give them information as to state and national resources available and to gather information that will enable state and national agencies to serve these churches better. She visited 156 churches in 20 states and the District of Columbia.

Curriculum and Program Council. The department continues to cooperate actively in the Council, with all staff involved. Miss Charlene Stewart, departmental associate, devotes a major portion of her time as the Council's administrative assistant.

New Zealand Importee. During the year the department provided opportunities for observation and participation in various aspects of the Christian education program for Mark Wendelborn of New Zealand. After graduating from the Bible College at Dunedin, N. Z., he came to the United States in June, 1960, for an 18-month period of study at Christian Theological Seminary and the Christian education program. When he returns home he will become the federal director of Christian education for the New Zealand Christian Churches.

Church Development

The year 1960-61 was one of concentrated planning by the department to undergird its projections for the program of advance of the Decade of Decision. Two new staff members were added: Lonnie H. Hass, national director for town and country work in the church planning and development section, and Karl H. Croel, executive director of the local church life section. Major emphases during the year were church planning to undergird the New Church Advance, spiritual life and churchmanship conferences, guidance and recruitment, improved placement procedures, civilian chaplaincy and the production of supporting materials.

Local Church Life Section. Samuel F. Pugh concluded his service as executive director of the section on January 1, 1961. Prior to termination

of his service, emphasis was placed on completion of editorial work on the following materials: *Training the Devotional Life* by G. Edwin Osborn, *Developing Spiritual Resources* by Charles F. Kemp, *Personal Daily Prayers* by James L. Christensen, *As You Look Forward to Baptism* by Benjamin F. Burns, *The Christian Churches (A Thumbnail Sketch)* and *Primer for New Disciples.* During November and December Mr. Pugh gave considerable time to the orientation of his successor, Karl H. Croel, who assumed duties as executive of the section on January 1, 1961. The department expresses a great debt of gratitude to Mr. Pugh for the unique service given during his tenure of office.

During Mr. Croel's first six-month period of service, emphasis was placed on the following: revision of the booklet, *Constitution and Bylaws for Christian Churches (Disciples of Christ);* participation in churchmanship conferences in Georgia and Kansas; lecturing at the Oregon ministers' conference; assistance in the organization of the Disciples' church musicians planning council and first national church music workshop to be held in Ft. Worth, Texas, August 1-8, 1962; participation in two spiritual life conferences and direction of three other conferences; development of the Church Loyalty Month program; research and planning for a study in the area of worship and the devotional life; preparation of a basic outline for a book on local church organization and administration.

Ministerial Services Section. The section, of which Thomas E. Wood is executive director, exists to serve the ministry of the church at each of the major decision points: vocational guidance for youth, recruitment for church vocations, vocational counsel through college and seminary, ordination and licensing, placement in active service, and retirement.

During the year much of the effort of the section was placed on Disciples Guidance and Recruitment Services under the leadership of A. C. Cuppy, national director of church vocations. Working with state and area organizations and through state commissions on the ministry the program was introduced to churches and ministers. Much field time was spent by Mr. Cuppy and Donald D. Reisinger of the Board of Higher Education, co-sponsor of the Services, in orienting state groups, assisting in Christian vocation conferences and church vocation clinics, and generally nurturing the program.

A second major area of concern which received considerable staff time during the year was the developing program for institutional chaplains. Heretofore no extensive consideration had been given to the more than 50 men who serve the church in the institutional setting. A dinner meeting for persons interested in forming a fellowship was held during the Louisville Assembly. A steering committee to form a fellowship of institutional chaplains was appointed and held some formative meetings. Mrs. Betsy Collins, departmental associate in ministerial services, devoted major time to this new concern of the section.

The time-consuming program of ministerial placement is coordinated through this section. During the year the service was expanded to cover all the ministries of the church, including Christian education personnel and chaplains formerly serviced by other departments. The biographical data files were expanded as more and more ministers relied upon this brotherhood-wide method of bringing minister and church into relationship.

Other areas of concern which received attention included orientation programs for seminary students in non-Disciple seminaries, development of a program for recruiting and training a lay ministry, general orientations on the task of state commissions on the ministry, and ecumenical programs dealing with the ministry and pastoral care.

Church Planning and Development Section. The planning process for a more effective witness of the Christian church is a continuous one. The section on church planning and development works with state and area organizations and with city unions in research and survey work outlined in the state research project called Project X. The project is concerned with the location of sites where new churches should be built, town and country churches facing the fact of a decreasing population, churches involved with transition and changing neighborhood, and churches with small membership that can be strengthened. The goal of the project is the development of a master plan for each state, area and city organization. Under the guidance of Arthur J. Stanley, executive director of the section, members of the staff concentrated on Project X during the year. The urban church studies conducted in past years were set aside in order to advance the state research project; however, the studies have been related to churches in areas of transition in the inner city. Assignments have led the section to a greater awareness of the needs of Negro and Spanish-speaking congregations and the research and survey needed in order that a more effective ministry can be planned for and with these people.

The New Church Advance has been foremost in the work of the section. Review of the research and survey going on in each state and area has been constant and will continue. Special studies have been completed or are in process in the following areas of church planning: the study of the effectiveness of the churches under maintenance aid, the comparison of Christian church membership with the 1960 population in the central city, the suburban fringe as well as the state or area, and the depressed areas in America and Canada. A special study of the 11 churches located in the Niagara Frontier (Niagara Falls and Buffalo) is being done by the section. This study will be in depth and an effort will be made in the study of all the churches in a metropolitan district to determine the effectiveness and ministry of the Christian Churches. The Niagara Frontier has been selected by the Department of Urban Church of the National Council of Churches for a three-year study called "Exploration of Mission." The section will cooperate in this.

Lonnie H. Hass became the national director of town and country work in September, 1960, and has taken a very definite role in the continued concern for the churches in town and country. The section now considers all Christian Churches located in cities up to 10,000 population related to town and country work. The town and country and urban institutes were merged at Christian Theological Seminary into an institute on church planning and development. The experience of having 29 Christian Church leaders from town and country and urban areas enabled the group to do church planning related to all Christian Churches. The institute was an illustration of teamwork not only in the section but in the entire department of church development in that most of the staff members shared in the leadership. The new research and survey laboratory developed by Christian Theological Seminary under the direction of Franklin E. Rector was more than satisfactory. A similar church planning institute was held at Phillips University.

Dale W. Medearis, associate executive secretary of the department, has taken the responsibilities for the church maintenance and new church advance work of the section.

In March, 1961, the board of trustees approved a document on the strategy for church planning prepared by J. Clinton Bradshaw, executive secretary of the department. This action gives direction to the work of the section in church planning during the Decade of Decision and beyond.

Editorial Work. Mrs. Virginia L. Zumwalt, departmental editor and administrative assistant, is responsible for the publication, major distribution and inventory of literature for the department. During the past year, working with the department staff, 91 separate items were produced or reprinted for release to the brotherhood. In addition, Mrs. Zumwalt served as a recorder for the Home and State Missions Planning Council and recording secretary for the committee studying restructure of national planning bodies.

Evangelism

As the department of evangelism began its second year of work its staff included Donald M. Salmon, executive secretary; John W. Frye, national evangelist; and Mrs. Jean Bowles, editorial associate. Mr. Frye retired on December 31, 1960, after having assisted more than 300 churches during his 13 years on the national staff.

The department's first project of the year was an institute on evangelism held for two weeks in July at Christian Theological Seminary. Twenty-seven men from 13 states participated, among them ministers from Canada, Australia and New Zealand, and missionaries on furlough from Jamaica and Paraguay. Co-directors of the institute were Joseph M. Smith of the seminary faculty and Mr. Salmon. Guest lecturers, in addition to seminary faculty, were G. Paul Musselman, National Council of Churches department of evangelism director; Thomas W. Klink of the Menninger Clinic, Topeka, Kansas; and Thomas W. Toler, minister of First Christian Church, Oakland, California.

The annual convention of the National Evangelistic Association, of which Mr. Salmon is general secretary, was held in First Christian Church, Louisville, Kentucky, October 20-21, 1960. The Association is dedicated to keeping alive the evangelistic zeal of the brotherhood. Its membership is composed of ministers and lay persons who are especially interested in the evangelistic work of the church.

The Chain of Prayer was sponsored by the department to encourage the churches to undergird pre-Easter evangelism programs with prayer. Three hundred and fifty-three churches took part in this 24-hour vigil between January 1 and Easter Sunday. For the first time in its four years as a national program, names of participating churches were listed in *The Christian* so that each church could think of itself as a real link in an unending prayer chain.

Project Evangelism was the title given to a program wherein the department enlisted leaders from national and state agencies, colleges and seminaries to devote a week's time to assisting local churches with their evangelistic programs. Fifty-nine men each worked for a week in churches requesting assistance. The executive secretary of the department assisted Northwood Christian Church, Indianapolis, Indiana, and First Christian Church, Tampa, Florida. While in Tampa he met with ministers of all the Tampa churches to consider the matter of evangelism.

At the request of the Christian Churches in Jamaica, 14 ministers from the United States each spent two weeks on the island doing evangelistic preaching and visitation, beginning the first of the year and continuing until shortly after Easter. They served 16 churches, many in remote and difficult areas of the island. The department of evangelism was responsible for enlisting the visiting evangelists and was assisted by the department of Latin America.

Sharing with the department of men's work, the department of evangelism helped plan program materials for 85 men's retreats in which laymen

studied in depth their evangelistic role in their churches during the Decade of Decision. In addition the executive secretary wrote "Evangelists in Business Suits," one of the monthly programs for Christian men's fellowships.

In order to keep in close contact with brotherhood life in the local churches and in state and area meetings, the executive secretary spent more than 60 per cent of his time in the field. He served in state planning conferences in Arizona, Missouri, Oklahoma, North Carolina, Pennsylvania, South Carolina and Virginia. With Carl H. Belcher of the department of world outreach education he led ministers of Arizona and New Mexico in a ministers' retreat to face up to the nature and mission of the church, with emphasis on the implications for world outreach and evangelism. He also participated in city-wide schools of evangelism in Indianapolis, Indiana, and Louisville, Kentucky, a laymen's leadership training institute in Kansas, the Arkansas state convention, a ministers' institute on evangelism in South Carolina and district men's rallies in Illinois and Virginia.

In addition to his local church work with Project Evangelism, the executive secretary gave personal service to other churches through participation in Sunday worship services and planning sessions: Park Street Church, Charlotte, Virginia; Park Manor, Chicago, and First in Carbondale, Illinois; Central in Columbus, Georgia; Lincoln Terrace, Oklahoma City, Oklahoma; Boyd Memorial, Charleston, West Virginia; Rhett Avenue in Charleston, and Macedonia, both in South Carolina; New Bern, North Carolina; Broad Ripple, Centenary and West Park of Indianapolis, and North Church of Columbus, Bargersville and Beech Grove, all in Indiana.

The department produced several new pieces of material during the year. Mr. Salmon and Mrs. Bowles prepared the quarterly bulletin, *Evangelism,* which was distributed to all ministers, to state, area and national staff, and to local church evangelism department chairmen registered with the department. The evangelism poster for the year, "Christ Calls You," was distributed in September, along with a Chain of Prayer enrollment sheet and a flier illustrating the department's free and sales materials. A special booklet was prepared for churches enrolling in the Chain of Prayer and distributed with it were a chart for registration of participants and three tracts dealing with prayer. *Year-Round Total Church Plans for Evangelism* and *Plans for District/Area/City Year-Round Total Church Evangelistic Witness* were also prepared for free distribution.

Home Mission Ministries

In the early days of home missions, institutions were established and later a church was started. Today, in most cases, it seems wiser to begin the church and establish whatever institutional functions are necessary to meet the needs of the people. Thus, those churches known as mission churches are closely related to institutions in program and administration. During the year 1960-61, 16 such churches were transferred from the department of church development to the department of home mission ministries (formerly known as department of institutional mission). In the national office Mrs. Mary Mondy Dale serves as executive secretary of the department, with Mrs. Geraldine Walker as departmental associate. (See the United Society directory section for names of the large field staff of the department.)

During the year Jarvis Christian College became a part of Unified Promotion and now takes its place with the other colleges of the brotherhood.

All Peoples Christian Church. Some 200 young people from 7-18 years of age have been enrolled in a community activities program. The church wrote and adopted a new constitution which gives the church itself more responsibility for the community center program but the trustees of the United Society will continue to approve all matters relating to personnel, property, and budget. A committee of the church studied the program and personnel. As a result of the study, Kay Kokubun was chosen as pastor-director and Joe Ide as coordinator. Much consideration has been given to the urban renewal program of Los Angeles and to the changes which will affect the program of All Peoples Christian Church.

Hazel Green Academy. During its 81 years of service, Hazel Green Academy has served more than 10,000 students. This year 122 were enrolled including 24 seniors. A new staff house was constructed and an old structure was converted into a crafts and music building. The industrial arts building was put in use with some additional machinery. In an effort to raise the economic level of this area of eastern Kentucky, Hazel Green led out in the development of several programs. Cooperation with the University of Kentucky was established to help broaden the program services. A sorghum producing program was started, and more than 300,000 trees were planted. The church is located next to the campus. Its program provides spiritual guidance for persons of the community and Academy.

Mexican Christian Institute. The new dental clinic opened last year has served a maximum number of Spanish-speaking residents of San Antonio. The work with the hard-to-reach youth is being expanded, and outside groups are interested in studying the Mexican Christian Institute situation to determine procedures with potential juvenile delinquents elsewhere. The center served 3,800 persons last year. One great need is for an expansion of courses for immigrants.

Mount Beulah Christian Center. A bookmobile service has provided supplementary reading materials for 11 schools. More than 250 persons were served through the Nex-T-New Store, where used clothing and supplies are sold at a small cost. Work continues to be done in helping men and women develop new skills and in assisting prospective mothers. Also, a Saturday recreation and study program has drawn more than 100 children and many youths and adults.

Tougaloo Southern Christian College. In September A. D. Beittel became president of Tougaloo Southern Christian College replacing Samuel C. Kincheloe who had served since the merger of Southern Christian Institute and Tougaloo College. Plans were completed for the building of a new student union building in order to alleviate the crowded conditions of the College. This building will provide dining facilities, and recreation facilities especially for day students. In a day when many tense situations exist, Tougaloo Southern Christian College serves the Negro race in the much needed field of education.

Yakima Indian Christian Mission. Much study was given to the program by the staff and advisory board during the year. The study revealed the necessity of shifting the emphasis away from the central children's home and putting it on local church work and Christian family life development. A new church congregation was started in the Toppenish area with a new staff person, Edgar L. Fox, as pastor. Mr. Fox is also business manager of the Mission. The charter members of the new church had all been residents of the dormitory at the Mission at one time. A five-acre

piece of land located between the towns of Toppenish and Wapato was donated for the building by a couple of the area.

Mission Churches. The past year marks the first year in which the work of mission churches has been assigned to the department. Staff of the department of church development have assisted in the field work relationship. Full transfer of responsibility awaits budget for additional staff. This work is concerned with the development of churches for French, Japanese, Puerto Rican, Mexican-American and other Spanish-speaking peoples in the United States.

Seven congregations in New York City serve the Puerto Rican people. In Texas, Spanish-speaking churches are located at Brownsville, San Benito, McAllen, Robstown, Corpus Christi, and San Antonio. Churches for the Japanese are located at Rocky Ford Valley, Colorado, and Los Angeles, California. Churches in Tampa, Florida, and Mamou, Louisiana, are provided for Spanish-speaking and French persons.

For most of the mission church situations the United Society provides building facilities, parsonages and salary support. In several situations the state or area, with the district organization, join with the Society in providing the salary support. In other mission church situations the project is sponsored entirely by the district and/or state.

World Outreach Education

The department, which had been known as the department of missionary education since its beginnings in the nineteen-twenties, became the department of world outreach education on July 1, 1960.

The year 1960-61 was highlighted by the launching of the program of advance known as the Decade of Decision. Many of the materials, emphases and planning of the department were prepared to assist in this significant brotherhood thrust.

The Council of Agencies in its July, 1960, biennial meeting, authorized the establishment of the World Outreach Education Commission. The commission, composed of staff agency representatives, meets twice each year one month following the meeting of the world outreach committee of the Home and State Missions Planning Council. Here, the work of planning is reviewed and agency staff begin the important task of implementation. The commission has brought about a closer co-ordination of work in world outreach education and provides a forum for staff to project agenda items for future meetings of the world outreach committee. The department of world outreach education carries administrative responsibility for the commission.

The department is closely identified with the Commission on Missionary Education of the National Council of Churches. This commission is best known to the churches across America by the annual Friendship Press books on the interdenominational mission themes.

The 1960-61 themes were well received by the brotherhood. The world theme, "Into All the World Together," gave opportunity for the department to emphasize the ecumenical cooperation of Christian Churches (Disciples of Christ) in the mission abroad. Rather than selecting a single geographical area of emphasis, the ecumenical aspects of Disciple mission work around the world were woven together in an exciting story. Willard M. Wickizer, executive chairman of the division, was author of the book entitled *From Frontiers to Frontiers* which supported the home theme, "Heritage and Horizons in Home Missions." The book had wide sale among the churches and will continue to be a valuable resource for several years.

More than 20 persons shared in the first world outreach institute held cooperatively by the department and Christian Theological Seminary on the campus of the seminary in Indianapolis, June 13-23, 1961. Carl H. Belcher of the department staff and Joseph M. Smith of the seminary served as co-directors.

The work of the department is projected and refined through two important brotherhood planning bodies: the Curriculum and Program Council and the Home and State Missions Planning Council. Program planning and implementation is increasingly a significant function within states and areas. This affects the materials produced by the department and there is continuing cooperation with the states and areas as their emphases are planned in world outreach.

The major work of the department staff centers around projecting, writing, editing and producing materials. Considerable time is required for consultation with staff of various agencies now that the department carries the over-all responsibility for world outreach education.

Administration. Russell F. Harrison served his second year as executive secretary of the department. He also served as chairman of the National Church Program Co-ordinating Council, chairman of the World Outreach Education Commission and chairman of the missionary education section of the National Council of Churches. In addition to administration of the work of the department and its staff, Mr. Harrison carried responsibility for the Easter Week of Prayer and Woman's Day materials.

General Church Program in World Outreach Education. Carl H. Belcher, national director of general church program, gave leadership this past year to the world outreach committee of the Home and State Missions Planning Council. Materials prepared included a state program planning file for state world outreach committees, *Memo for Ministers, Memo for Chairmen of World Outreach,* and *Annual Supplement for Church Schools of Missions.* A concern for leadership resulted in a new program on basic reading for world outreach leaders. Some 2,000 local church world outreach chairmen were served in various ways through the year.

Children's Work. Mrs. Paul C. Kepple came to the staff of the department in April, 1961, as Miss Frances M. Hill left for a special assignment in the Philippines. As national director of children's work in world outreach education, Mrs. Kepple is responsible for preparing units on the current study themes for *Junior Programs.* For the 52 issues yearly of *Junior World* Mrs. Kepple provides copy and pictures for a two-page spread entitled "Friends Around the World." She also prepares informational articles for Uniform Lesson quarterlies at the children's level and has worked on revisions in some of the Bethany Graded Lessons containing a world outreach emphasis. She is responsible for some writing and book reviews for *World Call.*

Youth Work. Miss Mareta Smoot, national director of youth work, was responsible for world outreach units, using the mission study themes, for *Tack* (senior highs) and *Focus* (junior highs). Each year she prepares the curriculum materials for the world fellowship youth meets as well as the missionary syllabi for young people's summer conferences. This year two separate pieces of material were combined into one to become *Christian Youth Studies World Outreach Witness,* an annual resource booklet for use in the churches to provide supplementary material for world outreach in youth program. Miss Smoot is responsible for a youth and outreach page each month in *World Call.* The *Books Are Bridges* reading program for youth, sponsored with the department of Christian education, continues to grow.

Adult Work. Miss Marilynne Hill, national director of adult work, provided group study packets for adults on the two study themes. She is responsible for two pages each month in *World Call* which provide resource guidance, worship suggestions and other information for Christian women's fellowships and the church constituency generally. The *Ecumenical Portfolio* for 1969-61, prepared by Miss Hill, was well received. She did basic staff work on *World Outreach Education Materials for All Age Groups* and the *World Outreach Reading List.*

Editorial Work. Miss Bernice LeMaster, editorial associate, carried responsibility for copy editing, publication and supervision of inventory on all publications; served in liaison relationship with the Christian Board of Publication on sales materials; and assisted the executive secretary in budget and other administrative matters.

Research. Mrs. Anita Newsom, research associate, came to the department staff in October, 1960, after serving for a number of years with the Committee on Military and Veterans Services, helping with church programing in defense communities. She is responsible for maintaining a comprehensive series of resource files; compiles information on world outreach; and gathers data for the staff, other departments and agencies, writers and local church leaders. She also assists the executive secretary in various special assignments.

DIVISION OF GENERAL DEPARTMENTS

The five departments of audio-visual services, Christian women's fellowship, men's work, resources and interpretation and service have been working together as a division of the United Society since July 1, 1956. Although each department has a definite job to do, a united sense of purpose and fellowship brings them into the division of general departments.

This division symbolizes the common purpose and interdependent ministry of the Society to the churches. The division of general departments exists primarily to undergird all divisions and departments. More particularly it is concerned with the interpretation and support of the mission of the church and the work of the United Society.

As a servant and agency of the Christian churches the United Society represents in its own organization and through each of its divisions a unique fellowship of mutual concerns.

Audio-Visual Services

Production of audio-visuals includes research, script writing, photography and production supervision for 16 mm. motion pictures, sound and silent filmstrips, slide sets, recordings and dramatic productions. In 1960 the department produced *The Awakening Village,* a motion picture on Christian missions in India. This was judged the best missionary film of the year by the National Evangelical Film Foundation. Filmstrips produced were: *A Flame of the Lord's Kindling,* the story of the development of Christian Women's Fellowship; *I Am Missions Building,* a visit to Missions Building; and *A Program of Guidance and Recruitment,* instructions for local church leaders. *Peace on Earth,* a filmstrip program for Christmas, was revised and reissued. Both *The Awakening Village and Peace on Earth* received certificates of participation in the American Film Festival in New York City. The department, through the Broadcasting and Film Commis-

sion, shared in the production of *Day for Witness* and *Till Freedom Comes,* which were produced for the interdenominational study on Latin America. The department carried major responsibility for the dramatic production *This Burning Hour,* the 40th anniversary pageant presented on United Society Day at the International Convention in Louisville; also for the central display around which department exhibits were arranged.

Distribution. Ninety-four new films and filmstrips were added to the audiovisual library in the year ending June 30, 1961. Over 1,220 titles of films, filmstrips, slides and recordings are now available through the library for use by churches and organizations.

Films and filmstrips were supplied to workshops, conventions and other training sessions and for field use by staff of the United Society. Special folders and guides were prepared and released to give information on audio-visual materials for seasonal uses and other special emphases.

Training. The staff of the department participated in the 17th annual Audio-Visual Conference which was held at Boulder, Colorado, August 17-23, 1960. This conference was in the nature of a special consultation with leaders of the church audio-visual field and of industry. Staff members have given leadership in the program of training for audio-visual utilization through workshops, conferences, leadership training schools, and institutes and have assisted in program and curriculum planning with other departments and agencies.

Photographic Service. Activities and occasions of special interest to the work of the Society were photographed to provide picture news coverage and to make available pictures and color slides to departments and agencies for illustration and promotional purposes and were supplied to *World Call, The Christian* and other publications for their use.

Christian Women's Fellowship

The Consultative Conference held in January, 1960, reviewed the ten years of history of Christian Women's Fellowship and made very few changes, except to make the purpose read "to develop all women in Christian living and Christian service as part of the witnessing church of Jesus Christ." The following report shows results in effort to achieve that purpose.

Worship. Every effort is made to help women plan meaningful worship services and create a spiritual atmosphere in the Fellowship. Aids to the deepening of personal devotional life are also suggested. 44,015 copies of the intercessory prayer booklet, "In Faith Believing," were distributed. Prayer topics for World Christian Women's Fellowship prepared by Mrs. H. I. Digwood, vice president of the World Christian Women's Fellowship, were included in the Christian Women's Fellowship Year Book used by 113,824 women. Easter Week of Prayer was observed by 1,327 Fellowships, and 2,121 Fellowships shared in the World Day of Prayer.

Study. 22,068 program and discussion packets on the two missionary themes for 1960-1961, "Heritage and Horizons" and "Into All the World Together," were used. 5,295 general program books on the theme "Set Our Feet on Lofty Places," were used, which was an increase of 3.5%.

The International Christian Women's Fellowship Reading Plan motivated women in 816 Fellowships to read 273,654 books. Reading certificates

went to 5,598 readers, 1,052 of whom read at least 24 books in addition to *World Call* and other brotherhood papers during the year.

The state Christian Women's Fellowship secretaries were included with the Quadrennial Assembly discussion leaders in a three-day special training session. The leader was Dr. Margaret Kuhn of the Board of Christian Education, The United Presbyterian Church.

26 state Christian Women's Fellowship boards have had a definite program of personal study and enrichment.

Service. Members of Christian women's fellowship render much service locally, state-wide and nation-wide that cannot be reported statistically. Service gift projects included 318,497 pounds of new and used clothing to Church World Service. 88.8% of these goods were accompanied by the requested 8 cents a pound for postage. Christian Churches rank third in total poundage sent and most of this is channeled through Christian Women's Fellowship.

Offerings. Regular offerings were $1,887,318.44, Blessing Box offerings were $83,549.60, making a total of $1,970,868.04. Designated offerings were $14,253.05, making a grand total of $1,985,121.09.

Membership. There were 4,318 organizations reporting 244,607 members.

Schools of Missions. The report shows that 1,187 schools and/or mission study classes have been held.

Personnel. On April 30, 1961, Mrs. J. A. Schaefer, state secretary of Christian Women's Fellowship for Michigan, retired and was succeeded by Mrs. Russell Palmer. Miss Kathryn Schneider has been elected state secretary of Christian Women's Fellowship for Tennessee to succeed Mrs. Naomi McDonald, who served as interim secretary for one year. Mrs. Anna Belle Jones, director of local Christian women's fellowship services in the national department, resigned September 16, 1960, and Miss Lois Mothershed succeeded her in June, 1961. Mrs. Judson Faw, executive director of program coordination, resigned in May, her resignation to take effect November 1, 1961. Miss Jane Heaton was elected in June as director of program coordination, effective October 5, 1961.

Men's Work

The department is entrusted with major leadership in the planning and guiding of men, in the policies and best practices of men as individuals and men's organizations in the church. To engage men in all the functions of the church, as it strives to fulfill its mission, is the aim of men's work.

Staff and Organization. William H. McKinney, executive secretary; Mark Rutherford, associate executive secretary; Jack A. Sutton, Jr., national field director; Albert C. Hofrichter, general representative.

The National C.M.F. Advisory Commission, on policy and practice, meets annually (Salt Lake City, Utah, June 22-24, 1961) and consists of all thirty-six state presidents, five national staff members, twelve dollar-a-year men, fifteen part or full-time state directors of men's work, six senior counselors and several members-at-large. The Central Committee of the Commission, elected for the year 1961-62 were: Joseph Morrison of Stuttgart, Arkansas, chairman; Roy Royalty of Irvine, Kentucky, Vice-chairman; William H. McKinney, Secretary; Dr. Joseph Bennett of Buffalo,

Missouri; Ralph A. Warren of Portland, Oregon, and H. Clark Armstrong of Cambridge, Ohio.

Field Work. The major contribution of staff members is speaking, helping to plan and serving in state and district conventions, state planning conferences, men's retreats, state and district men's rallies, men's institutes and in individual churches. The materials for more than 85 state and area retreats on the theme of Evangelism were planned for the calendar year of 1961. Staff members attended and served in more than thirty of the retreats. They provided guidance and speakers for an annual series of district men's rallies in all the states. They also taught in adult conferences, assisted in Leadership Training Institutes or Schools of Churchmanship (relating men to the functional departments of the local churches); assisted in Schools of Missions, Schools of Stewardship, Evangelistic Visitation Campaigns, represented men's work in planning meetings on national committees of our communion and interdenominational conferences. Field work usually follows requests of states, districts and churches and is confirmed in schedules three and four months in advance. The staff also visited the churches on behalf of Unified Promotion, Capital for Kingdom Building, Decade of Decision purposes and World Missions. Through the staff, men's work of our communion was also represented in the activities of the National Council and World Council of Churches and the movement known as Protestant Men of the Chapel among our armed forces. Visits to Jamaica and Puerto Rico, under the direction of the department of Latin America, were made by staff members.

Literature. Prepared copy for 2,500 copies (sales literature) of 1960-61 Men's Monthly Programs for C.M.F. Meetings; prepared and distributed Laymen's Sunday (third Sunday in October) material for more than 4,000 churches; prepared and distributed five issues of the *"Glance,"* newsletter for 10,000 leaders of men; promoted the use of Guidance Material for Men (Sales Literature); gave wide distribution of free materials, "You Asked for It!" (C.M.F Action Projects); "101 Keys to Spiritual Growth"; "If You Were a Minister"; "The Christian Men's Fellowship Idea"; "The Christian Men's Fellowship Song Leader"; and "A Guidance Manual on Retreats."

Resources and Interpretation

Resources and Interpretation expresses the natural division of the department into two major work sections, namely: Resources section and Interpretation and Public Information section. This new name and structure became operative with the opening year 1960-61 of the Decade of Decision.

A major concern of the department is reporting to the churches the scope and nature of mission work at home and overseas, as well as to encourage regular financial contributions from the churches, organizations and individual donors to undergird a world-wide program of mission and education.

Financial Resources Section

This section is concerned with encouraging continuing financial support of the United Society, and as a member agency within Unified Promotion, is closely related to its promotional policies and procedures.

Undesignated and Specific Giving. During the missionary year 1960-61 the United Society received $4,251,838.51 from the churches, which was 66.71% of all funds received during the year. Additional income of

$1,876,677.22 came to the United Society from the following sources:

Foreign Field Receipts	$1,137,973.00
Home Mission Institutions	$158,121.83
Annuities and Bequests	$110,515.16
Interests, Special Funds, etc.	$470,067.23

Designated and Special Fund Gifts. Capital for Kingdom Building provides urgent construction, rehabilitation, new tools, equipment, needed transportation and trucking units, and began in January 1, 1953. Projected Capital for Kingdom Building needs have been completed for the Decade of Decision. The United Society has received a total of $3,197,476.50 for Capital for Kingdom Building January 1, 1953, through June 30, 1961.

Africa Emergency Fund. Within a few weeks of the beginning of the Decade of Decision the brotherhood was electrified with the news of Congo unrest which ultimately called for new and additional expenses not anticipated in the budget of the Africa department. The excellent and gratifying response from the churches to this emergency appeal for $500,000 resulted in $360,966.68 by June 30, 1961.

New Church Fund. In cooperation with the various state organizations, Board of Church Extension and the office of Unified Promotion, the United Society received $33,451.16 by June 30, 1961, for the special brotherhood program of New Church Advance. This total is divided equally between the division of world mission and division of church life and work for church development at home and overseas.

Wills and Annuities. Individual donors are provided an opportunity to extend their stewardship and share in the work through a Gift Annuity Agreement. A standard, generous interest rate provides the annuitant with income and at death of the annuitant or survivor the income is released to support the program of the Society.

Income is received through bequests made in the will of individuals who name the United Society in the disposition of their estate. In addition, the United Society receives income from direct cash contributions made by individual donors which is a vital part of the work at home and overseas.

Interpretation and Public Information

This section seeks to interpret the work of all departments to the churches. It utilizes the existing channels as *World Call,* all State Papers, *The Christian,* as well as *Leaven,* weekly Church Bulletins and the News Bulletins. Coverage through the public press and the Interpretation office of the International Convention presents items of program, personalities and news events to the various news services and religious press services. Preparation of free promotional materials dealing with program organization and the "Missionary Dollar" is prepared for distribution to the churches.

In response to requests, the field desk provides staff and missionary speakers for conventions, conferences and youth meets, to local churches for special missionary programs, as speaker and resource persons interpreting the mission cause.

Personnel. The changing structure of brotherhood promotional procedures necessitated changes in the department organization. The new State and Area Missionary Partnership replaces the historic "Living Link" program with local congregations. Every church now giving through its State World Outreach program and Unified Promotion is recognized as a "Missionary Partner" sharing in support of the missionary and his work.

Capital for Kingdom Building is now unified in the total outreach giving in many states. Mr. Donald O. Legg, director for C.K.B., has accepted a staff position with the Indiana Association of Christian Churches.

Mr. Lyle V. Newman resigned to become Associate Pastor at Central Christian Church, Youngstown, Ohio.

Mrs. Blanche Carroll resigned prior to her marriage to Mr. Ralph Snyder of Indianapolis, Indiana. Mrs. Fern McLean succeeds Mrs. Carroll at the field desk as departmental associate. Mr. Walter Cardwell transferred from Special Gifts to be director in charge of field schedule.

Mr. Homer P. Gamboe concluded work with the department in Capital for Kingdom Building upon his retirement June 30, 1961 (after 40 years of service with the United Society).

Service

While the Service Department has little direct contact with the churches, it is the life line which makes it possible for the other departments to do their work. This department provides the necessary headquarters office services and clerical personnel for all departments. The department is also responsible for the care and maintenance of the buildings and grounds.

Work Sections. The following ten work sections are supervised by this department: (1) Church Records; (2) Incoming and Outgoing Mail; (3) Print Shop; (4) Address Files; (5) Transcribing; (6) Central File; (7) Remittance Posting; (8) Addressograph; (9) Mimeograph; (10) Stock Room. Approximately 50 people are employed in these sections. In an average day approximately 200 to 300 address changes are made; 200 letters are written; 1,000 pieces of first class mail are received and distributed; 200 parcel post packages are wrapped and mailed; plus a constant flow of work through other sections. Under the supervision of Mrs. Grace Wicklund, Remittance Posting has responsibility for receiving and crediting offerings from the churches, which includes all receipts of the central receiving agency, Unified Promotion.

Materiél Services. This office is responsible for work in four principal areas: purchasing, shipping, construction and maintenance. James K. Sugioka is national director.

Purchases last year included supplies and equipment for home and foreign missionaries, mission stations overseas, and home missions institutions. This totaled $115,000. In addition $16,022 worth of merchandise was purchased for employees of Missions Building.

Shipping of baggage and supplies for missionaries and mission stations was more complicated than ever this year, especially to the Republic of The Congo.

Less time this year has been given to construction and maintenance supervision in our home mission service centers and more to our overseas work.

Sales Literature. The staff suggests books and materials and helps provide leadership for the cooperative Christian Board of Publication–United Christian Missionary Society book exhibits at conventions, ministers' institutes and other national meetings. Last year 27 of these assemblies were served by UCMS personnel. Upon the resignation of Miss Winona Fishback, Miss Marilyn Hotz became national director and Mrs. Forestine Hagerty became field representative. During the year 633 review books were received and distributed for comment.

Library. The C. T. Paul Memorial Library (27,000 volumes) is especially used for reference and research. It includes approximately 2,000 volumes of the College of Missions Library, the remainder of which is on loan to colleges and universities. The majority of the books are on religion, particularly missions and the Disciples of Christ. The library serves all workers in Missions Building and will loan books to others on inter-library loan. Miss Doris Autrey is librarian.

Personnel. The securing and placing of secretarial and clerical help for all departments of the United Society is the responsibility of the department. The number of full- and part-time employees averaged 130 during the year. Approximately 200 applicants were interviewed last year to secure the 24 persons needed to fill vacancies. This phase of the work is under the direction of Mrs. Grace Wicklund, assistant to the executive secretary.

Group Health Insurance. During the fiscal year over 400 health insurance claims have been filed and paid in behalf of our active and retired employees. H. Nelson Gilbert is responsible for administering the plan.

Tours of Missions Building. Between July 1, 1960, and June 30, 1961, 1,279 people representing 30 states and 9 foreign countries visited and toured Missions Building. Visitors are always welcome. We appreciate very much knowing in advance of your coming, particularly if the group is large.

DIVISION OF WORLD MISSION

The year 1960 has been a year of upheaval, anxiety and crisis beginning with Congo independence July 1, 1960. Despite all of the problems caused by turmoil and critical situations the report of the division of world mission shows basic, stable growth throughout. Perhaps the most significant thing to be found in the reports is that the churches in all of the fields are increasingly manifesting maturity of action relative to their responsibilities as churches to their people and to the mission board.

The Africa report tells a graphic story of the critical period in the Congo following the evacuation of the missionaries for a brief time and the re-entry of most of the staff during the year. The churches of the Disciples of Christ in America responded generously and promptly following the crisis by raising funds not only for the evacuation of the staff but to meet the increased burden placed upon this department because of a rapidly changing situation. The church in Congo stabilized itself promptly and effectively during the year.

The reports of East Asia, India, and Latin America, while they do not reveal massive, dramatic change as does the report of Africa still they intimate something of the restlessness of the world. These tensions add to the administrative problems on the field and decidedly affect the relationship of the board to the churches and to the missions in these lands.

The statistical report will indicate that in Congo and in South Africa we are carrying the same figures as last year due to the fact that no accurate reporting could be made during the year.

The administrative field trips during the year were confined to an administrative journey of Mrs. Mae Yoho Ward to Mexico; Mr. Virgil A. Sly and Mrs. Ward to Puerto Rico; and Mr. Sly's two World Council trips to Geneva. Mr. Robert G. Nelson returned to Africa in the fall of 1960 to review the situation following the return of the staff evacuated to Europe. Mr. Kenneth L. Potee, administrative field secretary for India, and Mr. Garland S. Farmer, administrative field secretary for Congo, returned for conference with the division during the year.

The division has been very pleased with the response to the recruiting

program of the department of missionary selection and training and the privilege of sending out a group of twenty-three new missionaries.

A significant addition to the basic strategy of the division of world mission was made in the adoption of the Strategy of Ecumenical Concerns by the board of trustees in its March 22, 1961, meeting. This adds a significant chapter to the basic policy in the strategy of the division which was approved in 1955. It infinitely broadens the policy of the division as it deals with ecumenical responsibility in mission areas.

Africa Missions

Nineteen hundred sixty was a year of important events in the *Republic of the Congo,* formerly the Belgian Congo. On June 30, 1960, Belgium granted independence to the colony it had ruled for fifty-four years, and almost immediately trouble broke out which endangered the peace of the world. In the Disciples of Christ Congo Mission the organization of the Church was perfected, the last Congress of the Mission and the first general assembly of the Church were held, and the Church applied for its incorporation by the government. This transfer of administration was made in a spirit of harmony and cooperation, different from the trouble marking the granting of political independence to the country.

Steps toward the writing of the constitution and by-laws for the Church of Christ in the Congo (Disciples of Christ Section) were taken when Louis Harris, president of the Congress, visited all stations in January and February to discover the consensus of opinion and then called a meeting of the Central Committee in Bolenge in March. There the constitution was prepared and the two legal representatives, Paul M'Benga and Bernard Davis, were instructed to apply to the government for the incorporation of the Church. A subcommittee was named to prepare the by-laws for presentation to the Congress during the meeting in July. New missionary personnel began to arrive on the field in May. Mr. and Mrs. Danny Spencer and their three children were the first, followed by Mr. and Mrs. Garland S. Farmer and their daughters. The Farmers were accompanied by Mr. Robert G. Nelson, executive secretary for the department of Africa in the United Society, who was making a regular visit to the Congo. Shortly after their arrival in Coquilhatville on May 7 Mr. Nelson and Mr. Farmer, the new administrative field secretary for the Mission, set out to visit most of the other stations up-river.

On Sunday afternoon, May 8, the new church building in Coquilhatville, a Capital for Kingdom Building project, underwritten by Northwood Christian Church of Indianapolis, was dedicated. The crowd was so great that it pulled the front doors off the hinges in order to get in, and even then many people had to remain outside the building. The acting governor of Equator Province, Mr. Brebant, and his wife; the mayor of the city, and other government officials attended. Chaplain Daniel Casier of the Army preached the sermon, and Robert G. Nelson represented The United Christian Missionary Society.

As June 30, the day Belgium was to give the Congo its independence, drew near the fear of disturbances between tribes and of attacks upon non-Africans grew, especially among government officials. In preparation for the possibility of trouble Mr. Nelson named a special committee to work with him in drawing up plans to meet any emergency and to be responsible for the safety of the missionary staff and of mission property during such times. This administrative control committee (ADCON) was composed of Bernard Davis, legal representative of the mission, Louis

The arrival of radio transmitters and receivers and the establishment of the mission radio network just before Independence aided communications among the stations and the work of ADCON in the difficult days which followed. Although authorization from the government of the network did not arrive until July, provisional permission for its operation was given by the Belgian major of the Gendarmerie at Coquilhatville. Clarence Williams was able to get word out by radio concerning the safety of the staff when telegraphic communications with the outside world were cut. Later on, however, some radio equipment was confiscated by Congolese soldiers.

On Saturday, July 9, the Congolese soldiers disarmed their Belgian officers. At Bolenge and Boende the Congolese Christians advised the missionaries to send wives and children out of the country for a while be-

cause of the possibility of their being attacked by irresponsible persons and their presence could endanger the lives of the other Christians as well as their own. July 15 the first missionaries began to leave both Boende and Coquilhatville and by nine o'clock that night all of the women and children from Coquilhatville, Bolenge, Boende, Ifumo and Wema, plus men who were leaving on regular furlough or because of health reasons, were already on their way out of the country. Two days later others left. On Tuesday, July 19, two small U. S. Army planes arrived in Coquilhatville and flew to Boende on the 20th and brought out the remaining men missionaries who had been blocked from departure. Several additional U. S. Army planes came to Coquilhatville that same day and the next day eleven missionaries were flown to Brazzaville in the neighboring Congo Republic. Mr. Nelson talked with American consular officials by telephone and received from them a modification of the order concerning evacuation of all missionaries so that seven men might remain. Those who remained were John Ross at Lotumbe; Allen Byerlee, Richard Taylor and Louis Harris at

Bolenge; Ben Hobgood, Bernard Davis and Garland Farmer at Coquilhatville.

Before his departure on the 21st Mr. Nelson and the emergency committee drew up a statement concerning United Society policy regarding schools, hospitals, property, the return of missionaries, etc. This was translated into French and Lonkundo and circulated among the stations as early as possible.

Almost immediately following the Emergency Committee meeting Louis Harris, Pierre Mojebu, and Garland Farmer left to visit four of the interior stations. At Boende they were joined by Clifford Weare, who accompanied them to Wema and Mondombe. Everywhere the Christians expressed their joy upon seeing missionaries, especially so in the Mondombe area where they had not had news of the missionaries for a month. Only at Wema, where tension between the Bakutu and the Basenkentulu tribes has existed for many years, was there any trouble. Members of one tribe protested the presence of nurses from other tribes in the hospital, and it was necessary to close the hospital until both tribes would agree.

Ben Hobgood visited Lotumbe and worked with the Church in organizing the regional council for the area served by that station.

The arrival of Haldor Heimer, Donald McMillan, and the new doctors Henry Dugan and Neal Testerman late in August gave a lift in morale to both missionaries and Congolese. Mr. McMillan came to serve in the Congo Christian Institute, Mr. Heimer in the preachers training school, and the new doctors joined Dr. Weare in Boende to assist at that important hospital and to receive some orientation at the same time.

An emergency meeting of the administrative committee of the Congo Christian Institute was held on August 31, and elected Mr. Paul M'Benga, of the Disciples of Christ Congo Mission as director of the School, the first Congolese to occupy this position.

Amid much speculation as to whether such would be possible, primary schools opened September 5. Both texts and supplies were difficult to find and government subsidy was often late.

Mr. Paul M'Benga was chosen to go to the United States as a delegate to the International Convention in Louisville, Kentucky, and to visit churches and educational institutions. He left the Congo late in September and was gone for six weeks.

Despite lack of missionary staff it was decided to open the École Moyenne, the École de Théologie, and the Congo Christian Institute on October 10. After receiving assurances of order in the Coquilhatville-Bolenge area, it was decided to return the missionaries in small groups. Before the month was out, forty-seven men, women, and children had arrived in the Congo. Among them were new missionaries: the Richard Galusha family, Mrs. Henry Dugan and daughter, and the wife and children of Dr. Neal Testerman. Once again the morale of the work was lifted by the return of sorely needed staff.

Dr. Testerman left Boende and went to Leopoldville to meet his family when they arrived the latter part of October. There they were to spend several months learning Kikongo before going to the Evangelical Medical Institute at Kimpese to serve on the teaching staff.

The board of trustees of the Faculté de Théologie (university-level theological seminary) met at Elisabethville in Katanga Province in the represented the DCCM. It was voted that despite the troubles of the past month of October, and Louis Harris, Abraham Ebaka, and Garland Farmer months and the separation of Katanga from the rest of the Congo, the school would begin classes in November. Richard Dodson, Disciples of

Christ representative on the faculty, was chosen dean for the year. Since the institution possessed no property and the trustees felt it unwise to make capital expenditures at that time, it was decided to accept the offer of classroom, office, and library facilities offered to it by the Methodist Church. In November the school opened as planned with three regular and several special students and three professors: Edward Smith of the Methodist Church, Henry Crane of the Presbyterian Church, and Richard Dodson of the Disciples of Christ.

Robert G. Nelson of the department of Africa, Paul M'Benga, and the Randel Martin family arrived in Coquilhatville on November 6. Mr. Nelson came for the postponed Mission Congress and the General Assembly of the Church.

The first General Assembly of the Church elected as its officers Dr. John Ross, president, Mr. Davies Anjombi, vice-president, and later Mr. Louis Ilela as the provisional general secretary until Mr. Jean Bokeleale returns from Belgium where he is studying at the Faculté de Théologie Protestante, Brussels.

As now organized, the Church is made up of local congregations, of sectors which bring together a number of local congregations, of regions which comprise the mission station and the sectors of its back country, and of the general assembly, which brings together delegates from each region and the chairman of the permanent commissions of the Church, such as evangelism, religious education, etc.

Thanks to these devoted leaders and their unnamed colleagues the work continues in a good way in spite of the difficulties experienced during the year. The Church of Christ in the Congo (Disciples of Christ Section) should be the stronger for this core of leaders who have risen to meet the challenge of their new responsibilities.

Republic of South Africa. The work in South Africa suffered during 1960 from the shortage of ministers. Plans for the provision of more ministers for the coming year included the training of Mr. R. Haddock, a mature Christian layman, and the return of Mr. and Mrs. H. Austin Smith to the field after a furlough in the United States.

Mr. and Mrs. Basil F. Holt returned to South Africa from furlough in the United States in March. Mr. Holt resumed his pastoral work at Linden Christian Church as well as in the position of Administrative Secretary for the Disciples related work for South Africa.

Tensions in Congo during mid-July and following had their effect upon South Africa. Relationships between two factions of the European population, and between non-white and European groups became increasingly strained as the policies of apartheid became more of an issue.

Missionary candidate, Waunita Reed, assigned to religious education work in South Africa from July 1, was reassigned to Okinawa when immigration clearance for her was not granted for that field.

Despite various discouragements in the work in South Africa, there is an increasing conviction that the witness of our small number of churches in the Johannesburg area is of extremely great importance. Present government regulations make it necessary for many of the African sects to seek affiliation with older recognized churches. One such group of African churches applied for membership in the South African Association of Disciples of Christ and was placed on probation for further study and consultation. This is thought to be a new and important dimension in the expansion of the work among the indigenous African groups.

East Asia Missions

Japan. The year 1960 was the first full year of the second century of Protestant Christian Witness in Japan. A substantial amount of planning for the second century, commenced in 1959, was carried on into 1960 with intensive heart-searching and with new organization for advance, accompanied by new dedication to an extremely difficult and challenging task, namely the confrontation both of old national faiths and of modern-day secularism by the Gospel, and the Church, of Jesus Christ.

In the 1960 (biennial) Assembly of the United Church of Christ in Japan, held in October, actions were taken relative to: (1) strengthening the weaker churches, in economic support particularly, (2) taking the Gospel to all spheres of society, with renewed stress on rural evangelism and industrial evangelism, (3) giving priority to areas of special promise, ready to bear fruit, (4) calling for greater financial backing and recruitment of missionaries, particularly to East Asia, (5) using women in full-time Christian service in the United Church, (6) giving importance to the work of the Committee on Church Unity designed to contribute to closer relations between the United Church and other Christian bodies.

Missionaries of the Disciples of Christ, under the Inter-board Committee for Christian Work in Japan have worked also through the National Christian Council in such fields as Christian Literature, Audio-Visual programs, Home and Family Life guidance, Mass Evangelism campaign organization, Prayer Life Movement and others.

In 1959 Joshi Seigakuin began using a new four-story concrete classroom building, built partly with Capital for Kingdom Building funds, and by the end of 1960 was already launching the erection of an additional classroom structure to be financed over a period of years almost entirely by Japanese contributions.

During 1960 a new residence for missionaries was built in a pioneer territory in Nara Prefecture, and a family placed there, with station wagon and audio-visual equipment. Also one additional family came to join the United Society force in Japen, and are studying in Language-school. The present group numbers sixteen in all.

Okinawa. In spite of the absence on furlough of Miss Itoko Maeda, our missionary representative in Okinawa, our financial support and participation through the Okinawa Interboard Committee continued as usual and worthy fruits of Christian labors in partnership with the Church of Christ of Okinawa. One new church brings the total to twenty congregations, and one additional preaching point is near to being declared a full-fledged church. The total church membership stands at 1,399.

Philippines. United Church of Christ. The most spectacular event of the year 1960 in the United Church of Christ was the seventh meeting of the General Assembly in May at Legaspi. Christian Churches of the United States and Canada were represented by Rev. Lester B. Rickman, Fraternal Delegate, and the Division of World Mission by Rev. Donald F. West, East Asia Executive Secretary, and by most of the Disciple missionaries in the Philippines. Major accomplishments of the Assembly included revision of the constitution, a major decision on the relation of mission board support to the church's support of its own general administrative costs, a significant statement on major social concerns, the election of four new bishops, and adopting a program of security and retirement provisions for the church's ministry. To the Constitution was added this significant section: "The Church identifies itself with the Church Universal and assumes its share of the missionary task regardless of national boundaries." A further

addition provides "that in cases wherein the interpretations, applications, and implementations of the provisions of the constitution and by-laws are in conflict with the provisions of the Basis of Union, the Basis of Union shall prevail." On membership: "No terms of admission into full membership of the Church shall be prescribed other than those laid down in the New Testament."

Problem areas which challenge the United Church are the recruiting and training of an adequate ministry, both of the laity and the clergy; the inculcation of worthy stewardship and handling of church finances, and the improvement and beautification of church buildings; to these the church is giving ardent attention, with the active encouragement of the assisting mission boards. A steadily developing Christian medical program and the establishment of an Interchurch Language School were among the worthy signs of progress during 1960.

Tagalog Churches. Whereas a membership increase from 2,498 to 2,904 was reported this year, and baptisms rose from 132 to 185, a number of losses occurred in the statistical record of the Tagolog Churches during the past year. Bible School and Youth Society membership declined as did giving for missions and the number of students in training for the ministry. On the other hand, over-all giving increased by a small percentage, church property increased in value by almost $20,000.00.

A renewed study of the question of union with the United Church of Christ was instituted through a joint committee of the two church bodies, looking toward a vote on such a merger in January, 1962.

Thailand. The work of The United Christian Missionary Society in Thailand is in a state of transition, evidenced not only in how the mission and missionaries are working but also in where they are located. Some of this change is coming about as we consider our own strategy of mission here. Other changes are coming about because we are working with a more mature church that is increasingly giving us direction as to how they would like to use our missionary personnel and funds in the work of the Church in Thailand.

In the early years of the Thailand mission of The United Christian Missionary Society, we were concentrated in the area about Nakon Pathom. This still continues to be one of the chief areas of our work. The Sam Yek station was developed by missionaries and national workers located in this center, and the new congregation at Sam Yek is taking its place with the other churches of the district as they work and plan together. They constitute the Eleventh District of the Church of Christ in Thailand. The interest and influence of the British Churches of Christ (who started and operated this mission station for fifty years) continues and is evidenced by a yearly contribution to the work. Five years ago all of our missionary families in Thailand were located in Nakon Pathom. Today only *one-third* of them are directly connected with this work.

In an effort to insure trained leadership for the church and evangelistic program, Christian teachers for the schools, and Christian nurses for the hospital and clinic work, the scholarship and training committee accepted several new applicants for training. The district now has six students in seminary and two in pre-seminary training. A corresponding number are in teachers' and nurses' training.

Relaxation of government regulations concerning teaching of Christianity in the schools has opened new opportunities for evangelism. Buddhism is the State religion in Thailand. Other religions have been permitted. The new government policy is more liberal in that all religions are

to be encouraged and have freedom to evangelize. This will apply not only to our schools, but all aspects of our work.

The year 1960 will remain as a significant one for us, because during the year we started building for the Sangkla station. Located over 100 miles in the jungle beyond the end of the "Kwai River Death Railway" and over 150 miles beyond the closest road, this has been a major undertaking. Few if any mission stations in Thailand are located so deep in the jungle. Two mission houses have been built (shared equally with the Northern Baptist Mission), one workers' house, and one storage shed.

In accord with The United Christian Misisonary Society's policy to assign missionaries to the personnel committee of the Church of Christ in Thailand, two families are now working in areas not previously related to the Nakon Pathom work. David Luo has been assigned as District evangelist for the Seventh Chinese District of the C. C. T., and Stanley Sewell has returned from furlough to his work in the seminary. Several new leaders have come into our work from other areas, and our local work is being strengthened through this sharing.

India Mission

Politically India came through the year of 1960 better than most nations of the world. It is true her democratic approach was challenged by agitations for further divisions of the country along the lines of language differences; in the case of Bombay and Assam new states were granted, but the division of the Punjab was rejected.

Madhya Pradesh. All our churches are now giving twenty per cent of their income to the over-all work of a general council of the churches which assumes responsibility for the former evangelistic work and the leadership of the rural communities. Five of our larger churches are now entirely financed from their local sources. The giving of all churches is definitely on the increase. During the year three of our pastors received their B.D. degrees from Serampore College.

We are now partners in three different industrial churches that are being developed as Christian community churches. Attracted by the industrial projects of the second five-year plan, Christians from all over India and from many different Christian communities have crowded together. To give them shepherding, leadership of the highest caliber is needed. We are glad that to date we have furnished the pastors of all three of these churches.

The production of the film "The Awakening Village" has helped to emphasize the rule of the Christian enterprises in the rural life of this part of India and to set forth the problems that we face as one of the minority groups.

In the educational field advances have been made. This year has seen the recognition by government of our two new high schools. The new school at Damoh has had a phenomenal growth due to the enthusiastic and voluntary support of the staff of the Star of Life program. It is to be known as the Mission Memorial High School. The second high school is at Takhatpur in the midst of our largest rural community. On all sides of us there is a clamor for more education. Two of our primary schools have been called upon to expand into middle schools.

Our biggest problem is the financing of our medical institutions. The retirement of Dr. Hope Nichoson as the senior surgeon at Jackman Memorial Hospital in Bilaspur has made a big reduction in the fee receipts. This has been partly compensated by the increased fees from the return of

Dr. Kenneth W. Bonham to the hospital at Pendra Road, and the increased efficiency from the coming of Dr. Barbara DeHaven and Mr. E. Thomas DeHaven, hospital administrator.

The Christian hospital at Mungeli continues to bring in substantial support because of its service to a widening circle of patients. The largest eye-camp of our history took place in Damoh under the sponsorship of the Star of Life program and the leadership of the Mungeli hospital when 1,811 patients were examined and 602 eye operations performed in a four-day session with the loss of the sight of but one eye.

Nepal. The United Mission to Nepal has just received permission to continue its work for another ten years; the hospitals at Kathmandu, Bhatgaon and Tansen, having completed their new buildings, are moving into greater service; the newly baptized Christians at Tansen have been imprisoned because of their faith but every one prays and serves as seeing His star from afar.

Orissa. In the West Utkal field of Orissa the year's work has been characterized by increased efforts in both expansion and consolidation of the churches' program.

Outward growth continues to take place in spite of some opposition in one or two sections of the field. Although the number of baptisms is not as great as in some previous years, out of a total of 310 persons baptized the majority have come from outside the Christian community.

Consolidation is being promoted in two spheres: first, in the sphere of direct leadership; and, second, in the sphere of general services. To strengthen the full-time leadership of the churches several steps have been taken.

In the sphere of general services, health and general education are being promoted. The Diptipur Hospital continues to grow slowly, and the past year has seen the erection of two units of outside wards. General education, apart from the two middle schools at Diptipur and Balangir and the thirty-four village primary schools, is being strengthened by giving more and more young people opportunities for study in high school and college. Scholarship help is being given to six young men in college. Two of these, one in pre-medical study and the other in pre-theological study, are anticipating returning to the area for service in the church.

Latin America Missions

Argentina. Special attention was given to the preparation of a plan of advance for the decade, fixing goals regarding membership, self-support and new preaching places. The congregations themselves considered in detail a guide of self-study which permitted them to take account of what had been done and what were the future opportunities. Frederico Huegel, retired Mexico missionary, was invited to be present for four months, working among the congregations and deepening the devotional life in order to initiate in the best possible way the plans of advance for the decade.

The annual convention of the churches had, as its theme, "The Mission of the Church." The committees worked with interest and elaborated the plans for the Decade of Decision.

Among the tasks of the year the plan of buildings has occupied much time and attention. Extensive remodeling was done at the Colegiales and Belgrano Church. Additional land was purchased for the Florida congregation and a part of the present building torn down to build a fellowship hall and parsonage. In Barranqueras, a parsonage was built to be occupied by the Dean Rogers, transferred from the Paraguay staff.

After a survey and study, it was decided to accept a generous offer of the Navaja Centeno family, of land in Virasoro to begin new work. The Allin Sharps will be assigned to this.

Haiti. In addition to serving in the Albert Schweitzer Memorial Hospital, Chaplain and Mrs. Lloyd Shirer gave oversight to community development with projects in sewing, child care, construction of homes, animal husbandry, ceramics, carpentry, music, literacy and assistance in installing a village water system.

Jamaica. The year was a period of steady and concentrated emphasis upon Lay-training in Visitation Evangelism, Christian Stewardship, concerns of the C.M.F., C.W.F., C.Y.F. and Bible Schools. A retreat on Evangelism led by Leonard Boynton, Tampa, Florida, initiated a new spirit of outreach.

Mrs. Pearl Hibbert was ordained and became Director of Women's Work. Men's Work, under the leadership of a layman, W. R. Clarke, and as a result of the visit from Jack A. Sutton, Jr., has evolved into a forward moving group. The Christian Education Committee enrolled more than 3,000 children in Vacation Bible Schools.

Stotrell Lowe and Bevis Byfield, graduated from the Union Seminary, were ordained and each assigned to four rural churches.

Six new church sites were purchased and a programme of church growth and extension was being set in motion for the "Decade of Decision."

The staff was augmented by Mr. and Mrs. R. S. Bennett. E. A. Edwards retired from the ministry after 50 years of service.

N. M. Townsend, Mr. and Mrs. C. A. Robertson and Miss G. M. Harrison attended the World Convention.

Cooperation continues through the training of our two Disciples in the Union Theological Seminary and through the Jamaica Christian Council in its programme of Family Life, Radio Broadcast, Christian Education and Evangelism outreach.

Oberlin High School, with a loan from the Board of Church Extension and grants from the Jamaica Government, was able to build new classrooms and a dining hall and so care for a larger number of pupils.

Mexico. 1960 saw the birth of a concerted program of evangelism. Known as the "Revolutionary Plan of Evangelism" (P.R.E.) it was officially inaugurated on Pentecost Sunday and will demand major attention for three years. The project is planned in four stages: Organization, Preparation, Execution and Conservation, its genius being its dependence on the laymen of the local church. The Plan was presented in 24 places, to 1,250 laymen, 37% of whom committed themselves to whole-hearted participation. Two mobile units have been provided so contact can be made with many villages.

Christian literature for the local church received new impetus with the translation and publication by the Literature Committee, of five of Samuel Pugh's pamphlets on our Disciple tenets, in addition to "A Short History of the Disciples of Christ" and "When You Are a Hospital Patient."

Construction was begun on the new site for Hope Hospital with a significant Ground-breaking ceremony on December 9, 1960. Completion is expected by January, 1962.

A new Disciple congregation was organized in Mexico City on July 17 with 35 charter members. These are Disciples from other parts of the

country, now living in the Capitol. A building fund was launched, meanwhile the congregation meets in the chapel of Union Seminary.

Mrs. Maria de Jesus Valero, retired after 54 years of teaching, 40 of which were spent as principal of Colegio Ingles in San Luis Potosi.

Representatives of Disciple Churches were in attendance at the World Convention, the International Convention, the III Congress of Evangelical Churches in Mexico, The Annual Assembly of United Church Women and the National Convention of Evangelical Churches in Mexico.

Dimple Heather returned after a two-year leave of absence.

Paraguay. Colegio Internacional celebrated its fortieth anniversary with a week's festivities at which time all former directors were present—C. Manly Morton, A. E. Elliott, Fred Hughes and Robert B. Lemmon. The school held its first student art exhibit and a camp for boys of fourth, fifth and sixth grades was sponsored. Both events found favorable response.

Mr. and Mrs. William Allen joined the staff and became pastors of the Peru Street Church which continued its program of services in both Spanish and English.

Friendship Mission made its facilities available to a united evangelistic effort, attended by approximately 12,500. The Conference Grounds (35 miles from Asuncion) were used not only by Disciples but Mennonites, Hutterites and Free Methodists.

The movement of peoples toward Brazil following the new Pan American highway offered opportunity for preaching in a dozen new towns. Coronel Oviedo with church and social center continued to be the center for this expanding work.

Puerto Rico. The Puerto Rican population growth and economic development continued unabated and resulted in many new housing developments where both Catholic and Protestant churches found themselves hard pressed to provide a mere semblance of a religious program. With deep satisfaction the Christian Churches in Puerto Rico welcomed the Decade of Decision Program for through it church growth will come.

There were 537 baptisms, 120 more than in 1959.

Offerings rose from $236,353 in 1959 to $252,636. Per capita giving increased from $30.46 to $33.51.

The churches continued to improve their physical facilities.

Comerio Street Church purchased additional lots for the construction of a ten-room, two-story educational plant. The Puerto Nuevo Church finished its building. Sabana Seca embarked on a $44,000 building project. New parsonages at Mana, University Gardens, Villa Rica, Corozal and Buena Vista were constructed or purchased.

Preaching points became semi-organized churches. Las Lomas purchased property. Rio Plantation bought a one-acre lot and constructed a small sanctuary. Lomas Verdes, Santa Rosa and Magnolia Gardens became strong preaching points that will soon be organized churches. These will be the first of the 20 new churches planned for development during the Decade. Villa Rica was started as a preaching point.

Domingo Rodriguez was installed as the first full-time Executive Secretary of the Administrative Board.

Juan C. Rodriguez, Angel Vasquez and Ezekiel Sanchez graduated from the Union Seminary, were ordained and continued as permanent ministers in their student pastorates. Seven Disciples were enrolled in the Union Seminary and five pretheological ministerial candidates at the University of Puerto Rico.

There is an active participation in ecumenical work. Domingo

Rodriguez and Michael Saenz continued as President and Administrator, respectively, of the Puerto Rico Evangelico Publishing Company. Miguel Angel Morales served as the first full-time Executive Secretary of the Puerto Rico Council of Churches.

Missionary Selection and Training

Responsibilities: The department of missionary selection and training is responsible for recruiting and selecting qualified missionary personnel and the education and training of that personnel. It is also responsible for the education of nationals from mission countries who study in the United States under the auspices of The United Christian Missionary Society. In addition to the above the department administers the program of the College of Missions with the executive secretary serving as Dean.

Recruitment: Recruitment at the graduate and postgraduate levels was accented by the department during the past year and several university and seminary campuses were visited by representatives of the department. The department of missionary selection and training has utilized the services of missionaries on furlough as well as members of the division of world mission staff for such recruitment purposes.

Two missionary vocation consultations were held in 1960. Such consultations enabled the department of missionary selection and training to reach more recruits in an advanced level of preparation than has been possible under the usual recruitment procedures. Fifty-three persons attended the two consultations held at Camp Carter, Ft. Worth, Texas, December 2-3, 1960, and at the Shattuck Hotel, Berkeley, California, December 9-10, 1960.

Selection: Selection is the process by which interested recruits become Missionary Volunteers and Missionary Volunteers become Missionary Candidates. Approximately 300 persons corresponded with the Department, indicating an interest in service abroad. These were helped to know the needs abroad and the qualifications for missionary service.

Any time during the junior year in college a Missionary Volunteer may apply for Missionary Candidacy. At this time, if all the blanks are completed and in order, the Volunteer is asked to take the Health Survey, consisting of a physical examination, a battery of psychological tests and an interview with a psychiatrist. This Health Survey helps to determine whether the total health of the individual is satisfactory for service abroad and to help discover weaknesses which can be corrected and strengthened to enable each individual to become a more effective Christian. When the results of the Health Survey are reviewed by the department and the division of world mission, upon their recommendation the Volunteer is interviewed by the board of trustees. Upon approval by the board of trustees the Missionary Volunteer becomes a Missionary Candidate. Missionary Candidates continue to prepare for missionary service until they have completed at least the minimum educational requirements of the Society. They are then appointed for service.

Education and Training: The minimum preparation for service overseas includes a college background, one year of seminary, one or two years of vocational training, experience-centered work, one Summer Session of the College of Missions and one year of orientation studies. This is followed by adequate language training in the United States and/or abroad. Missionary Candidates spend their first term on the mission field under appointment while learning all they can of the role of the missionary. This first term is followed by a year of academic studies during the first fur-

lough. At the end of this furlough, now prepared for a career as a missionary, upon approval of the division of world mission and the board of trustees, the appointee is commissioned as a career missionary for a life of service wherever needed.

A large number of Missionary Volunteers and Candidates engaged in internships during the summer of 1960 under the auspices and guidance of the department. Four worked with our missionary staff in Central Mexico, one at Flanner House in Indianapolis, two at All Peoples Church and Community Center, four at the Yakima Indian Christian Mission, three at Hazel Green Academy and several in migrant work and other helpful experiences.

College of Missions: The College of Missions was reactivated in 1955 to provide a much needed summer session for missionary candidates two years prior to their departure for the field. The College of Missions offers graduate studies in the administration of missions abroad. It also provides the services of a peripatetic professor who is assigned to the various seminaries and colleges as a professor of missions.

Scholarships to Nationals: The department administers the scholarship funds and program of the division of world mission. During the past year the following nationals studied under its guidance and support: Miss Shirley Webster—Union of South Africa, Mr. Richmond Nelson—Jamaica, Mr. Gilbert Hwang—Hong Kong, Mr. Teruo Ishizawa—Japan.

Statistics: As of June 30, 1961, there are 76 Missionary Candidates in the active files of the department. In March, June, and July 1961, 21 students became Missionary Candidates, and 23 Missionary Candidates were appointed for missionary service abroad. It is estimated that we will need a minimum of 40 new Missionary Candidates per year during the decade of decision.

World Call

Samuel F. Pugh, Editor
222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

World Call was established in 1919 as an "International Magazine of Disciples of Christ." It was formed by the merging of five magazines directly related to various national boards and subsidized by them.

Seven years of preparation made possible the uniting of these five magazines and also gave a voice to four other national organizations without a regular publication. This venture in cooperation occurred a year before the forming of The United Christian Missionary Society. The organizing agency was the Men and Millions Movement.

The first editorial sentence in the first number of *World Call,* January, 1919, was:

"This magazine is meant to be a channel through which the call of the world's supreme needs and the challenge of Christ's supreme leadership may reach the people of God." In further defining its purpose it went on to say: "The world that is the church's field is not merely the geographical world. We must Christianize the whole range and content of every nation's life, especially our own. . . . *This magazine we believe to be here by God's appointment with the simple duty of making known in word and photograph the reality, scope and urgency of the world call and the progress of Christian forces in answering the call.*"

World Call is managed by the World Call Publication Committee on which there are six representatives from the various phases of work of The United Christian Missionary Society, and one each from the Council on Christian Unity, the Board of Church Extension, the Board of Higher Education, the National Benevolent Association, The Pension Fund, and the Disciples of Christ Historical Society.

Other national agencies may be admitted to membership by vote of the Publication Committee. The agencies agree to share in any deficit on a basis to be determined mutually. It has never been necessary to apply this provision.

The Editor and Chief of Staff is elected by the Publication Committee. He is in charge of editorial and circulation policies and reports to the Committee.

World Call carries no local church news. Its concern is with the total world outreach of the church in the broad sense of the term. While it deals chiefly with the work of Disciples, much space is given to the larger aspects of the Christian world. While practically all Disciple ministers subscribe to *World Call,* its typical reader is the interested and active member and lay leader of the local church.

ANNUAL REPORT July 1, 1960, to June 30, 1961

Representation: The Pension Fund of the Christian Churches (Disciples of Christ), by unanimous action of all boards publishing WORLD CALL, has become the seventh national agency to hold membership in the World Call Publication Committee. The other cooperating boards are The United Christian Missionary Society, the Board of Church Extension, the National Benevolent Association, the Board of Higher Education, the Council on Christian Unity, and the Disciples of Christ Historical Society.

Staff: This is the 27th annual report to the International Convention of Christian Churches (Disciples of Christ) made by George Walker Buckner, who has been Editor and Chief of Staff since March 15, 1935. At the beginning of the next fiscal year on July 1, 1961, this position will be assumed by Samuel F. Pugh, who became an Associate Editor on January 1, 1961. Mr. Pugh gave the first three months of this period to an orientation trip in preparation for his new assignment which took him through much of Europe, the Middle East, India, Thailand, Hong Kong, the Philippines, Okinawa and Japan.

Award to World Call: WORLD CALL has for many years been a member of the Associated Church Press, made up of all the principal Protestant journals of the United States and Canada. At this year's annual meeting of the ACP, WORLD CALL received one of eight top awards granted "for notable achievement in Christian journalism, effective layout and excellence of content in keeping with the stated purposes of the publication." The awards were based on criticism of staff members of the University of Missouri School of Journalism.

Circulation: WORLD CALL's net paid circulation in the past year averaged 79,260 per month. This compares with the 1959-60 all-time high circulation of 84,169 and with the 31,432 average in 1934-35, the first year of the present editorship. WORLD CALL goes regularly into more than 3,600 churches. More than 3,800 persons serve in a voluntary capacity as state, district and local World Call Secretaries.

Finance: Receipts from subscriptions and advertising for the year ending June 30, 1961, amount to $165,168.47, a gain of $8,643.83 over the year before. The cash balance on June 30 was $9,678.68 compared with $6,130.41 on June 30, 1960. (Receipts and disbursements of WORLD CALL are made through the treasury of The United Christian Missionary Society.

Reference to these appears in the United Society's audited report on page 240 of this Year Book.

At the end of 1959, rising costs of production made necessary an increase in WORLD CALL subscription rates. As in other periods when such adjustments have become necessary, this increase resulted in a loss of circulation. This adjustment has, however, enabled WORLD CALL to operate again on a sound economic basis and to come to the close of its 22nd consecutive year with a cash balance. Thus WORLD CALL continues publication without subsidy from its sponsoring boards.

Every Home Plan: On June 30, C. O. Hawley brought to a close four years of competent leadership on a part-time basis as Director of the World Call Every Home Plan. By this plan churches send WORLD CALL into homes of all contributing members. At the end of June the Every Home Plan was operating in 130 churches. Other churches have taken definite action to inaugurate the plan in the near future.

Ten Per Cent Legion: World Call's Ten Per Cent Legion gives annual recognition to all churches which send in subscriptions (with a minimum of ten) equal to at least 10 per cent of their resident membership as reported in the Year Book. In 1960-61 there were 714 churches which qualified for the Ten Per Cent Legion. (See September WORLD CALL.) In 99 of these churches (other than Every Home Plan churches), subscriptions totaled 20 per cent or more.

DIRECTORY OF CAMPUS MINISTERS AND CAMPUS MINISTRY CONTACTS

This list is published for the convenience of our Home Church Secretaries for Students. These persons, working with the Membership Functional Departments, should send the names of students going to college to the proper persons listed as ministering in some way to Disciples of Christ. Home Church Secretaries for Students and pastors are encouraged to correspond or visit each center to acquaint the campus personnel with the student. Additional follow-up is possible during vacation periods, etc. For additional resource for the Home Church Secretary for Students, write the Joint Commission on Campus Christian Life, your State Committee of Campus Christian Life.

The list below does not include every possible contact on each campus. If we have not listed some campus where there is a religious program for Christian Church members, we would welcome such information for future listings. If you should find no listing for a campus simply check the city and state listing of churches for the closest Christian Church. We are sure that the pastor would welcome information from you.

The letters in parentheses designate the position of the person listed. (CM) Person serving full-time as campus minister. (I-D) Interdenominational Center Personnel. (CPLN) College Chaplain. (ME) Minister of Christian Education, Director of Christian Education, or Associate Minister. (LA) Person employed part-time to lead student activities. (M) Minister of local church. (FAC) Administrative and faculty personnel. *Indicates appropriation is sent from Joint Commission on Campus Christian Life, #Indicates support through the State Unified Promotion Budget.

DISCIPLES AND THE NATIONAL COUNCIL

The National Council of Churches of Christ in the USA has a membership of 33 denominations and communions with a total constituency of 38 million. Membership by the Christian Churches (Disciples of Christ) is through the International Convention of Christian Churches (Disciples of Christ). Members to the Assembly and General Board are elected by the International Convention. We have an allocation of 32 members to the Assembly and 8 members to the General Board. Representation is maintained through agencies reporting to the International Convention on the various divisions as follows: Division of World Mission; Division of Home Missions; Division of Christian Education; Division of Christian Life and Work. Financial support of the National Council is through direct contributions from local congregations and appropriations from cognate bodies to the various divisional programs.

DISCIPLES OF CHRIST REPRESENTATIVES SERVING THE WORLD COUNCIL OF CHURCHES

156 Fifth Avenue
New York 10, New York
Watkins 4-8551

HISTORY AND PURPOSE

WHAT IS THE WORLD COUNCIL OF CHURCHES?

The World Council of Churches, whose central office is located in Geneva, Switzerland, is now represented in 52 countries and is the organizational expression of the spiritual unity of 175 Christian communions. It was officially founded in 1948 at Amsterdam.

Its fellowship includes Protestant, Anglican and Orthodox churches. Christ prayed four times for one thing; that all who believed in Him, might be ONE. The World Council was founded in obedience to that command. It is not a "superchurch" and has no jurisdiction over the church bodies associated with it. This unity recognizes differences but provides a fellowship with which diversity and unity can be recognized.

The World Council provides a means by which assistance can be given to victims of war, catastrophe or world disturbance. It also provides an institute for the training of new Christian leaders. Its departments include youth, women and laymen. Its Assemblies are held every six years.

DISCIPLES AND THE WORLD COUNCIL

Membership in the World Council of Churches by the Christian Churches (Disciples of Christ) is through the International Convention of Christian Churches (Disciples of Christ). The Convention voted to become a member of the World Council at the Denver Assembly in 1938 while the Council was still in process of formation. We were the first American Church to vote membership after the provisional charter had been opened. Representation to the official organization of the World Council is through members elected by the International Convention. We have representatives at the Assemblies, on the Central Committee, and on various other functional committees. Our financial support is by direct contributions from local congregations upon the basis of a suggested quota.

MINISTERS' DIRECTORY

Although this Ministers' Directory is the most complete and accurate list of ministers among the Christian Churches (Disciples of Christ), it is not published as an official list. It consists of names and addresses compiled by the Year Book office with the assistance of state, area and provincial organizations of the Christian Churches (Disciples of Christ).

Resolution No. 31 of the 1958 assembly of the International Convention of Christian Churches (Disciples of Christ), which makes the convention responsible for publishing the Year Book, says this directory "increasingly lends standing and credibility about the individual ministers in the brotherhood." The resolution stresses that the Year Book's "open and inviting" policy, which enables ministers to establish and maintain a link of common fellowship, should be matched by "a sense of responsibility" on the part of the ministers listed.

Every effort has been made to compile an accurate list. Names of persons for whom addresses were not available have been omitted.

An enlarged set of symbols has been used in classifying ministers by fields of service for the 1961 edition. More categories of ministerial service have been included to make the directory still more useful. In most cases, classifications were designated by state, area or provincial offices of the Disciples.

Corrections were made in this directory through December 1, 1961, but it is assumed information about some ministerial changes was not available at that deadline.

Note: The Committee on Military and Veterans Services will forward only first-class mail addressed to chaplains at the addresses given below.

Statistical Reports

Primarily for the Fiscal Year, July 1, 1960—June 30, 1961

Congregations listed in these statistical reports are, according to the best information available to the International Convention of Christian Churches (Disciples of Christ), affiliated with the brotherhood of Christian Churches (Disciples of Christ). All of the congregations listed for the first time in this edition, designated by the "NC" or "FL" symbols, have requested to be included in the Year Book.

Ministers are listed with the congregations they were serving when the Year Book went to press. They were not necessarily serving these congregations during the fiscal year covered by most of the statistical reports, July 1, 1960—June 30, 1961.

Information was gathered from congregations, which annually are asked to sumbit reports for Year Book purposes, and various church agencies and institutions to which Christian Churches make contributions.

Congregations are listed without regard to the racial composition of their memberships.

EXPLANATION OF OFFERINGS COLUMNS:

Unified Promotion.—Offerings credited to *Church Budget, Church School, Christian Women's Fellowship* and *Youth Groups* apply on the operational budgets of all the causes supported through Unified Promotion.

Unified Promotion, Capital and Designated Offerings.—These are monies not subject to the percentage distribution for operational budgets of the agencies cooperating in Unified Promotion. Included are capital for new churches, camps, office buildings, dormitories and other similar projects in capital programs for the Decade of Decision, the 1960's. Designated funds are not subject to division.

Support to Ecumenical Councils.—Totals of contributions from Christian Churches reported by local, state, national and world councils of churches are reported in this column. Congregation-by-congregation lists of gifts to the National Council of the Churches of Christ in the U.S.A. and the World Council of Churches, respectively, are given on pages 331 and 339. Contributions to local and state councils of churches are listed at the end of the statistical table for each state.

Total Dollars for Brotherhood-Related Causes.—Contributions to all world outreach causes of the Christian Churches, including the ecumenical councils, are totaled in this column. This total includes the preceding eight columns plus support of city organizations of the Disciples, which is reported at the end of the statistical table for each state.

Ratio, Brotherhood-Related Causes.—This figure is the ratio of a congregation's contributions to brotherhood-related world outreach causes to the total of its giving for all purposes, local and outreach. It does not represent comparison or percentage but ratio. This figure is most easily understood when it is preceded by the words, "1 out of."

Miscellaneous.—Contributions to local charities and miscellaneous causes for which credit is not given in the preceding columns.

Total Outreach.—Two columns, "Total Dollars for Brotherhood-Related Causes" and "Miscellaneous," are totaled here.

Per Capita.—A congregation's contributions per member for outreach causes and for all purposes are shown in the last two columns. They are obtained by dividing the congregation's resident membership into the amount reported in the "Total Outreach" column and into the sum of the "Amount Contributed for Local Expenses" and "Total Outreach" columns.

Within the eye of God
stands man — small
and complex — searching
for truth and wisdom.
He confronts the world
and it touches him
with fire and sword —
with hope and love.
It is his challenge to reach
beyond his fingertips —
to look further
than eyes can see.
An education can be
his key — to wisdom,
productive living,
tomorrow's door.

OUR PRODUCT

EDUCATION

for

DEDICATED

SERVICE

At Every Commencement, the Seminary releases to the churches and society at large the product of its programs: men and women educated for their chosen ministries.

On June 12, 1961, we conferred degrees upon 71 seminarians. In addition, Master of Arts and Master of Science degrees for majors in religion were conferred on 21 students through Butler University.

"By Many Hands the Work of God Is Done"

—Richard LeGallienne

Editor's hands . . . artist's hands . . . typesetter's hands . . . pressman's hands . . . bookseller's hands . . .

Approximately four hundred pairs of hands at your brotherhood publishing house are dedicated to serving you. These are the hands that write, edit, design, print, and make available to you the very finest in religious supplies for all your needs—religious and general books, church and church school supplies, audio-visuals, communion ware, religious pictures, maps, children's books, and a multitude of other items.

When you buy from the Christian Board of Publication, you are assured of having supplies tailor-made for and by your brotherhood. Remember, too, that all materials offered to you are of the highest quality possible at the lowest price possible.

HOLDING DOWN

THE COST OF CHURCH FINANCING

A task of major importance in this day of soaring costs. But, the Board of Church Extension is doing just that with the help of hundreds of Christian churches and individuals who share in its trust program.

A prime service of Church Extension has always been that of making low-cost loans to Christian churches for the financing of needed facilities.

Today over $12,500,000 in trust deposits makes up a principle portion of the fund from which these loans are made.
